

CONSOLIDATED STATE PERFORMANCE REPORT: Parts I and II

**for
STATE FORMULA GRANT PROGRAMS
under the
ELEMENTARY AND SECONDARY EDUCATION ACT
As amended by the
No Child Left Behind Act of 2001**

For reporting on
School Year 2006-07

NORTH CAROLINA

**PART I DUE FRIDAY, DECEMBER 28, 2007
PART II DUE FRIDAY, FEBRUARY 22, 2008**

**U.S. DEPARTMENT OF EDUCATION
WASHINGTON, DC 20202**

INTRODUCTION

Sections 9302 and 9303 of the *Elementary and Secondary Education Act (ESEA)*, as amended by the *No Child Left Behind Act* of 2001 (*NCLB*) provide to States the option of applying for and reporting on multiple *ESEA* programs through a single consolidated application and report. Although a central, practical purpose of the Consolidated State Application and Report is to reduce "red tape" and burden on States, the Consolidated State Application and Report are also intended to have the important purpose of encouraging the integration of State, local, and *ESEA* programs in comprehensive planning and service delivery and enhancing the likelihood that the State will coordinate planning and service delivery across multiple State and local programs. The combined goal of all educational agencies—State, local, and Federal—is a more coherent, well-integrated educational plan that will result in improved teaching and learning.

The Consolidated State Application and Report includes the following *ESEA* programs:

- Title I, Part A – *Improving Basic Programs Operated by Local Educational Agencies*
- Title I, Part B, Subpart 3 – *William F. Goodling Even Start Family Literacy Programs*
- Title I, Part C – *Education of Migratory Children*
- Title I, Part D – *Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk*
- Title I, Part F – *Comprehensive School Reform*
- Title II, Part A – *Improving Teacher Quality State Grants (Teacher and Principal Training and Recruiting Fund)*
- Title II, Part D – *Enhancing Education through Technology*
- Title III, Part A – *English Language Acquisition, Language Enhancement, and Academic Achievement Act*
- Title IV, Part A, Subpart 1 – *Safe and Drug-Free Schools and Communities State Grants*
- Title IV, Part A, Subpart 2 – *Safe and Drug-Free Schools and Communities National Activities (Community Service Grant Program)*
- Title IV, Part B – *21st Century Community Learning Centers.*
- Title V, Part A – *Innovative Programs*
- Title VI, Section 6111 – *Grants for State Assessments and Related Activities*
- Title VI, Part B – *Rural Education Achievement Program*
- Title X, Part C – *Education for Homeless Children and Youths*

The *NCLB* Consolidated State Performance Report (CSPR) for school year (SY) 2006-07 consists of two information collections.

PART I

Part I of the CSPR requests information related to the five *ESEA* Goals, established in the June 2002 Consolidated State Application, and information required for the Annual State Report to the Secretary, as described in Section 1111(h)(4) of the *ESEA*. The five *ESEA* Goals established in the June 2002 Consolidated State Application are:

- **Performance Goal 1:** By SY 2013-14, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- **Performance Goal 2:** All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- **Performance Goal 3:** By SY 2005-06, all students will be taught by highly qualified teachers.
- **Performance Goal 4:** All students will be educated in learning environments that are safe, drug free, and conducive to learning.
- **Performance Goal 5:** All students will graduate from high school.

Starting with SY 2005-06, collection of data for the Education of Homeless Children and Youths was added to Part I in order to provide timely data for the program's performance measures. This change allowed ED to retire OMB collection 1810-0650. For SY 2006-07, Migrant Education Program child count information that is used for funding purposes is now collected via Part I. This change allowed ED to retire OMB collection 1810-0519

PART II

Part II of the CSPR consists of information related to State activities and outcomes of specific *ESEA* programs. While the information requested varies from program to program, the specific information requested for this report meets the following criteria:

1. The information is needed for Department program performance plans or for other program needs.
2. The information is not available from another source, including program evaluations.
3. The information will provide valid evidence of program outcomes or results.
4. The CSPR is the best vehicle for collection of the data.

GENERAL INSTRUCTIONS AND TIMELINES

All States that received funding on the basis of the Consolidated State Application for the SY 2006-07 must respond to this Consolidated State Performance Report (CSPR). Part I of the Report is due to the Department by **Friday, December 28, 2007**. Part II of the Report is due to the Department by **Friday, February 22, 2008**. Both Part I and Part II should reflect data from the SY 2006-07, unless otherwise noted.

The format states will use to submit the Consolidated State Performance Report has changed to an online submission starting with SY 2004-05. This online submission system is being developed through the Education Data Exchange Network (EDEN) and will make the submission process less burdensome. Please see the following section on transmittal instructions for more information on how to submit this year's Consolidated State Performance Report.

TRANSMITTAL INSTRUCTIONS

The Consolidated State Performance Report (CSPR) data will be collected online from the SEAs, using the EDEN web site. The EDEN web site will be modified to include a separate area (sub-domain) for CSPR data entry. This area will utilize EDEN formatting to the extent possible and the data will be entered in the order of the current CSPR forms. The data entry screens will include or provide access to all instructions and notes on the current CSPR forms; additionally, an effort will be made to design the screens to balance efficient data collection and reduction of visual clutter.

Initially, a state user will log onto EDEN and be provided with an option that takes him or her to the "SY 2006-07 CSPR". The main CSPR screen will allow the user to select the section of the CSPR that he or she needs to either view or enter data. After selecting a section of the CSPR, the user will be presented with a screen or set of screens where the user can input the data for that section of the CSPR. A user can only select one section of the CSPR at a time. After a state has included all available data in the designated sections of a particular CSPR Part, a lead state user will certify that Part and transmit it to the Department. Once a Part has been transmitted, ED will have access to the data. States may still make changes or additions to the transmitted data, by creating an updated version of the CSPR. Detailed instructions for transmitting the SY 2006-07 CSPR will be found on the main CSPR page of the EDEN web site (<https://EDEN.ED.GOV/EDENPortal/>).

According to the Paperwork Reduction Act of 1965, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 1810-0614. The time required to complete this information collection is estimated to average 111 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimates(s) contact School Support and Technology Programs, 400 Maryland Avenue, SW, Washington DC 20202-6140. Questions about the new electronic CSPR submission process, should be directed to the EDEN Partner Support Center at 1-877-HLP-EDEN (1-877-457-3336).

**CONSOLIDATED STATE PERFORMANCE REPORT:
PART II**

For reporting on
School Year 2006-07

PART II DUE FEBRUARY 22, 2008

2.1 IMPROVING BASIC PROGRAMS OPERATED BY LOCAL EDUCATIONAL AGENCIES (TITLE I, PART A)

This section collects data on Title I, Part A programs.

2.1.1 Student Achievement in Schools with Title I, Part A Programs

The following sections collect data on student academic achievement on the State's *NCLB* assessments in schools that receive Title I, Part A funds and operate either Schoolwide programs or Targeted Assistance programs.

2.1.1.1 Student Achievement in Mathematics in Schoolwide Schools (SWP)

In the format of the table below, provide the number of students in SWP schools who completed the assessment and for whom a performance level was reported, in grades 3 through 8 and high school, on the State's *NCLB* mathematics assessments under Section 1111(b)(3) of ESEA. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment & a Performance Level Reported	# Students Scoring At or Above Proficient	Percentage At or Above Proficient
3	59574	38402	64.5
4	56736	34811	61.4
5	55169	33190	60.2
6	22566	12405	55.0
7	20379	10774	52.9
8	20135	11144	55.3
High School	510	304	59.6
Total	235069	141030	60.0

Comments:

Source – The table above is produced through *EDFacts*. The SEA submits the data in file N/X075 that is data group 583. In addition, the SEA submits the data in file N/X101 that includes data group 22.

Note: New data collection for the SY 2006-07 CSPR.

2.1.1.2 Student Achievement in Reading/Language Arts in Schoolwide Schools (SWP)

This section is similar to 2.1.1.1. The only difference is that this section collects data on performance on the State's *NCLB* reading/language arts assessment in SWP.

Grade	# Students Who Completed the Assessment & a Performance Level Reported	# Students Scoring At or Above Proficient	Percentage At or Above Proficient
3	59377	46102	77.6
4	56566	46172	81.6
5	55012	47662	86.6
6	22491	17187	76.4
7	20320	16364	80.5
8	20077	16601	82.7
High School	541	201	37.2
Total	234384	190289	81.2

Comments:

Source – The table above is produced through *EDFacts*. The SEA submits the data in files N/X076, N/X077, or N/X078 that are data group 584. In addition, the SEA submits the data in file N/X101 that includes data group 22.

Note: New data collection for the SY 2006-07 CSPR.

2.1.1.3 Student Achievement in Mathematics in Targeted Assistance Schools (TAS)

In the table below, provide the number of students in TAS who completed the assessment and for whom a performance level was reported, in grades 3 through 8 and high school, on the State's *NCLB* mathematics assessments under Section 1111(b) (3) of ESEA. Also, provide the number of those students who scored at or above proficient. The percentage of students who scored at or above proficient is calculated automatically.

Grade	# Students Who Completed the Assessment & a Performance Level Reported	# Students Scoring At or Above Proficient	Percentage At or Above Proficient
3	15081	10870	72.1
4	14738	10144	68.8
5	13733	9259	67.4
6	3958	2603	65.8
7	4005	2551	63.7
8	3897	2602	66.8
High School	302	195	64.6
Total	55714	38224	68.6
Comments:			

Source – The table above is produced through *EDFacts*. The SEA submits the data in file N/X075 that is data group 583. In addition, the SEA submits the data in file N/X101 that includes data group 22.

Note: New data collection for the SY 2006-07 CSPR.

2.1.1.4 Student Achievement in Reading/Language Arts in Targeted Assistance Schools (TAS)

This section is similar to 2.1.1.3. The only difference is that this section collects data on performance on the State's *NCLB* reading/language arts assessment in TAS.

Grade	# Students Who Completed the Assessment & a Performance Level Reported	# Students Scoring At or Above Proficient	Percentage At or Above Proficient
3	15031	12439	82.8
4	14694	12739	86.7
5	13684	12274	89.7
6	3951	3275	82.9
7	4003	3517	87.9
8	3892	3433	88.2
High School	310	97	31.3
Total	55565	47774	86.0
Comments:			

Source – The table above is produced through *EDFacts*. The SEA submits the data in files N/X076, N/X077, or N/X078 that are data group 584. In addition, the SEA submits the data in file N/X101 that includes data group 22.

Note: New data collection for the SY 2006-07 CSPR.

2.1.2 Title I, Part A Student Participation

The following sections collect data on students participating in Title I, Part A by various student characteristics.

2.1.2.1 Student Participation in Public Title I, Part A by Special Services or Programs

In the table below, provide the number of public school students served by either Public Title I SWP or TAS programs at any time during the regular school year for each category listed. Count each student only once in each category even if the student participated during more than one term or in more than one school or district in the State. Count each student in as many of the categories that are applicable to the student. Include pre-kindergarten through grade 12. Do not include the following individuals: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

	# Students Served
Children with disabilities (<i>IDEA</i>)	1387
Limited English proficient students	48170
Students who are homeless	2351
Migratory students	6048
Comments:	

Source – The table above is produced through *EDFacts*. The SEA submits the data in file N/X037, that is data group ID 548, category sets C, D, E, and F.

Note: This table was formerly section 2.1.3.1.1 of the SY 2005-06 CSPR.

2.1.2.2 Student Participation in Public Title I, Part A by Racial/Ethnic Group

In the table below, provide the unduplicated number of public school students served by either public Title I SWP or TAS at any time during the regular school year. Each student should be reported in only one racial/ethnic category. Include pre-kindergarten through grade 12. The total number of students served will be calculated automatically.

Do not include: (1) adult participants of adult literacy programs funded by Title I, (2) private school students participating in Title I programs operated by local educational agencies, or (3) students served in Part A local neglected programs.

