

READ NC

HELP EVERY CHILD FIND GREAT BOOKS TO READ THIS SUMMER

“Find a Book” is a fun and easy way to select books based on a child’s Lexile® measure and interests. You can use this free search tool to build custom book lists for readers at all levels, and then locate your selections at the local public library.

1. **GO TO** www.lexile.com/findabook
2. **ENTER** the child’s Lexile measure
(A Lexile measure is included on the end-of-grade reading and English I end-of-course test score reports.)
3. Have the child **SELECT** interest categories
4. **VIEW AND REFINE** the search results
(As you browse books that the child finds interesting, click the “Find in a Library” button next to the book title to check its availability at the local public library.)
5. **PRINT** the child’s custom reading list

A Lexile measure is a measure of text complexity only. It does not address the subject matter or text quality of the book, age-appropriateness of its content or the reader’s interests. The Lexile measure is one piece of information you can use when selecting books. For more information on Lexile measures, visit www.Lexile.com.
