## MEMORANDUM

TO: 21<sup>st</sup> Century Community Learning Center Directors  
21<sup>st</sup> Century Community Learning Center Site Coordinators and Staff

FROM: Marguerite Peebles, Section Chief  
21<sup>st</sup> Century Community Learning Center State Liaison  
School Safety and Climate Section

SUBJECT: 21<sup>st</sup> Century Community Learning Center Winter Institute:  
"Weaving Math, Science and Literacy Skills with Academic Enrichment"

DATE: December 3, 2006

As you approach the end of the first semester, we would like to thank each of you for your hard work and dedication in establishing quality afterschool programming. The children of North Carolina will certainly benefit from the safe, orderly and nurturing after-school learning environments created by committed individuals such as you. We look forward to hearing about the fantastic and innovative things that are happening in your 21<sup>st</sup> CCLC programs this year.

We are excited about the upcoming **21<sup>st</sup> CCLC Winter Institute: "Weaving Math, Science and Literacy Skills with Academic Enrichment"** to be held in two different regions of the state for your traveling convenience. Please see the registration form for dates and locations. We are continuing to utilize the information you provided on the Needs Assessment conducted during our 2006 Summer Institute to organize the instructional day. The Winter Institute will provide outstanding workshops designed to weave math and literacy skills with science, health and other enrichment activities. These sessions will be beneficial for all of the afterschool staff, especially the teachers working directly with the students. **Renewal credits will be available for all staff members who participate in the entire day's activities.**

Please find attached the agenda and registration form. Make as many copies of the form as you need. Please submit a registration form for each person attending. The registration form is used to determine the amount of food and materials needed for each location.

Again, we look forward to seeing you and hope that you are having a productive academic year. If you have any questions, you are welcome to contact Jennifer Freeman, Lucy Eaton or me at 919-807-3943.