Race/Ethnicity	# Students Served
American Indian or Alaska Native	15133
Asian or Pacific Islander	6110
Black, non-Hispanic	144075
Hispanic	59620
White, non-Hispanic	209651
Total	434589
Comments:	

Source – The table above is produced through *EDFacts*. The SEA submits the data in file N/X037, that is data group ID 548, category set B.

Note: This table was formerly section 2.1.3.1.2 of the SY 2005-06 CSPR. The total row is new for the SY 2006-07 CSPR.

2.1.2.3 Student Participation in Title I, Part A by Grade Level

In the table below, provide the unduplicated number of students participating in Title I, Part A programs by grade level and by type of program: Title I public targeted assistance programs (Public TAS), Title I schoolwide programs (Public SWP), private school students participating in Title I programs (private), and Part A local neglected programs (local neglected). The totals column by type of program will be automatically calculated.

Age/Grade	Public TAS	Public SWP	Private	Local Neglected	Total
Age 0-2		10			10
Age 3-5 (not Kindergarten)	2	10484			10486
K	1998	62751			64749
1	3769	63406			67175
2	2837	59945			62782
3	2833	58611			61444
4	1720	56069			57789
5	1334	54554			55888
6	739	19491			20230
7	582	17494			18076
8	545	17464			18009
9	146	4877			5023
10	78	3815			3893
11	22	3090			3112
12	17	2581			2598
Ungraded					
TOTALS	16622	434642			451264
Comments:					

Source – The table above is produced through *EDFacts*. The SEA submits the data in file N/X037, that is data group ID 548, category set A.

Note: This table was formerly section 2.1.3.2 of the SY 2005-06 CSPR. The percent of total column has been deleted for the SY 2006-07 CSPR.

2.1.2.4 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional and Support Services

The following sections request data about the participation of students in TAS.

2.1.2.4.1 Student Participation in Title I, Part A Targeted Assistance Programs by Instructional Services

In the table below, provide the number of students receiving each of the listed instructional services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one instructional service. However, students should be reported only once for each instructional service regardless of the frequency with which they received the service.

	# Students Served
Mathematics	4914
Reading/language arts	16004
Science	16
Social studies	16
Vocational/career	
Other instructional services	2
Comments:	

Source – The table above is produced through *EDFacts*. The SEA submits the data in file N/X036 that is data group ID 549, category set A.

Note: This table was formerly part of section 2.1.3.3 of the SY 2005-06 CSPR.

2.1.2.4.2 Student Participation in Title I, Part A Targeted Assistance Programs by Support Services

In the table below, provide the number of students receiving each of the listed support services through a TAS program funded by Title I, Part A. Students may be reported as receiving more than one support service. However, students should be reported only once for each support service regardless of the frequency with which they received the service.

	# Students Served
Health, dental, and eye care	14
Supporting guidance/advocacy	9041
Other support services	53
Comments:	

Source – The table above is produced through *EDFacts*. The SEA submits the data in file N/X036 that is data group ID 549, category set B.

Note: This table was formerly part of section 2.1.3.3 of the SY 2005-06 CSPR.

2.1.3 Staff Information for Title I, Part A Targeted Assistance Programs (TAS)

In the table below, provide the number of full-time equivalent (FTE) staff funded by a Title I, Part A TAS in each of the staff categories. For staff who work with both TAS and SWP, report only the FTE attributable to their TAS responsibilities.

For paraprofessionals only, provide the percentage of paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of the *Elementary and Secondary Education Act (ESEA)* as amended by the *No Child Left Behind Act (NCLB)* of 2002.

See the FAQs following the table for additional information.

Staff Category	Staff FTE	Percentage Qualified
Teachers	371.33	
Paraprofessionals ¹	131.22	99.8
Other paraprofessionals (translators, parental involvement, computer assistance) ²		
Clerical support staff		
Administrators (non-clerical)		
Comments: A new data collection methodology was employed this year: the data that were collected are provided here.		

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly part of section 2.1.4 of the SY 2005-06 CSPR. The following changes have been made to this table for the SY 2006-07 CSPR: Instructional Paraprofessionals has been relabeled to paraprofessionals, Non-instructional paraprofessionals has been relabeled to other paraprofessionals(translators, parental involvement, computer assistance), Support staff (clerical and non-clerical) has been relabeled to Clerical support staff, Other (specify) has been deleted, and percentage qualified has been added.

FAQs on staff information

- a. *What is a "paraprofessional?"* An employee of an LEA who provides instructional support in a program supported with Title I, Part A funds. Instructional support includes the following activities:
 - (1) Providing one-on-one tutoring for eligible students, if the tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher;
 - (2) Providing assistance with classroom management, such as organizing instructional and other materials;
 - (3) Providing assistance in a computer laboratory;
 - (4) Conducting parental involvement activities;
 - (5) Providing support in a library or media center;
 - (6) Acting as a translator; or
 - (7) Providing instructional services to students.
- b. *What is an "other paraprofessional?"* Paraprofessionals who do not provide instructional support, for example, paraprofessionals who are translators or who work with parental involvement or computer assistance.
- c. *Who is a qualified paraprofessional?* A paraprofessional who has (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and been able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Section 1119(c) and (d).) For more information on qualified paraprofessionals, please refer to the Title I paraprofessionals Guidance, available at: <http://www.ed.gov/policy/elsec/guid/paraguidance.doc>.

¹ Consistent with *ESEA* as amended by *NCLB*, Title I, Section 1119(g)(2).

² Consistent with *ESEA* as amended by *NCLB*, Title I, Section 1119(e).

2.1.3.1 Paraprofessional Information for Title I, Part A Schoolwide Programs (formerly 1.5.4.)

In the table below, provide the number of FTE paraprofessionals who served in SWP and the percentage of these paraprofessionals who were qualified in accordance with Section 1119 (c) and (d) of ESEA. Use the additional guidance found below the previous table.

	Paraprofessionals FTE	Percentage Qualified
Paraprofessionals ³	11207.00	99.8
Comments:		

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly section 1.5.4 of the SY 2005-06 CSPR. For the SY 2006-07 CSPR, the paraprofessional FTE count has been added to this data collection.

³ Consistent with *ESEA* as amended by *NCLB*, Title I, Section 1119(g)(2).

2.2 WILLIAM F. GOODLING EVEN START FAMILY LITERACY PROGRAMS (TITLE I, PART B, SUBPART 3)**2.2.1 Subgrants and Even Start Program Participants**

For the reporting program year July 1, 2006 to June 30, 2007, please provide the following information:

2.2.1.1 Federally Funded Even Start Subgrants in the State

Number of federally funded Even Start subgrants	14
Comments:	

Source – Manual entry by SEA into the online collection tool

2.2.1.2 Even Start Families Participating During the Year

In the table below, provide the number of participants for each of the groups listed below. The following terms apply:

1. "Participating" means enrolled and participating in all required core services.
2. "Adults" include teen parents.

The number of participating children will be calculated automatically.

	# Participants
1. Families participating	350
2. Adults participating	354
3. Adults participating who are limited English proficient (LEP)	211
4. Participating children	417
a. Infants and toddlers (birth through 2 years)	172
b. Preschool age (age 3 through 5)	218
c. School age (age 6 through 8)	27
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: The participating children subcategories have been added to this data collection for the SY 2006-07 CSPR.

2.2.1.3 Characteristics of Newly Enrolled Families at the Time of Enrollment

In the table below, provide the number of families at the time of enrollment for each of the groups listed below. The term "newly enrolled family" means a family who enrolls for the first time in the Even Start project at any time during the year.

	#
1. Number of newly enrolled families	189
2. Number of newly enrolled adult participants	193
3. Number of newly enrolled families at or below the federal poverty level	171
4. Number of newly enrolled adult participants without a high school diploma or GED at the time of enrollment	177
5. Number of newly enrolled adult participants who have not gone beyond the 9 th grade	100
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: For the SY 2006-07 CSPR, three new rows have been added: the number of newly enrolled families at or below the federal poverty level, the number of newly enrolled adult participants without a high school diploma or GED at the time of enrollment, and the number of newly enrolled adult participants who have not gone beyond the 9th grade data collections have been changed from percent to number.

2.2.1.4 Retention of Families

In the table below, provide the number of families who are newly enrolled, those who exited the program during the year, and those continuing in the program. For families who have exited, count the time between the family's start date and exit date. For families still participating, count the time between the family's start date and the end of the reporting year (June 30, 2007).

Report each family only once in lines 1-4. The total number of families participating will be automatically calculated.

Time in Program	# Families
1. Number of families participating 3 months or less	56
2. Number of families participating more than 3 months and fewer than 6 months	76
3. Number of families participating more than 6 months and fewer than 12 months	117
4. Number of families participating 12 months or longer	101
5. Total families participating	350
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: The additional calculation of total families participating is new for the SY 2006-07 CSPR. This data collection has been changed from collecting percent of families to collecting number of families for the SY 2006-07 CSPR.

2.2.2 Federal Even Start Performance Indicators

This section collects data about the federal Even Start Performance Indicators.

Describe your State's progress in meeting the federal performance indicators listed for Even Start participants. States should always provide an explanation if they are using measures that differ from what is specified.

This report represents data from all Even Start programs in North Carolina however some options were given to programs concerning # 2.2.2.7:

PEP Scales II and III were required of all projects but projects were given flexibility in reporting data for Scales I and IV

Note: This is a new data collection for the SY 2006-07 CSPR.

2.2.2.1 Adults Showing Significant Learning Gains on Measures of Reading

In the table below, provide the number of adults who showed significant learning gains on measures of reading. To be counted under "pre- and post-test", an individual must have completed **both** the pre- and post-tests. Do not include LEP adults.

The definition of "significant learning gains" for adult education is determined by your State's adult education program in conjunction with the Department of Education's Office of Vocational and Adult Education (OVAE).

These instructions/definitions apply to both 2.2.2.1 and 2.2.2.2.

	# Pre- and Post-Tested	# Who Met Goal	Explanation (if applicable)

Note: This table was formerly part of section 2.2.2 of the SY 2005-06 CSPR. For the SY 2006-07 CSPR, the number of adults pre- and post-tested has been added, but the number participating (cohort) has been deleted. This data collection requests the number of adults who showed significant gains. This is different from the SY 2005-06 CSPR, which requested the percentage of adults who showed significant gains.

2.2.2.3 Adults Earning a High School Diploma or GED

In the table below, provide the number of school-age adults who earned a high school diploma or GED.

The following terms apply:

1. "School-age adults" is defined as any parent attending an elementary or secondary school. This also includes those adults within the State's compulsory attendance range who are being served in an alternative school setting, such as directly through the Even Start program.
2. "Non-school-age" adults are any adults who do not meet the definition of "school-age."
3. "Cohort" includes only those adult participants who had a realistic goal of earning a high school diploma or GED. Note that age limitations on taking the GED differ by State, so you should include only those adult participants for whom attainment of a GED or high school diploma is a possibility.

School-Age Adults	# In Cohort	# Who Met Goal	Explanation (if applicable)
Diploma			
GED

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly part of section 2.2.2 of the SY 2005-06 CSPR. This data collection is requesting the number of non-school age adults earning a diploma or GED, which is a change from the SY 2005-06 CSPR where it requested the percentage. For the SY 2006-07 CSPR, the collection of diploma or GED data has been split into two rows, which is a change from the SY 2005-06 CSPR where it was collected together.

2.2.2.4 Children Entering Kindergarten Who Are Achieving Significant Learning Gains on Measures of Language Development

In the table below, provide the number of children who are achieving significant learning gains on measures of language development.

The following terms apply to 2.2.2.4 through 2.2.2.7:

1. A "significant learning gain" is considered to be a standard score increase of 4 or more points with a minimum 6 months between pre- and post-test.
2. "Age-Eligible" includes the total number of children who are expected to enter kindergarten in the school year following the reporting year.
3. "Tested" includes the number of age-eligible children who took both a pre- and post-test with at least 6 months of services in between.
4. "Exempted" includes the number of children exempted from testing due to a severe disability or inability to understand the directions in English.

