Title I, Part D Data Collection Requirements

Item	Basic Definition				
Program Info	Program Information- Identify all program categories that receive Title I, Part D funds and serve neglected or delinquent youth.				
Program category	Adult correctional institutions	a facility in which persons, including persons 21 and under, are confined as a result of conviction for a criminal offense			
	Community day programs	a regular program of instruction at a community day school operated specifically for delinquent children and youth			
	Juvenile detention centers	a shorter-term institution that provides care to children who require secure custody pending court adjudication, court disposition, or execution of a court order, or care to children after commitment			
	Shelters	a short-term facility that provides temporary care similar to that of a detention center but in a physically unrestricting environment			
	Group homes	a long-term facility in which residents are allowed extensive contact with the community, such as attending school or holding a job; includes halfway houses			
	Ranch/ wilderness camps	a long-term residential facility for persons whose behavior does not necessitate the strict confinement of a long-term secure facility, often allowing them greater contact with the community; includes ranches, forestry camps, wilderness or marine programs, or farms			
	Residential treatment centers	a facility that focuses on providing some type of individually planned treatment program for youth (e.g., substance abuse, sex offender, mental health, etc.) in conjunction with residential care			
	Long-term secure juvenile facilities	a public or private residential facility that provides confinement of its residents, for the care of children who have been adjudicated to be delinquent or in need of supervision			
	Other programs	other programs, not defined above, which receive Title I, Part D funds and serve neglected or delinquent children and youth			

Number of programs or facilities	The total number of individual facilities or programs per category that received Title I, Part D services during the	e reportin	
per category (see Program nformation on page 1)	year		
Average length of stay (in days)	The average number of days per student enrollment for each facility or program <i>during the reporting year</i> (cannot excee 365); multiple visits can be included		
Length of time (<i>within the reporting year</i>) each child entering the facility stays	ild through the facility in the		
Average number of days served	The average number of days that each student is in attendance and receiving services supported by Title I, Part reporting year	D in the	
low does Average # of days serve	ed differ from Average length of stay?		
he average # of days served w	vill be less than the average length of stay because Title I, Part D services are not offered every day. For exan	nple, it is	
	vill be less than the average length of stay because Title I, Part D services are not offered every day. For exan on the weekends and holidays. Also, the average # of days served will be less than the average length of stay v	•

Student Information				
Unduplicated count of	Number of unique students who benefitted from Title I, Part D funding. Count students only once, even if			
students	they were admitted to the same facility or program multiple times			
Number of long-term students	Number of students who were enrolled in a program for 90 or more consecutive calendar days			
Male	Number of male students			
Female	Number of female students			
Age	Number of students by individual age (3 to 21 years)			
Students with disabilities	Number of students with disabilities, as defined by the Individuals with Disabilities Education Act (IDEA)			
English learner (EL) students	Number of English learner students			

Ethnicity/ Race				
Hispanic or Latino	Number of students who are Hispanic/ Latino of any race			
American Indian or Alaska Native	Number of American Indian or Alaska Native students			
Asian	Number of Asian students			
Black or African American	Number of Black or African American students			
Native Hawaiian or other Pacific Islander	Number of Native Hawaiian or other Pacific Islander students			
White	Number of White students			
Two or more races	Number of students who are more than one race			

# of students who earned high school course credits (in facility)	The number of students who earned transferable high school course credits while enrolled in the facility or program.
<pre># of students who enrolled in a GED program (in facility)</pre>	The number of students who, while in the facility or program, enrolled in a program or course designed to help students earn a GED; the GED program may be run by an external organization or agency
# of students who earned a GED (in facility)	The number of students who earned a GED while enrolled in the facility or program
# of students who obtained a high school diploma (in facility)	The number of students who earned a high school diploma while enrolled in the facility or program
# of students who were accepted or enrolled in postsecondary education (in facility)	The number of students who were accepted into and/or enrolled in postsecondary programs while enrolled in the facility or program
# of students who enrolled in job training courses/programs (in facility)	The number of students who were enrolled in vocational/job training programs or courses while enrolled in the facility or program
<pre># of students who obtained employment (in facility)</pre>	The number of students who received job offers while in the facility or program
Page 3 of 4	

Transition Services / Academic & Vocational Outcomes-UP TO 90 DAYS AFTER EXIT				
# of students who enrolled in their local district schools (after facility exit, up to 90	The number of students who returned to or enrolled in their local district schools (external to the juvenile justice system) within 90 days after exit from the facility or program			
days) # of students who earned high school course credits (after facility exit, up to 90 days)	The number of students who earned transferable high school course credits any time between exit and 90 days after exit from the facility or program			
# of students who enrolled in a GED program (after facility exit, up to 90 days)	The number of students who enrolled in a program or course designed to help students earn a GED, any time between exit and 90 days after exit from the facility or program			
# of students who earned a GED (after facility exit, up to 90 days)	The number of students who earned a GED any time between exit and 90 days after exit from the facility or program			
# of students who obtained a high school diploma (after facility exit, up to 90 days)	The number of students who earned a high school diploma any time between exit and 90 days after exit from the facility or program			
# of students who were accepted or enrolled in postsecondary education (after facility exit, up to 90 days)	The number of students who were accepted into and/or enrolled in postsecondary programs any time between exit and 90 days after exit from the facility or program			
 # of students who enrolled in job training courses/programs (after facility exit, up to 90 days) 	The number of students who were enrolled in vocational/job training programs or courses any time between exit and 90 days after exit from the facility or program			
# of students who obtained employment (after facility exit, up to 90 days)	The number of students who received job offers any time between exit and 90 days after exit from the facility or program			

Results on Assessment: Reading & Mathematics					
 # of long-term students who showed negative grade-level change from the initial to follow up assessment 	The number of long-term students who scored lower on their follow up assessment than on their initial assessment				
# of long-term students who showed no change in grade level from the initial to follow up assessment	The number of long-term students whose scores did not change from their initial assessment to their follow up assessment				
# of long-term students who showed improvement up to one full grade level from the initial to follow up assessment	The number of long-term students who scored up to one full grade level higher on their follow up assessment than on their initial assessment				
# of students who showed improvement of more than one full grade level from the initial to follow up assessment	The number of long-term students who scored more than one full grade level higher on their follow up assessment than on their initial assessment
