**CALL TO ORDER AND MEETING AGENDA REVIEW**

The meeting was called to order at 10:00 am by Chairman John Betterton.

**APPROVAL OF MINUTES**

Dr. Timothy Markley made a motion that the April 8, 2013 minutes be approved. It was seconded by Ms. Jennie Adams. Mr. Joe Maimone stated that there needed to be revisions made to page 4 of the minutes. The statement should be changed from “any board member” instead of “all board members”. He also added that the next paragraph should state “He went on to say” instead of “He went out to stay.” The motion passed. Mr. Alan Hawkes abstained from the vote.

Mr. Maimone made motion that the April 9, 2013 minutes be approved. Dr. Markley seconded. There was no discussion and the motion passed. Mr. Hawkes abstained.

**CHARTER APPLICATION APPEALS SUBCOMMITTEE REPORT**
Mr. Betterton read the Conflict of Interest Policy. He asked Ms. Kwan Graham to give a report from the Appeals Subcommittee. Mr. Hawkes asked who the members of the subcommittee were. Ms. Graham responded Mr. Aaron Means, Ms. Adams, Dr. Robert Landry and herself. She noted that Mr. Paul Norcross was assigned to the subcommittee but was not able to attend. She explained that each applicant submitted an appeals letter and the subcommittee read and reviewed each letter. Mrs. Graham read from a chart that Dr. Thomas Miller provided during the April 8th council meeting which outlined the reasons that the applications were deemed incomplete. She noted that many of the subcommittee votes were unanimous.

- Mr. Betterton stated that the application directions were clear and the problem could be that the application is lengthy. He further added that he would hate to lose some applications because of technicalities, but the Council has to follow the guidelines they set in place.
- Mr. Maimone agreed with the recommendations of the subcommittee. He noted that a fast track process should be created so that any of the 70 applications who were denied for technical errors could resubmit their applications by June 30. He added that the application was new and there were two ways to submit.
- Mr. Dillon added that the Council was getting in the mindset that if an application was submitted that it should receive a charter and that was not the purpose because the Council should be weeding through these applications. The parameters should not change so that applications would be looked at over and over again.
- Mr. Hawkes stated that some of the applications were not approved for trivial reasons. He added that if applications had omissions he/she should have been contacted and given the chance to add missing components.
- Mr. Betterton reminded the Council that any changes made to the SBE approved application timeline had to be approved by the SBE. Ms. Laura Crumpler agreed with his statement.