	# Age-Eligible	# Tested	# Who Met Goal	# Exempted	Explanation (if applicable)
PPVT-III	92	79	68	2	
Comments:					

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly part of section 2.2.2 of the SY 2005-06 CSPR. For the SY 2006-07 CSPR, the number age eligible, the number tested and the number exempted have been added, but the number participating (cohort) has been deleted. This data collection is requesting the number of children entering kindergarten who are achieving significant learning gains, which is a change from the SY 2005-06 CSPR where it requested the percentage.

2.2.2.5 The Average Number of Letters Children Can Identify as Measured by the PALS Pre-K Upper Case Letter Naming Subtask

In the table below, provide the average number of letters children can identify as measured by the PALS Pre-K Upper Case Letter Naming Subtask.

The term "average number of letters" includes the average score for the children in your State who participated in this assessment. This should be provided as a weighted average and rounded to one decimal.

	# Age-Eligible	# Tested	Average Number of Letters (Weighted Average)	Explanation (if applicable)
PALS PreK Upper Case	92	68	14.3	
Comments:				

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly part of section 2.2.2 of the SY 2005-06 CSPR. For the SY 2006-07 CSPR, the number age eligible, the number tested and the average number of letters (weighted average) have been added, but the number participating (cohort) has been deleted. This data collection is requesting the average number of letters children can identify, which is a change from the SY 2005-06 CSPR where it requested the percentage.

2.2.2.6 School-Aged Children Reading on Grade Level

In the table below, provide the number of school-age children who read on grade level. The source of these data is usually determined by the State and, in some cases, by school district. Please indicate the source(s) of the data in the "Explanation" field.

Grade	# In Cohort	# Who Met Goal	Explanation (include source of data)
K	21	16	Children who scored on grade level or above on K -2 Literacy Assessment
1	11	8	Children who scored on grade level or above on K -2 Literacy Assessment
2	10	8	Children who scored on grade level or above on K -2 Literacy Assessment
3	6	4	Children who scored III or IV on the NC End of Grade Reading Assessment
Comments:			

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly part of section 2.2.2 of the SY 2005-06 CSPR. This data collection is requesting the number of school-age children reading on grade level, which is a change from the SY 2005-06 CSPR where it requested the percentage. The breakdown of grades K through 3rd is new for the SY 2006-07 CSPR.

2.2.2.7 Parents Who Show Improvement on Measures of Parental Support for Children's Learning in the Home, School Environment, and Through Interactive Learning Activities

In the table below, provide the number of parents who show improvement on measures of parental support for children's learning in the home, school environment, and through interactive learning activities.

While many states are using the PEP, other assessments of parenting education are acceptable. Please describe results and the source(s) of any non-PEP data in the "Other" field, with appropriate information in the Explanation field.

	# In Cohort	# Who Met Goal	Explanation (if applicable)
PEP Scale I	153	124	
PEP Scale II	206	173	
PEP Scale III	206	183	
PEP Scale IV	109	92

Note: This table was formerly part of section 2.2.2 of the SY 2005-06 CSPR. This data collection is requesting the number of parents who show improvement on measures of parental support, which is a change from the SY 2005-06 CSPR where it requested the percentage. The breakdown of PEP scales is new for the SY 2006-07 CSPR.

2.3 EDUCATION OF MIGRATORY CHILDREN (TITLE I, PART C)

This section collects data on the Migrant Education Program (Title I, Part C) for the reporting period of September 1, 2006 through August 31, 2007. This section is composed of the following subsections:

- Population data of eligible migrant children;
- Academic data of eligible migrant students;
- Participation data – migrant children served during either the regular school year, summer/intersession term, or program year;
- School data;
- Project data;
- Personnel data.

Where the table collects data by age/grade, report children in the highest age/grade that they attained during the reporting period. For example, a child who turns 3 during the reporting period would only be reported in the "Age 3 through 5 (not Kindergarten)" row.

FAQs at 1.10 contain definitions of out-of-school and ungraded that are used in this section.

2.3.1 Population Data

The following questions collect data on eligible migrant children.

2.3.1.1 Eligible Migrant Children

In the table below, provide the unduplicated number of **eligible** migrant children by age/grade. The total is calculated automatically.

Age/Grade	Eligible Migrant Children
Age birth through 2	2
Age 3 through 5 (not Kindergarten)	470
K	270
1	352
2	310
3	280
4	212
5	257
6	202
7	175
8	193
9	197
10	139
11	72
12	40
Ungraded	0
Out-of-school	2570
Total	5741

Comments: The decrease in category 1 students is a response to multiple factors, such as: reinterviewing and quality control measures resulting from USED monitoring visit.

? Families are settling and establishing permanent residency within North Carolina.

? New migrant families are seeking employment in other industries not related to agriculture.

? The Latino/Hispanic population has become a crucial workforce for North Carolina. They also are the majority of migrant workers/families enrolled in the N.C. MEP. There has been a significant increase in the number of Latino/Hispanic families moving to the state. According to "The Economic Impact of the Hispanic Population on the State of North Carolina" a study by J. Kasarda and J. Johnson published in 2006, in 2004 7% of the state total population was Hispanic.

? Although the number of worker/families in search of work in the agricultural and fishing industries increased in 2001, 2002 and 2003, the pattern has changed. The number of families moving to the area in search of employment in other industries, establishing a more permanent residency, or both has increased. In 2005, agriculture, forestry, fishing, and hunting took in 9.2% of Latino/Hispanic workforce, while the construction industry absorbed 42.2%, wholesale and retail trade 11.5%, and manufacturing 10.7% (Kasarda and Johnson, 2006).

? North Carolina's tobacco farms no longer attract the high number of families that followed that crop. There is a decline in the production of tobacco because of the tobacco buyout.

? During the years from 1997 to 2006, the number of farms in North Carolina decreased from 59,120 farms to 48,000 farms, or a decrease of 18 percent, according to the North Carolina Department of Agriculture and Consumer Services. At the same time, the amount of land in farms decreased from 9.44 million acres to 8.8 million acres, a decline of 6 percent. During the period from 2002 to 2005, there were declines in cash sales of many agricultural commodities, especially those requiring hand labors.

? Changes in the MEP law interpretation have narrowed the definition of a qualifying move to those workers/families who move with the intention to obtain or seek qualifying work. The changes in MEP Guidance have also affected ID&R practices in poultry plants. The changes in the requirements for an industrial survey have limited the partnership established with poultry plants. Therefore, the numbers of identified workers/families from poultry plants has decreased significantly.

? The number of H2A migrant workers has decreased 78% during the last 5 years. In 2002, the total of H2A migrant workers was 519, while in 2006 the total number was 114.

? Recruiters are reluctant to go out and recruit due to recent immigration laws and possible legal actions.

Source – All rows except for "age birth through 2" are populated with the data provided in Part I, Section 1.10, Question 1.10.1. Initially, the row "age birth through 2" is pre-populated by ED*Facts* file N/X121 that is data group 634, subtotal 1. If necessary, it is updated through manual entry by the SEA into the online collection tool.

2.3.1.2 Priority for Services

In the table below, provide the unduplicated number of **eligible** migrant children who have been classified as having "Priority for Services." The total is calculated automatically. Below the table is a FAQ about the data collected in this table.

Age/Grade	Priority for Services
Age 3 through 5 (not Kindergarten)	0
K	36

? The number of H2A migrant workers has decreased 78% during the last 5 years. In 2002, the total of H2A migrant workers was 519, while in 2006 the total number was 114.

? Recruiters are reluctant to go out and recruit due to recent immigration laws and possible legal actions.

Note: This table was formerly part of section 2.3.1.1 of the SY 2005-06 CSPR. New for this data collection for the SY 2006-07 CSPR is the date of August 31 as the last day of the reporting period.

2.3.2 Academic Status

The following questions collect data about the academic status of eligible migrant students.

2.3.2.1 Dropouts

In the table below, provide the unduplicated number of **eligible** migrant students who dropped out of school. The total is calculated automatically.

Grade	Dropped Out
7	0
8	0
9	8
10	7
11	2
12	2
Ungraded	0
Total	19
Comments:	

Source – Initially, pre-populated by ED*Facts* file N/X032 that is data group 326, category set E. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: This table was formerly part of section 2.3.1.2 of the SY 2005-06 CSPR.

FAQ on Dropouts:

How is "dropped out of school" defined? The term used for students, who, during the reporting period, were enrolled in a public or private school for at least one day, but who subsequently left school with no plans on returning to enroll in a school and continue toward a high school diploma. Students who dropped out-of-school prior to the 2006-07 reporting period should be classified NOT as "dropped-out-of-school" but as "out-of-school youth."

2.3.2.2 GED

In the table below, provide the total unduplicated number of **eligible** migrant students who obtained a General Education Development (GED) Certificate in your state.

Obtained a GED in your state	0
Comments: No students received GEDs during the year.	

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly part of section 2.3.1.2 of the SY 2005-06 CSPR.

2.3.2.3 Participation in State NCLB Assessments

The following questions collect data about the participation of eligible migrant students in State NCLB Assessments.

2.3.2.3.1 Reading/Language Arts Participation

In the table below, provide the unduplicated number of **eligible** migrant students enrolled in school during the State testing window and tested by the State *NCLB* reading/language arts assessment by grade level. The totals are calculated automatically.

Grade	Enrolled	Tested
3	83	82
4	92	89
5	94	93
6	66	66
7	56	56
8	58	58
9	0	0
10	35	35
11	0	0
12	0	0
Ungraded	0	0
Total	484	479

Comments: The decrease in category 1 students is a response to multiple factors, such as: re-interviewing and improved quality control measures as recommended by the USED in monitoring report.

? Families are settling and establishing permanent residency within North Carolina.

? New migrant families are seeking employment in other industries not related to agriculture.

? The Latino/Hispanic population has become a crucial workforce for North Carolina. They also are the majority of migrant workers/families enrolled in the N.C. MEP. There has been a significant increase in the number of Latino/Hispanic families moving to the state. According to "The Economic Impact of the Hispanic Population on the State of North Carolina" a study by J. Kasarda and J. Johnson published in 2006, in 2004 7% of the state total population was Hispanic.

? Although the number of worker/families in search of work in the agricultural and fishing industries increased in 2001, 2002 and 2003, the pattern has changed. The number of families moving to the area in search of employment in other industries, establishing a more permanent residency, or both has increased. In 2005, agriculture, forestry, fishing, and hunting took in 9.2% of Latino/Hispanic workforce, while the construction industry absorbed 42.2%, wholesale and retail trade 11.5%, and manufacturing 10.7% (Kasarda and Johnson, 2006).

? North Carolina's tobacco farms no longer attract the high number of families that followed that crop. There is a decline in the production of tobacco because of the tobacco buyout.

? During the years from 1997 to 2006, the number of farms in North Carolina decreased from 59,120 farms to 48,000 farms, or a decrease of 18 percent, according to the North Carolina Department of Agriculture and Consumer Services. At the same time, the amount of land in farms decreased from 9.44 million acres to 8.8 million acres, a decline of 6 percent. During the period from 2002 to 2005, there were declines in cash sales of many agricultural commodities, especially those requiring hand labors.

? Changes in the MEP law interpretation have narrowed the definition of a qualifying move to those workers/families who move with the intention to obtain or seek qualifying work. The changes in MEP Guidance have also affected ID&R practices in poultry plants. The changes in the requirements for an industrial survey have limited the partnership established with poultry plants. Therefore, the numbers of identified workers/families from poultry plants has decreased significantly.

? The number of H2A migrant workers has decreased 78% during the last 5 years. In 2002, the total of H2A migrant workers was 519, while in 2006 the total number was 114.

? Recruiters are reluctant to go out and recruit due to recent immigration laws and possible legal actions.

Source – Initially, pre-populated by *EDFacts* file N/X081 that includes data group 589, category set F. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: This table was formerly part of section 2.3.1.2 of the SY 2005-06 CSPR.

2.3.2.3.2 Mathematics Participation

This section is similar to 2.3.3.1. The only difference is that this section collects data on migrant students and the State's *NCLB* mathematics assessment.

Grade	Enrolled	Tested
3	83	83
4	92	91
5	94	94
6	66	66
7	56	56
8	58	58

2.3.3 MEP Participation Data

The following questions collect data about the participation of migrant students served during the regular school year, summer/intersession term, or program year.

Unless otherwise indicated, participating migrant children include:

- Children who received instructional or support services funded in whole or in part with MEP funds.
- Children who received a MEP-funded service, even those children who continued to receive services (1) during the term their eligibility ended, (2) for one additional school year after their eligibility ended, if comparable services were not available through other programs, and (3) in secondary school after their eligibility ended, and served through credit accrual programs until graduation (e.g., children served under the continuation of services authority, Section 1304(e)(1-3)).

Do not include:

- Children who were served through a Title I SWP where MEP funds were consolidated with those of other programs.
- Children who were served by a "referred" service only.

2.3.3.1 MEP Participation – Regular School Year

The following questions collect data on migrant children who participated in the MEP during the **regular** school year. Do not include:

- Children who were only served during the summer/intersession term.

2.3.3.1.1 MEP Students Served During the Regular School Year

In the table below, provide the unduplicated number of **participating** migrant children who received MEP-funded instructional or support services during the regular school year. Do **not** count the number of times an individual child received a service intervention. The total number of students served is calculated automatically.

Age/Grade	Served During Regular School Year
Age Birth through 2	96
Age 3 through 5 (not Kindergarten)	282

Note: This table was formerly part of section 2.3.1.3.1 of the SY 2005-06 CSPR.

2.3.3.1.4 Services

The following questions collect data on the services provided to participating migrant children during the regular school year.

FAQ on Services:

What are services? Services are a subset of all allowable activities that the MEP can provide through its programs and projects. "Services" are those educational or educationally related activities that: (1) directly benefit a migrant child; (2) address a need of a migrant child consistent with the SEA's comprehensive needs assessment and service delivery plan; (3) are grounded in scientifically based research or, in the case of support services, are a generally accepted practice; and (4) are designed to enable the program to meet its measurable outcomes and contribute to the achievement of the State's performance targets. Activities related to identification and recruitment activities, parental involvement, program evaluation, professional development, or administration of the program are examples of allowable activities that are **NOT** considered services. Other examples of an allowable activity that would not be considered a service would be the one-time act of providing instructional packets to a child or family, and handing out leaflets to migrant families on available reading programs as part of an effort to increase the reading skills of migrant children. Although these are allowable activities, they are not services because they do not meet all of the criteria above.

2.3.3.1.4.1 Instructional Service – During the Regular School Year

In the table below, provide the unduplicated number of **participating** migrant children who received any type of MEP-funded instructional service during the regular school year. Include children who received instructional services provided by either a teacher or a paraprofessional. Children should be reported only once regardless of the frequency with which they received a service intervention. The total is calculated automatically.

Age/Grade	Children Receiving an Instructional Service
Age birth through 2	6
Age 3 through 5 (not Kindergarten)	76
K	132
1	180
2	166
3	151

FAQs on Support Services:

- a. *What are support services?* These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.
- b. *What are counseling services?* Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy.

2.3.3.1.4.4 Referred Service – During the Regular School Year

In the table below, provide the unduplicated number of **participating** migrant children who, during the regular school year, received an educational or educationally related service funded by another non-MEP program/organization that they would not have otherwise received without efforts supported by MEP funds. Children should be reported only once regardless of the frequency with which they received a referred service. Include children who were served by a referred service only or who received both a referred service and MEP-funded services. Do not include children who were referred, but received no services. The total is calculated automatically.

Comments: The decrease in category 1 students is a response to multiple factors, such as: improved quality control measures.

? Families are settling and establishing permanent residency within North Carolina.

? New migrant families are seeking employment in other industries not related to agriculture.

? The Latino/Hispanic population has become a crucial workforce for North Carolina. They also are the majority of migrant workers/families enrolled in the N.C. MEP. There has been a significant increase in the number of Latino/Hispanic families moving to the state. According to "The Economic Impact of the Hispanic Population on the State of North Carolina" a study by J. Kasarda and J. Johnson published in 2006, in 2004 7% of the state total population was Hispanic.

? Although the number of worker/families in search of work in the agricultural and fishing industries increased in 2001, 2002 and 2003, the pattern has changed. The number of families moving to the area in search of employment in other industries, establishing a more permanent residency, or both has increased. In 2005, agriculture, forestry, fishing, and hunting took in 9.2% of Latino/Hispanic workforce, while the construction industry absorbed 42.2%, wholesale and retail trade 11.5%, and manufacturing 10.7% (Kasarda and Johnson, 2006).

? North Carolina's tobacco farms no longer attract the high number of families that followed that crop. There is a decline in the production of tobacco because of the tobacco buyout.

? During the years from 1997 to 2006, the number of farms in North Carolina decreased from 59,120 farms to 48,000 farms, or a decrease of 18 percent, according to the North Carolina Department of Agriculture and Consumer Services. At the same time, the amount of land in farms decreased from 9.44 million acres to 8.8 million acres, a decline of 6 percent. During the period from 2002 to 2005, there were declines in cash sales of many agricultural commodities, especially those requiring hand labors.

? Changes in the MEP law interpretation have narrowed the definition of a qualifying move to those workers/families who move with the intention to obtain or seek qualifying work. The changes in MEP Guidance have also affected ID&R practices in poultry plants. The changes in the requirements for an industrial survey have limited the partnership established with poultry

plants. Therefore, the numbers of identified workers/families from poultry plants has decreased significantly.

? The number of H2A migrant workers has decreased 78% during the last 5 years. In 2002, the total of H2A migrant workers was 519, while in 2006 the total number was 114.

? Recruiters are reluctant to go out and recruit due to recent immigration laws and possible legal actions.

2.3.3.2 MEP Participation – Summer/Intersession Term

The questions in this subsection are similar to the questions in the previous section. There are two differences. First, the questions in this subsection collect data on the **summer/intersession term** instead of the regular school year. The second is the source for the table on migrant students served during the summer/intersession is EDFacts file N/X124 that includes data group 637.

2.3.3.2.1 MEP Students Served During the Summer/Intersession Term

In the table below, provide the unduplicated number of **participating** migrant children who received MEP-funded instructional or support services during the summer/intersession term. Do **not** count the number of times an individual child received a service intervention. The total number of students served is calculated automatically.

2.3.3.2.4 Services

The following questions collect data on the services provided to participating migrant children during the summer/intersession term.

FAQ on Services:

What are services? Services are a subset of all allowable activities that the MEP can provide through its programs and projects. "Services" are those educational or educationally related activities that: (1) directly benefit a migrant child; (2) address a need of a migrant child consistent with the SEA's comprehensive needs assessment and service delivery plan; (3) are grounded in scientifically based research or, in the case of support services, are a generally accepted practice; and (4) are designed to enable the program to meet its measurable outcomes and contribute to the achievement of the State's performance targets. Activities related to identification and recruitment activities, parental involvement, program evaluation, professional development, or administration of the program are examples of allowable activities that are **NOT** considered services. Other examples of an allowable activity that would not be considered a service would be the one-time act of providing instructional packets to a child or family, and handing out leaflets to migrant families on available reading programs as part of an effort to increase the reading skills of migrant children. Although these are allowable activities, they are not services because they do not meet all of the criteria above.

2.3.3.2.4.1 Instructional Service – During the Summer/Intersession Term

In the table below, provide the unduplicated number of **participating** migrant children who received any type of MEP-funded instructional service during the summer/intersession term. Include children who received instructional services provided by either a teacher or a paraprofessional. Children should be reported only once regardless of the frequency with which they received a service intervention. The total is calculated automatically.

Age/Grade	Children Receiving an Instructional Service

Note: This table was formerly part of section 2.3.1.3.2 of the SY 2005-06 CSPR.

2.3.3.2.4.2 Type of Instructional Service

In the table below, provide the number of **participating** migrant children reported in the table above who received reading instruction, mathematics instruction, or high school credit accrual during the summer/intersession term. Include children who received such instructional services provided by a teacher only. Children may be reported as having received more than one type of instructional service in the table. However, children should be reported only once within each type of instructional service that they received regardless of the frequency with which they received the instructional service. The totals are calculated automatically.

Age/Grade	Reading Instruction	Mathematics Instruction	High School Credit Accrual

FAQs on Support Services:

- a. *What are support services?* These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.
- b. *What are counseling services?* Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy.

2.3.3.2.4.4 Referred Service – During the Summer/Intersession Term

In the table below, provide the unduplicated number of **participating** migrant children who, during the summer/intersession term, received an educational or educationally related service funded by another non-MEP program/organization that they would not have otherwise received without efforts supported by MEP funds. Children should be reported only once regardless of the frequency with which they received a referred service. Include children who were served by a referred service only or who received both a referred service and MEP-funded services. Do not include children who were referred, but received no services. The total is calculated automatically.

Comments: The Migrant Education Program served more students after the end of their eligibility this year than last year.	

Source – Initially, pre-populated by ED*Facts* file N/X054 that includes data group 102, subtotal 1. If necessary, it is updated through manual entry by the SEA into the online collection tool.

2.3.4 School Data

The following questions are about the enrollment of eligible migrant children in schools during the regular school year.

2.3.4.1 Schools and Enrollment

In the table below, provide the number of public schools that enrolled **eligible** migrant children at any time during the regular school year. Schools include public schools that serve school age (e.g., grades K through 12) children. Also, provide the number of **eligible** migrant children who were enrolled in those schools. Since more than one school in a State may enroll the same migrant child at some time during the year, the number of children may include duplicates.

	Number
Number of schools that enrolled eligible migrant children	489
Number of eligible migrant children enrolled in those schools	3497
<p>Comments: The decrease in category 1 students is a response to multiple factors, such as:</p> <p>reinterviewing and improved quality control measures.</p> <p>? Families are settling and establishing permanent residency within North Carolina.</p> <p>? New migrant families are seeking employment in other industries not related to agriculture.</p> <p>? The Latino/Hispanic population has become a crucial workforce for North Carolina. They also are the majority of migrant workers/families enrolled in the N.C. MEP. There has been a significant increase in the number of Latino/Hispanic families moving to the state. According to "The Economic Impact of the Hispanic Population on the State of North Carolina" a study by J. Kasarda and J. Johnson published in 2006, in 2004 7% of the state total population was Hispanic.</p> <p>? Although the number of worker/families in search of work in the agricultural and fishing industries increased in 2001, 2002 and 2003, the pattern has changed. The number of families moving to the area in search of employment in other industries, establishing a more permanent residency, or both has increased. In 2005, agriculture, forestry, fishing, and hunting took in 9.2% of Latino/Hispanic workforce, while the construction industry absorbed 42.2%, wholesale and retail trade 11.5%, and manufacturing 10.7% (Kasarda and Johnson, 2006).</p> <p>? North Carolina's tobacco farms no longer attract the high number of families that followed that crop. There is a decline in the production of tobacco because of the tobacco buyout.</p> <p>? During the years from 1997 to 2006, the number of farms in North Carolina decreased from 59,120 farms to 48,000 farms, or a decrease of 18 percent, according to the North Carolina Department of Agriculture and Consumer Services. At the same time, the amount of land in farms decreased from 9.44 million acres to 8.8 million acres, a decline of 6 percent. During the period from 2002 to 2005, there were declines in cash sales of many agricultural commodities, especially those requiring hand labors.</p> <p>? Changes in the MEP law interpretation have narrowed the definition of a qualifying move to those workers/families who move with the intention to obtain or seek qualifying work. The changes in MEP Guidance have also affected ID&R practices in poultry plants. The changes in the requirements for an industrial survey have limited the partnership established with poultry plants. Therefore, the numbers of identified workers/families from poultry plants has decreased significantly.</p> <p>? The number of H2A migrant workers has decreased 78% during the last 5 years. In 2002, the total of H2A migrant workers was 519, while in 2006 the total number was 114.</p> <p>? Recruiters are reluctant to go out and recruit due to recent immigration laws and possible legal actions.</p>	

Source – Initially, pre-populated by ED Facts file N/X102 that includes data group 110. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: This table was formerly part of section 2.3.1.4 of the SY 2005-06 CSPR. This data collection has been changed to include public schools only.

2.3.4.2 Schools Where MEP Funds Were Consolidated in Schoolwide Programs

In the table below, provide the number of schools where MEP funds were consolidated in an SWP. Also, provide the number of **eligible** migrant children who were enrolled in those schools at any time during the regular school year. Since more than one school in a State may enroll the same migrant child at some time during the year, the number of children may include duplicates.

	Number
Number of schools where MEP funds were consolidated in a schoolwide program	0
Number of eligible migrant children enrolled in those schools	0
Comments:	

Source – Initially, pre-populated by *EDFacts* file N/X102 that includes data groups 110 and 514. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: This table was formerly part of section 2.3.1.4 of the SY 2005-06 CSPR.

2.3.5 MEP Project Data

The following questions collect data on MEP projects.

2.3.5.1 Type of MEP Project

In the table below, provide the number of projects that are funded in whole or in part with MEP funds. A MEP project is the entity that receives MEP funds by a subgrant from the State or through an intermediate entity that receives the subgrant and provides services directly to the migrant child. Do not include projects where MEP funds were consolidated in SWP.

Also, provide the number of migrant children **participating** in the projects. Since children may participate in more than one project, the number of children may include duplicates.

Below the table are FAQs about the data collected in this table.

Type of MEP Project	Number of MEP Projects	Number of Migrant Children Participating in the Projects
1. Regular school year – school day only	2	54
2. Regular school year – school day/extended day	0	0
3. Summer/intersession only	0	0
4. Year round	39	5872

Comments: This year, no all the project were serving students year round. Two projects served during the regular school year-day only and 39 did year round. This make our number increase in the first category for this year.

This year, we did not have any project serving students during the regular school year - school day/extended day only.

The total number of students in category 4 is smaller than last year because the total number of migrant students decreased this year from the previous year.

The decrease in category 1 students is a response to multiple factors, such as:

? Families are settling and establishing permanent residency within North Carolina.

? New migrant families are seeking employment in other industries not related to agriculture.

? The Latino/Hispanic population has become a crucial workforce for North Carolina. They also are the majority of migrant workers/families enrolled in the N.C. MEP. There has been a significant increase in the number of Latino/Hispanic families moving to the state. According to "The Economic Impact of the Hispanic Population on the State of North Carolina" a study by J. Kasarda and J. Johnson published in 2006, in 2004 7% of the state total population was Hispanic.

? Although the number of worker/families in search of work in the agricultural and fishing industries increased in 2001, 2002 and 2003, the pattern has changed. The number of families moving to the area in search of employment in other industries, establishing a more permanent residency, or both has increased. In 2005, agriculture, forestry, fishing, and hunting took in 9.2% of Latino/Hispanic workforce, while the construction industry absorbed 42.2%, wholesale and retail trade 11.5%, and manufacturing 10.7% (Kasarda and Johnson, 2006).

? North Carolina's tobacco farms no longer attract the high number of families that followed that crop. There is a decline in the production of tobacco because of the tobacco buyout.

? During the years from 1997 to 2006, the number of farms in North Carolina decreased from 59,120 farms to 48,000 farms, or a decrease of 18 percent, according to the North Carolina Department of Agriculture and Consumer Services. At the same time, the amount of land in farms decreased from 9.44 million acres to 8.8 million acres, a decline of 6 percent. During the period from 2002 to 2005, there were declines in cash sales of many agricultural commodities, especially those requiring hand labors.

? Changes in the MEP law interpretation have narrowed the definition of a qualifying move to those workers/families who move with the intention to obtain or seek qualifying work. The changes in MEP Guidance have also affected ID&R practices in poultry plants. The changes in the requirements for an industrial survey have limited the partnership established with poultry

plants. Therefore, the numbers of identified workers/families from poultry plants has decreased significantly.

? The number of H2A migrant workers has decreased 78% during the last 5 years. In 2002, the total of H2A migrant workers was 519, while in 2006 the total number was 114.

? Recruiters are reluctant to go out and recruit due to recent immigration laws and possible legal actions.

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly part of section 2.3.1.5.1 of the SY 2005-06 CSPR.

FAQs on type of MEP project:

- a. *What is a project?* A project is any entity that receives MEP funds either as a subgrantee or from a subgrantee and provides services directly to migrant children in accordance with the State Service Delivery Plan and State approved subgrant applications. A project's services may be provided in one or more sites.
- b. *What are Regular School Year – School Day Only projects?* Projects where all MEP services are provided during the school day during the regular school year.
- c. *What are Regular School Year – School Day/Extended Day projects?* Projects where some or all MEP services are provided during an extended day or week during the regular school year (e.g., some services are provided during the school day and some outside of the school day; e.g., all services are provided outside of the school day).
- d. *What are Summer/Intersession Only projects?* Projects where all MEP services are provided during the summer/intersession term.
- e. *What are Year Round projects?* Projects where all MEP services are provided during the regular school year and summer/intersession term.

2.3.6 MEP Personnel Data

The following questions collect data on MEP personnel data.

2.3.6.1 Key MEP Personnel

The following questions collect data about the key MEP personnel.

2.3.6.1.1 MEP State Director

In the table below, provide the FTE amount of time the State director performs MEP duties (regardless of whether the director is funded by State, MEP, or other funds) during the reporting period (e.g., September 1 through August 31). Below the table are FAQs about the data collected in this table.

State Director FTE	0.2
Comments: Based on a new method of allocating time the number above depicts a more accurate percentage of the director's time.	

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly part of section 2.3.1.5.2 of the SY 2005-06 CSPR. For the SY 2006-07 CSPR, the number of MEP funded staff in the regular school year, the number of MEP funded staff in summer term/intersession and the FTE amount of time in summer term/intersession have been deleted.

FAQs on the MEP State director

- a. *How is the FTE calculated for the State director?* Calculate the FTE using the number of days worked for the MEP. To do so, first define how many full-time days constitute one *FTE* for the State director in your State for the reporting period. To calculate the FTE number, sum the total days the State director worked for the MEP during the reporting period and divide this sum by the number of full-time days that constitute one FTE in the reporting period.
- b. *Who is the State director?* The manager within the SEA who administers the MEP on a statewide basis.

2.3.6.1.2 MEP Staff

In the table below, provide the headcount and FTE by job classification of the staff funded by the MEP. Do **not** include staff employed in SWP where MEP funds were combined with those of other programs. Below the table are FAQs about the data collected in this table.

Job Classification	Regular School Year		Summer/Intersession Term	
	Headcount	FTE	Headcount	FTE
Teachers	29	13.26	15	6.45
Counselors	2	1.34	0	0.00
All paraprofessionals	71	41.31	11	6.64
Recruiters	64	38.9	19	14.21
Records transfer staff	31	15.81	3	2.55
Comments: Based on a new method of allocating time the number above depicts a more accurate percentage of the MEP staff time.				

Source – Initially, pre-populated by ED Facts file N/X065 that includes data groups 515 and 625, category A. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: This table was formerly part of section 2.3.1.5.2 of the SY 2005-06 CSPR.

FAQs on MEP staff:

- a. *How is the FTE calculated?* The FTE may be calculated using one of two methods:
 1. To calculate the FTE, in each job category, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
 2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE for each job classification in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked in a particular job classification for a term and divide this sum by the number of full-time days that constitute one FTE in that term.
- b. *Who is a teacher?* A classroom instructor who is licensed and meets any other teaching requirements in the State.
- c. *Who is a counselor?* A professional staff member who guides individuals, families, groups, and communities by assisting them in problem-solving, decision-making, discovering meaning, and articulating goals related to personal, educational, and career development.
- d. *Who is a paraprofessional?* An individual who: (1) provides one-on-one tutoring if such tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher; (2) assists with classroom management, such as organizing instructional and other materials; (3) provides instructional assistance in a computer laboratory; (4) conducts parental involvement activities; (5) provides support in a library or media center; (6) acts as a translator; or (7) provides instructional support services under the direct supervision of a teacher (Title I, Section 1119(g)(2)). Because a paraprofessional provides instructional support, he/she should not be providing planned direct instruction or introducing to students new skills, concepts, or academic content. Individuals who work in food services, cafeteria or playground supervision, personal care services, non-instructional computer assistance, and similar positions are not considered paraprofessionals under Title I.
- e. *Who is a recruiter?* A staff person responsible for identifying and recruiting children as eligible for the MEP and documenting their eligibility on the Certificate of Eligibility.
- f. *Who is a record transfer staffer?* An individual who is responsible for entering, retrieving, or sending student records from or to another school or student records system.

2.3.6.1.3 Qualified Paraprofessionals

In the table below, provide the headcount and FTE of the qualified paraprofessionals funded by the MEP. Do **not** include staff employed in SWP where MEP funds were combined with those of other programs. Below the table are FAQs about the data collected in this table.

Job Classification	Regular School Year		Summer/Intersession Term	
	Headcount	FTE	Headcount	FTE
Qualified paraprofessionals	66	39.77	8	5.14
Comments: Based on a new method of allocating time the number above depicts a more accurate percentage of the MEP qualified paraprofessionals time.				

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly part of section 2.3.1.5.2 of the SY 2005-06 CSPR.

FAQs on qualified paraprofessionals:

- a. *How is the FTE calculated?* The FTE may be calculated using one of two methods:
 1. To calculate the FTE, sum the percentage of time that staff were funded by the MEP and enter the total FTE for that category.
 2. Calculate the FTE using the number of days worked. To do so, first define how many full-time days constitute one FTE in your State for each term. (For example, one regular-term FTE may equal 180 full-time (8 hour) work days; one summer term FTE may equal 30 full-time work days; or one intersession FTE may equal 45 full-time work days split between three 15-day non-contiguous blocks throughout the year.) To calculate the FTE number, sum the total days the individuals worked for a term and divide this sum by the number of full-time days that constitute one FTE in that term.

- b. *Who is a qualified paraprofessional?* A qualified paraprofessional must have a secondary school diploma or its recognized equivalent and have (1) completed 2 years of study at an institution of higher education; (2) obtained an associate's (or higher) degree; or (3) met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) (Section 1119(c) and (d) of ESEA).

2.4 PREVENTION AND INTERVENTION PROGRAMS FOR CHILDREN AND YOUTH WHO ARE NEGLECTED, DELINQUENT, OR AT RISK (TITLE I, PART D, SUBPARTS 1 AND 2)

This section collects data on programs and facilities that serve students who are neglected, delinquent, or at risk under Title I, Part D, and characteristics about and services provided to these students.

Throughout this section:

- Report data for the program year of July 1, 2006 through June 30, 2007.
- Count programs/facilities based on how the program was classified to ED for funding purposes.
- Do not include programs funded solely through Title I, Part A.
- Use the definitions listed below:
 - **Adult Corrections:** An adult correctional institution is a facility in which persons, including persons 21 or under, are confined as a result of conviction for a criminal offense.
 - **At-Risk Programs:** Programs operated (through LEAs) that target students who are at risk of academic failure, have a drug or alcohol problem, are pregnant or parenting, have been in contact with the juvenile justice system in the past, are at least 1 year behind the expected age/grade level, have limited English proficiency, are gang members, have dropped out of school in the past, or have a high absenteeism rate at school.
 - **Juvenile Corrections:** An institution for delinquent children and youth is a public or private residential facility other than a foster home that is operated for the care of children and youth who have been adjudicated delinquent or in need of supervision. Include any programs serving adjudicated youth (including non-secure facilities and group homes) in this category.
 - **Juvenile Detention Facilities:** Detention facilities are shorter-term institutions that provide care to children who require secure custody pending court adjudication, court disposition, or execution of a court order, or care to children after commitment.
 - **Multiple Purpose Facility:** An institution/facility/program that serves more than one programming purpose. For example, the same facility may run both a juvenile correction program and a juvenile detention program.
 - **Neglected Programs:** An institution for neglected children and youth is a public or private residential facility, other than a foster home, that is operated primarily for the care of children who have been committed to the institution or voluntarily placed under applicable State law due to abandonment, neglect, or death of their parents or guardians.
 - **Other:** Any other programs, not defined above, which receive Title I, Part D funds and serve non-adjudicated children and youth.

2.4.1 State Agency Title I, Part D Programs and Facilities – Subpart 1

The following questions collect data on Title I, Part D, Subpart 1 programs and facilities.

2.4.1.1 Programs and Facilities - Subpart 1

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs and facilities that serve neglected and delinquent students and the average length of stay by program/facility type, for these students. Report only programs and facilities that received Title I, Part D, Subpart 1 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. Make sure to identify the number of multipurpose facilities that were included in the facility/program count in the second table. The total number of programs/facilities will be automatically calculated. Below the table is a FAQ about the data collected in this table.

State Program/Facility Type	# Programs/Facilities	Average Length of Stay in Days
1. Neglected programs		
2. Juvenile detention	9	11
3. Juvenile corrections	5	114
4. Adult corrections	5	100
5. Other		
Total	19	

Source – Manual entry by SEA into the online collection tool.

How many of the programs listed in the table above are in a multiple purpose facility?

	#
Programs in a multiple purpose facility	0
Comments:	

Note: This table was formerly part of section 2.4.1.1 of the SY 2005-06 CSPR. The unduplicated count of Neglected and Delinquent students has been moved for the SY 2006-07 CSPR. The additional calculation of total number of programs/facilities is new for the SY 2006-07 CSPR.

FAQ on Programs and Facilities - Subpart I:

How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit, for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

2.4.1.1.1 Programs and Facilities That Reported - Subpart 1

In the table below, provide the number of State agency programs/facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

State Program/Facility Type	# Reporting Data
1. Neglected Programs	
2. Juvenile Detention	9
3. Juvenile Corrections	5
4. Adult Corrections	5
5. Other	
Total	19
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: This is a new data collection for the SY 2006-07 CSPR.

2.4.1.2 Students Served – Subpart 1

In the tables below, provide the number of neglected and delinquent students served in State agency Title I, Part D, Subpart 1 programs and facilities. Report only students who received Title I, Part D, Subpart 1 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 that are long-term. In the subsequent tables provide the number of students served by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex and by age will be automatically calculated.

# of Students Served	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Total Unduplicated Students Served	741	3838	75	918	
Long Term Students Served		0	864	519	

Race/Ethnicity	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
American Indian or Alaska Native	24	97	16	11	
Asian or Pacific Islander	5	23	3	1	
Black, non-Hispanic	192	2026	22	752	
Hispanic	21	156	2	35	
White, non-Hispanic	487	1536	51	119	
Total	729	3838	94	918	

Sex	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Male	330	2835	75	864	
Female	411	1003	107	54	
Total	741	3838	182	918	

Age	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
3 through 5					
6	8				
7	9	1			
8	11	3			
9	7	8			
10	22	13			
11	25	38			
12	31	159	1		
13	45	440	45		
14	70	939	2		
15	68	1670	5		
16	50	396	4	1	
17	32	164	58	17	
18	7	5		94	
19		1		310	
20		1		380	
21				116	
Total	385	3838	115	918	

If the total number of students differs by demographics, please explain.

Comments:

Source – Initially, pre-populated by ED*Facts* file N/X119 that is data group 656, category sets A, B, and C. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: For the SY 2006-07 CSPR, the age groupings that were present in the SY 2005-06 CSPR have been changed to collect data by each age year.

FAQ on Unduplicated Count:

What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2006 through June 30, 2007.

Note: In the remaining tables, report numbers for juvenile detention and correctional facilities together in a single column.

2.4.1.3 Programs/Facilities Academic Offerings – Subpart 1

In the table below, provide the number of programs/facilities (not students) that received Title I, Part D, Subpart 1 funds and awarded at least one high school course credit, one high school diploma, and/or one GED within the reporting year. Include programs/facilities that directly awarded a credit, diploma, or GED, as well as programs/facilities that made awards through another agency. The numbers should not exceed those reported earlier in the facility counts.

# Programs That	Neglected Programs	Juvenile Corrections/Detention Facilities	Adult Corrections Facilities	Other Programs
1. Awarded high school course credit(s)		5		
2. Awarded high school diploma(s)		5		
3. Awarded GED(s)		5	5	
Comments:				

Source – Manual entry by the SEA into the online collection tool.

2.4.1.4 Academic Outcomes – Subpart 1

The following questions collect academic outcome data on students served through Title I, Part D, Subpart 1.

2.4.1.4.1 Academic Outcomes While in the State Agency Program/Facility

In the table below, provide the unduplicated number of students who attained academic outcomes while in the State agency program/facility by type of program/facility.

# of Students Who	Neglected Programs	Juvenile Corrections/Detention Facilities	Adult Corrections Facilities	Other Programs
1. Earned high school course credits		592		
2. Enrolled in a GED program		165	918	
Comments:				

Source – Manual entry by the SEA into the online collection tool.

Note: This was formerly part of section 2.4.1.3 of the SY 2005-06 CSPR.

2.4.1.4.2 Academic Outcomes While in the State Agency Program/Facility or Within 30 Calendar Days After Exit

In the table below, provide the unduplicated number of students who attained academic outcomes while in the State agency program/facility or within 30 calendar days after exit, by type of program/facility.

# of Students Who	Neglected Programs	Juvenile Corrections/Detention Facilities	Adult Corrections Facilities	Other Programs
1. Enrolled in their local district school		3600	0	
2. Earned a GED		74	91	
3. Obtained high school diploma		0	0	
4. Were accepted into post-secondary education		17	22	
5. Enrolled in post-secondary education		7	21	
Comments:				

Source – Manual entry by the SEA into the online collection tool.

Note: This was formerly part of section 2.4.1.3 of the SY 2005-06 CSPR.

2.4.1.5 Vocational Outcomes – Subpart 1

The following questions collect data on vocational outcomes of students served through Title I, Part D, Subpart 1.

2.4.1.5.1 Vocational Outcomes While in the State Agency Program/Facility

In the table below, provide the unduplicated number of students who attained vocational outcomes while in the State agency program by type of program/facility.

# of Students Who	Neglected Programs	Juvenile Corrections/Detention Facilities	Adult Corrections Facilities	Other Programs
Enrolled in elective job training courses/programs		864	80	
Comments:				

Source – Manual entry by the SEA into the online collection tool.

Note: This was formerly part of section 2.4.1.3 of the SY 2005-06 CSPR.

2.4.1.5.2 Vocational Outcomes While in the State Agency Program/Facility or Within 30 Days After Exit

In the table below, provide the unduplicated number of students who attained vocational outcomes while in the State agency program/facility or within 30 days after exit, by type of program/facility.

# of Students Who	Neglected Programs	Juvenile Corrections/Detention Facilities	Adult Corrections Facilities	Other Programs
1. Enrolled in external job training education		100	3	
2. Obtained employment		300	95	
Comments:				

Source – Manual entry by the SEA into the online collection tool.

Note: This was formerly part of section 2.4.1.3 of the SY 2005-06 CSPR.

2.4.1.6 Academic Performance – Subpart 1

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 1 in reading and mathematics.

2.4.1.6.1 Academic Performance in Reading – Subpart 1

In the format of the table below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 1, who participated in pre- and post-testing in reading. Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2006, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Throughout the table, report numbers for juvenile detention and correctional facilities together in a single column. Students should be reported in only one of the five change categories (rows 3 through 7). Below the table is a FAQ about the data collected in this table.

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Corrections/ Detention	Adult Corrections	Other Programs
1. Long-term students who tested below grade level upon entry		186	519	
2. Long-term students who have complete pre- and post-test results (data)		279	441	

Of the students reported in row 2 above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Corrections/ Detention	Adult Corrections	Other Programs
3. Negative grade level change from the pre- to post-test exams		53	32	
4. No change in grade level from the pre- to post-test exams		4	11	
5. Improvement of up to 1/2 grade level from the pre- to post-test exams		9	85	
6. Improvement from 1/2 up to one full grade level from the pre- to post-test exams		57	57	
7. Improvement of more than one full grade level from the pre- to post-test exams		97	256	
Comments:				

Source – Initially, pre-populated by ED*Facts* file N/X113 that is data group 628, category sets A and B. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: This was formerly part of section 2.4.1.6 of the SY 2005-06 CSPR.

FAQ on long-term students:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2006 through June 30, 2007.

2.4.1.6.2 Academic Performance in Mathematics – Subpart 1

This section is similar to 2.4.1.6.1. The only difference is that this section collects data on mathematics performance.

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Corrections/ Detention	Adult Corrections	Other Programs
1. Long-term students who tested below grade level upon entry		186		
2. Long-term students who have complete pre- and post-test results (data)		279		

Of the students reported in row 2 above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Corrections/ Detention	Adult Corrections	Other Programs
3. Negative grade level change from the pre- to post-test exams		53		
4. No change in grade level from the pre- to post-test exams		4		
5. Improvement of up to 1/2 grade level from the pre- to post-test exams		9		
6. Improvement from 1/2 up to one full grade level from the pre- to post-test exams		57		
7. Improvement of more than one full grade level from the pre- to post-test exams		97		
Comments:				

Source – Initially, pre-populated by *EDFacts* file N/X113 that is data group 628, category sets A and B. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: This was formerly part of section 2.4.1.6 of the SY 2005-06 CSPR.

2.4.2 LEA Title I, Part D Programs and Facilities – Subpart 2

The following questions collect data on Title I, Part D, Subpart 2 programs and facilities.

2.4.2.1 Programs and Facilities – Subpart 2

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that serve neglected and delinquent students and the yearly average length of stay by program/facility type for these students. Report only the programs and facilities that received Title I, Part D, Subpart 2 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. Make sure to identify the number of multipurpose facilities that were included in the facility/program count in the second table. The total number of programs/ facilities will be automatically calculated. Below the table is a FAQ about the data collected in this table.

State Program/Facility Type	# Programs/Facilities	Average Length of Stay in Days
1. At-risk programs	0	0
2. Neglected programs	27	136
3. Juvenile detention	4	27
4. Juvenile corrections	0	0
5. Other	0	0
Total	31	

Source – Manual entry by SEA into the online collection tool.

How many of the programs listed in the table above are in a multiple purpose facility?

	#
Programs in a multiple purpose facility	0
Comments:	

Note: This table was formerly part of section 2.4.2.1 of the SY 2005-06 CSPR. For the SY 2006-07 CSPR, the unduplicated count of neglected and delinquent children has been moved. The category At-risk or Other has been split into two separate categories for the SY 2006-07 CSPR.

FAQ on average length of stay:

How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

2.4.2.1.1 Programs and Facilities That Reported - Subpart 2

In the table below, provide the number of LEAs that reported data on neglected and delinquent students.

The total row will be automatically calculated.

State Program/Facility Type	# Reporting Data
1. At-risk programs	0
2. Neglected programs	19
3. Juvenile detention	4
4. Juvenile corrections	0
5. Other	0
Total	23
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: This is a new data collection for the SY 2006-07 CSPR.

2.4.2.2 Students Served – Subpart 2

In the tables below, provide the number of neglected and delinquent students served in LEA Title I, Part D, Subpart 2 programs and facilities. Report only students who received Title I, Part D, Subpart 2 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables, provide the number of students served by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex, and by age will be automatically calculated.

# of Students Served	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Total Unduplicated Students Served		869			
Total Long Term Students Served					

Race/Ethnicity	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
American Indian or Alaska Native		28			
Asian or Pacific Islander		5			
Black- non-Hispanic		243			
Hispanic		28			
White- non-Hispanic		565			
Total		869			

Sex	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Male		406			
Female		463			
Total		869			

Age	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
3-5					
6		13			
7		17			
8		17			
9		9			
10		25			
11		35			
12		52			
13		69			
14		126			
15		178			
16		164			
17		113			
18		43			
19		4			
20		2			
21		2			
Total		869			

If the total number of students differs by demographics, please explain.

Comments:

Source – Manual entry by the SEA into the online collection tool.

Note: For this data collection, the age groupings that were present in the SY 2005-06 CSPR have been changed to collect data by each age year. In addition, the column At-risk and Other was split into two separate columns.

FAQ on Unduplicated Count:

What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2006 through June 30, 2007.

Note: In the remaining tables, report numbers for juvenile detention and correctional facilities together in a single column.

2.4.2.3 Programs/Facilities Academic Offerings – Subpart 2

In the table below, provide the number of programs/facilities (not students) that received Title I, Part D, Subpart 2 funds and awarded at least one high school course credit, one high school diploma, and/or one GED within the reporting year. Include programs/facilities that directly awarded a credit, diploma, or GED, as well as programs/facilities that made awards through another agency. The numbers should not exceed those reported earlier in the facility counts.

LEA Programs That	At-Risk Programs	Neglected Programs	Juvenile Detention/Corrections	Other Programs
1. Awarded high school course credit(s)		15	4	
2. Awarded high school diploma(s)		8	4	
3. Awarded GED(s)		4	0	
Comments:				

Source – Manual entry by the SEA into the online collection tool.

Note: This was formerly part of section 2.4.2.3 of the SY 2005-06 CSPR. In addition, the column At-risk and Other was split into two separate columns.

2.4.2.4 Academic Outcomes – Subpart 2

The following questions collect academic outcome data on students served through Title I, Part D, Subpart 2.

2.4.2.4.1 Academic Outcomes While in the LEA Program/Facility

In the table below, provide the unduplicated number of students who attained academic outcomes while in the LEA program/facility by type of program/facility.

# of Students Who	At-Risk Programs	Neglected Programs	Juvenile Corrections/Detention	Other Programs
1. Earned high school course credits		209	0	
2. Enrolled in a GED program		34	0	
Comments:				

Source – Manual entry by the SEA into the online collection tool.

Note: This was formerly part of section 2.4.1.3 of the SY 2005-06 CSPR.

2.4.2.4.2 Academic Outcomes While in the LEA Program/Facility or Within 30 Calendar Days After Exit

In the table below, provide the unduplicated number of students who attained academic outcomes while in the LEA program/facility or within 30 calendar days after exit, by type of program/facility.

# of Students Who	At-Risk Programs	Neglected Programs	Juvenile Corrections/Detention	Other Programs
1. Enrolled in their local district school		527	0	
2. Earned a GED		13	0	
3. Obtained high school diploma		13	0	
4. Were accepted into post-secondary education		5	0	
5. Enrolled in post-secondary education		4	0	
Comments:				

Source – Manual entry by the SEA into the online collection tool.

Note: This was formerly part of section 2.4.2.3 of the SY 2005-06 CSPR. In addition, the column At-risk and Other was split into two separate columns.

2.4.2.5 Vocational Outcomes – Subpart 2

The following questions collect data on vocational outcomes of students served through Title I, Part D, Subpart 2.

2.4.2.5.1 Vocational Outcomes While in the LEA Program/Facility

In the table below, provide the unduplicated number of students who attained vocational outcomes while in the LEA program by type of program/facility.

# of Students Who	At-Risk Programs	Neglected Programs	Juvenile Corrections/Detention	Other Programs
1. Enrolled in elective job training courses/programs		28	0	
Comments:				

Source – Manual entry by the SEA into the online collection tool.

Note: This was formerly part of section 2.4.2.3 of the SY 2005-06 CSPR. For the SY 2006-07 CSPR, the column At-risk and Other was split into two separate columns.

2.4.2.5.2 Vocational Outcomes While in the LEA Program/Facility or Within 30 Days After Exit

In the table below, provide the unduplicated number of students who attained vocational outcomes while in the LEA program/facility or within 30 days after exit, by type of program/facility.

# of Students Who	At-Risk Programs	Neglected Programs	Juvenile Corrections/Detention	Other Programs
1. Enrolled in external job training education		5	0	
2. Obtained employment		43	0	
Comments:				

Source – Manual entry by the SEA into the online collection tool.

Note: This was formerly part of section 2.4.2.3 of the SY 2005-06 CSPR. For the SY 2006-07 CSPR, the column At-risk and Other was split into two separate columns.

2.4.2.6 Academic Performance – Subpart 2

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 2 in reading and mathematics.

2.4.2.6.1 Academic Performance in Reading – Subpart 2

In the format of the table below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 2, who participated in pre- and post-testing in reading. Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2006, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Throughout the table, report numbers for juvenile detention and correctional facilities together in a single column. Students should be reported in only one of the five change categories (rows 3 through 7). Below the table is a FAQ about the data collected in this table.

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Corrections/ Detention	Other Programs
1. Long-term students who tested below grade level upon entry				
2. Long-term students who have complete pre- and post-test results (data)		65	36	

Of the students reported in row 2 above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Corrections/ Detention	Other Programs
3. Negative grade level change from the pre- to post-test exams		8	4	
4. No change in grade level from the pre- to post-test exams		19	8	
5. Improvement of up to 1/2 grade level from the pre- to post-test exams		15	1	
6. Improvement from 1/2 up to one full grade level from the pre- to post-test exams		27	8	
7. Improvement of more than one full grade level from the pre- to post-test exams		13	14	
Comments:				

Source – Initially, pre-populated by ED Facts file N/X125 that is data group 629, category sets A and B. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: This was formerly part of section 2.4.2.6 of the SY 2005-06 CSPR. For the SY 2006-07 CSPR, the column At-risk and Other was split into two separate columns.

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2006, through June 30, 2007.

2.4.2.6.2 Academic Performance in Mathematics – Subpart 2

This section is similar to 2.4.2.6.1. The only difference is that this section collects data on mathematics performance.

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Corrections/ Detention	Other Programs
1. Long-term students who tested below grade level upon entry				
2. Long-term students who have complete pre- and post-test results (data)		72	36	

Of the students reported in row 2 above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Corrections/ Detention	Other Programs
3. Negative grade level change from the pre- to post-test exams		13	4	
4. No change in grade level from the pre- to post-test exams		28	9	
5. Improvement of up to 1/2 grade level from the pre- to post-test exams		15	2	
6. Improvement from 1/2 up to one full grade level from the pre- to post-test exams		22	7	
7. Improvement of more than one full grade level from the pre- to post-test exams		9	13	
Comments:				

Source – Initially, pre-populated by *EDFacts* file N/X125 that is data group 629, category sets A and B. If necessary, it is updated through manual entry by the SEA into the online collection tool.

2.7.2 Out-of-School Suspensions and Expulsions

The following questions collect data on the out-of-school suspension and expulsion of students by grade level (e.g., K through 5, 6 through 8, 9 through 12) and type of incident (e.g., violence, weapons possession, alcohol-related, illicit drug-related).

2.7.2.1 State Definitions

In the spaces below, provide the State definitions for each type of incident.

Incident Type	State Definition
Alcohol related	Concerning malt beverages, fortified or unfortified wine, or spirituous liquor. [2.7.2.4.1.]
Illicit drug related	Concerning any form of cocaine, marijuana, heroin, LSD, methamphetamine, and all drugs listed in the North Carolina Controlled Substances Act. Unauthorized possession of a prescription drug (e.g., Ritalin) is included in this category.
Violent incident without physical injury	
Violent incident with physical injury	
Weapons possession	: Any gun, rifle, pistol, or other firearm of any kind, or any dynamite cartridge, bomb, grenade, mine or other powerful explosive, as defined in G.S. 14-284.1; and this does not apply to fireworks. Also, any BB gun, stun gun, air rifle, air pistol, bowie knife, dirk, dagger, slingshot, leaded cane, switchblade knife, blackjack, metallic knuckles, razors and razor blades, any sharp pointed or edged instrument except instructional supplies, unaltered nail files and clips and tools used solely for preparation of food, instruction and maintenance.
Comments:	

Source – Initially, pre-populated with definition from the SY 2005-06 CSPR. If necessary, it is updated by the SEA.

Note: This was formerly part of sections 2.7.2.3, 2.7.2.4, and 2.7.2.5 of the SY 2005-06 CSPR. For the SY 2006-07 CSPR, the State definition of physical fighting data collection has been removed, however the data collection for violent incident without physical injury and violent incident with physical injury have been added.

2.7.2.2 Out-of-School Suspensions and Expulsions for Violent Incident Without Physical Injury

The following questions collect data on violent incident without physical injury.

2.7.2.2.1 Out-of-School Suspensions for Violent Incident Without Physical Injury

In the table below, provide the number of out-of-school suspensions for violent incident without physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident without physical injury, including LEAs that report no incidents.

Grades	# Suspensions for Violent Incident Without Physical Injury	# LEAs Reporting
K through 5	10102	129
6 through 8	22386	140
9 through 12	12785	122
Comments:		

Source – Initially, pre-populated from ED*Facts* file N/X030 for data group 523. If necessary, it is updated by the SEA.

Note: The tables in this section and 2.7.2.3 replace section 2.7.2.2 of the SY 2005-06 CSPR, which collected data on physical fighting.

2.7.2.2.2 Out-of-School Expulsions for Violent Incident Without Physical Injury

In the table below, provide the number of out-of school expulsions for violent incident without physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident without physical injury, including LEAs that report no incidents.

Grades	# Expulsions for Violent Incident Without Physical Injury	# LEAs Reporting
K through 5		0
6 through 8	2	2
9 through 12	5	4
Comments:		

Source – Initially, pre-populated from ED*Facts* file N/X030 for data group 523. If necessary, it is updated by the SEA.

Note: The tables in this section and 2.7.2.3 replace section 2.7.2.2 of the SY 2005-06 CSPR, which collected data on physical fighting.

2.7.2.3 Out-of-School Suspensions and Expulsions for Violent Incident with Physical Injury

The following questions collect data on violent incident with physical injury.

2.7.2.3.1 Out-of-School Suspensions for Violent Incident with Physical Injury

In the table below, provide the number of out-of-school suspensions for violent incident with physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident with physical injury, including LEAs that report no incidents.

Grades	# Suspensions for Violent Incident with Physical Injury	# LEAs Reporting
K through 5	1675	101
6 through 8	2731	107
9 through 12	1892	105
Comments:		

Source – Initially, pre-populated from ED*Facts* file N/X030 for data group 523. If necessary, it is updated by the SEA.

Note: The tables in this section and 2.7.2.2 replace section 2.7.2.2 of the SY 2005-06 CSPR, which collected data on physical fighting.

2.7.2.3.2 Out-of-School Expulsions for Violent Incident with Physical Injury

In the table below, provide the number of out-of school expulsions for violent incident with physical injury by grade level. Also, provide the number of LEAs that reported data on violent incident with physical injury, including LEAs that report no incidents.

Grades	# Expulsions for Violent Incident with Physical Injury	# LEAs Reporting
K through 5		0
6 through 8		0
9 through 12	5	3
Comments:		

Source – Initially, pre-populated from ED*Facts* file N/X030 for data group 523. If necessary, it is updated by the SEA.

Note: The tables in this section and 2.7.2.2 replace section 2.7.2.2 of the SY 2005-06 CSPR, which collected data on physical fighting.

2.7.2.4 Out-of-School Suspensions and Expulsions for Weapons Possession

The following sections collect data on weapons possession.

2.7.2.4.1 Out-of-School Suspensions for Weapons Possession

In the table below, provide the number of out-of-school suspensions for weapons possession by grade level. Also, provide the number of LEAs that reported data on weapons possession, including LEAs that report no incidents.

Grades	# Suspensions for Weapons Possession	# LEAs Reporting
K through 5	705	79
6 through 8	1409	102
9 through 12	1489	106
Comments:		

Source – Initially, pre-populated from ED*Facts* file N/X030 for data group 523. If necessary, it is updated by the SEA.

Note: This table was formerly part of section 2.7.2.3 of the SY 2005-06 CSPR. The data collection requirement to report by elementary, middle and high school has changed to the grades K through 5, 6 through 8, and 9 through 12 for the SY 2006-07 CSPR.

2.7.2.4.2 Out-of-School Expulsions for Weapons Possession

In the table below, provide the number of out-of-school expulsions for weapons possession by grade level. Also, provide the number of LEAs that reported data on weapons possession, including LEAs that report no incidents.

Grades	# Expulsion for Weapons Possession	# LEAs Reporting
K through 5		0
6 through 8	2	2
9 through 12	15	10
Comments:		

Source – Initially, pre-populated from ED*Facts* file N/X030 for data group 523. If necessary, it is updated by the SEA.

2.7.2.5 Out-of-School Suspensions and Expulsions for Alcohol-Related Incidents

The following questions collect data on alcohol-related incidents.

2.7.2.5.1 Out-of-School Suspensions for Alcohol-Related Incidents

In the table below, provide the number of out-of-school suspensions for alcohol-related incidents by grade level. Also, provide the number of LEAs that reported data on alcohol-related incidents, including LEAs that report no incidents.

Grades	# Suspensions for Alcohol-Related Incidents	# LEAs Reporting
K through 5	10	6
6 through 8	194	51
9 through 12	747	94
Comments:		

Source – Initially, pre-populated from ED*Facts* file N/X030 for data group 523. If necessary, it is updated by the SEA.

Note: This table was formerly part of section 2.7.2.4 of the SY 2005-06 CSPR. The data collection requirement to report by elementary, middle and high school has changed to the grades K through 5, 6 through 8, and 9 through 12 for the SY 2006-07 CSPR.

2.7.2.5.2 Out-of-School Expulsions for Alcohol-Related Incidents

In the table below, provide the number of out-of-school expulsions for alcohol-related incidents by grade level. Also, provide the number of LEAs that reported data on alcohol-related incidents, including LEAs that report no incidents.

Grades	# Expulsion for Alcohol-Related Incidents	# LEAs Reporting
K through 5		0
6 through 8		0
9 through 12	1	1
Comments:		

Source – Initially, pre-populated from ED*Facts* file N/X030 for data group 523. If necessary, it is updated by the SEA.

Note: This table was formerly part of section 2.7.2.4 of the SY 2005-06 CSPR. The data collection requirement to report by elementary, middle and high school has changed to the grades K through 5, 6 through 8, and 9 through 12 for the SY 2006-07 CSPR.

2.7.2.6 Out-of-School Suspensions and Expulsions for Illicit Drug-Related Incidents

The following questions collect data on illicit drug-related incidents.

2.7.2.6.1 Out-of-School Suspensions for Illicit Drug-Related Incidents

In the table below, provide the number of out-of-school suspensions for illicit drug-related incidents by grade level. Also, provide the number of LEAs that reported data on illicit drug-related incidents, including LEAs that report no incidents.

Grades	# Suspensions for Illicit Drug-Related Incidents	# LEAs Reporting
K through 5	57	24
6 through 8	877	87
9 through 12	2730	111
Comments:		

Source – Initially, pre-populated from *EDFacts* file N/X030 for data group 523. If necessary, it is updated by the SEA.

Note: This table was formerly part of section 2.7.2.5 of the SY 2005-06 CSPR. The data collection requirement to report by elementary, middle and high school has changed to the grades K through 5, 6 through 8, and 9 through 12 for the SY 2006-07 CSPR.

2.7.2.6.2 Out-of-School Expulsions for Illicit Drug-Related Incidents

In the table below, provide the number of out-of-school expulsions for illicit drug-related incidents by grade level. Also, provide the number of LEAs that reported data on illicit drug-related incidents, including LEAs that report no incidents.

Grades	# Expulsion for Illicit Drug-Related Incidents	# LEAs Reporting
K through 5		0
6 through 8	3	2
9 through 12	16	9

2.7.3 Parent Involvement

In the table below, provide the types of efforts your State uses to inform parents of, and include parents in, drug and violence prevention efforts. Place a check mark next to the five most common efforts underway in your State. If there are other efforts underway in your State not captured on the list, add those in the other specify section.

Yes/No	Parental Involvement Activities
<u>Yes</u>	Information dissemination on Web sites and in publications, including newsletters, guides, brochures, and "report cards" on school performance
<u>No Response</u>	Training and technical assistance to LEAs on recruiting and involving parents
<u>No Response</u>	State requirement that parents must be included on LEA advisory councils
<u>Yes</u>	State and local parent training, meetings, conferences, and workshops
<u>No Response</u>	Parent involvement in State-level advisory groups
<u>Yes</u>	Parent involvement in school-based teams or community coalitions
<u>Yes</u>	Parent surveys, focus groups, and/or other assessments of parent needs and program effectiveness
<u>Yes</u>	Media and other campaigns (Public service announcements, red ribbon campaigns, kick-off events, parenting awareness month, safe schools week, family day, etc.) to raise parental awareness of drug and alcohol or safety issues
<u>No Response</u>	Other Specify 1
<u>No Response</u>	Other Specify 2

Note: This data collection has been changed from a manual text entry to a check box format for the SY 2006-07 CSPR.

2.8 INNOVATIVE PROGRAMS (TITLE V, PART A)

This section collects information pursuant to Title V, Part A of the *Elementary and Secondary Education Act (ESEA)*, as amended.

2.8.1 Annual Statewide Summary

Section 5122 of *ESEA*, as amended, requires States to provide an annual Statewide summary of how Title V, Part A funds contribute to the improvement of student academic performance and the quality of education for students. In addition, these summaries must be based on evaluations provided to the State by LEAs receiving program funds.

Please attach your statewide summary. You can upload file by entering the file name and location in the box below or use the browse button to search for the file as you would when attaching a file to an e-mail. The maximum file size for this upload is 4 meg.

Note: This data collection was formerly section 2.8.8 of the SY 2005-06 CSPR.

2.8.2 Needs Assessments

In the table below, provide the number of LEAs that completed a Title V, Part A needs assessment that the State determined to be credible and the total number of LEAs that received Title V, Part A funds. The percentage column is automatically calculated.

	# LEAs	%
Completed credible Title V, Part A needs assessments	154	130.5
Total received Title V, Part A funds	118	
Comments: Charter schools are considered LEAs in NC.		

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly section 2.8.9 of the SY 2005-06 CSPR. For the SY 2006-07 CSPR, the number of LEAs and percentage of LEAs that completed credible Title V, Part A needs assessments is a new data collection.

2.8.3 LEA Expenditures

In the table below, provide the amount of Title V, Part A funds expended by the LEAs. The percentage column will be automatically calculated.

The **4 strategic priorities** are: (1) support student achievement, enhance reading and mathematics, (2) improve the quality of teachers, (3) ensure that schools are safe and drug free, and (4) promote access for all students to a quality education.

Activities authorized under Section 5131 of the *ESEA* that are included in the four strategic priorities are 1-5, 7-9, 12, 14-17, 19-20, 22, and 25-27. Authorized activities that are not included in the four strategic priorities are 6, 10-11, 13, 18, 21, and 23-24.

	\$ Amount	%
Title V, Part A funds expended by LEAs for the four strategic priorities	1013523	46.2
Total Title V, Part A funds expended by LEAs	2195687	
Comments:		

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly section 2.8.10 of the SY 2005-06 CSPR. For the SY 2006-07 CSPR, the total amount of Title V, Part A funds expended by LEAs is a new data collection.

2.8.4 LEA Uses of Funds for the Four Strategic Priorities and AYP

In the table below, provide the number of LEAs:

1. That used **at least 85 percent** of their Title V, Part A funds for the four strategic priorities above and the number of these LEAs that met their State's definition of adequate yearly progress (AYP).
2. That did **not** use **at least 85 percent** of their Title V, Part A funds for the four strategic priorities and the number of these LEAs that met their State's definition of AYP.
3. For which you **do not know** whether they used at least 85 percent of their Title V, Part A funds for the four strategic priorities and the number of these LEAs that met their State's definition of AYP.

The total LEAs receiving Title V, Part A funds will be automatically calculated.

	# LEAs	# LEAs Met AYP
1. <u>Used</u> at least 85 percent of their Title V, Part A funds for the four strategic priorities	46	1
2. Did <u>not</u> use at least 85 percent of their Title V, Part A funds for the four strategic priorities	70	1
3. Not known whether they used at least 85 percent of their Title V, Part A funds for the four strategic priorities	37	1
Total LEAs receiving Title V, Part A funds	153	3

Note: This table was formerly section 2.8.11 of the SY 2005-06 CSPR. For the SY 2006-07 CSPR, the data collection for States to report not knowing whether they used at least 85 percent of their Title V, Part A funds is a new data collection.

2.9 RURAL EDUCATION ACHIEVEMENT PROGRAM (REAP) (TITLE VI, PART B, SUBPARTS 1 AND 2)

This section collects data on the Rural Education Achievement Program (REAP) Title VI, Part B, Subparts 1 and 2.

2.9.1 LEA Use of Alternative Funding Authority Under the Small Rural Achievement (SRSA) Program (Title VI, Part B, Subpart 1)

In the table below, provide the number of LEAs that notified the State of their intent to use the alternative uses funding authority under Section 6211.

	# LEAs
# LEA's using SRSA alternative uses of funding authority	25
Comments:	

Source – Manual entry by SEA into the online collection tool.

2.9.2 LEA Use of Rural Low-Income Schools Program (RLIS) (Title VI, Part B, Subpart 2) Grant Funds

In the table below, provide the number of eligible LEAs that used RLIS funds for each of the listed purposes.

Purpose	# LEAs
1. Teacher recruitment and retention, including the use of signing bonuses and other financial incentives	8
2. Teacher professional development, including programs that train teachers to utilize technology to improve teaching and to train special needs teachers	16
3. Educational technology, including software and hardware as described in Title II, Part D	2
4. Parental involvement activities	5
5. Activities authorized under the Safe and Drug-Free Schools Program (Title IV, Part A)	11
6. Activities authorized under Title I, Part A	10
7. Activities authorized under Title III (Language instruction for LEP and immigrant students)	2

Note: This table was formerly section 2.9.2.1 of the SY 2005-06 CSPR.

2.9.2.1 Goals and Objectives

In the space below, describe the progress the State has made in meeting the goals and objectives for the Rural Low-Income Schools (RLIS) Program as described in its June 2002 Consolidated State application. Provide quantitative data where available.

The response is limited to 8,000 characters.

Thirty-five RLIS districts that received this funding in 06-07 have been reviewed relating to the goals and objectives in the consolidated plan and the results are as follows:

1. Increase in number of LEAs using RLIS: There was an increase in the number of LEAs using RLIS funds from 33 to 35 from 2005-2006 to 2006-2007.
2. Percent of students performing at or above increase by 5%: In math of the 35 LEAs, 15 were at 5% or over, one LEA growth was 10.7%, and seven had a 4 to 5% increase. In reading no LEA grew by 5%. Two LEAs were over 4% and the majority grew by 2+%. Eight LEAs had negative growth.
3. Student access to technology: two LEAs used RLIS funds for technology and as a result 8343 more students had access to technology.
4. Students graduating from high school of those LEAs that used RLIS funds to support that effort: Of the 31 LEAs receiving RLIS funds, 18 LEAs had graduation rates that increased by 5% from 2006 to 2007.

2.10 FUNDING TRANSFERABILITY FOR STATE AND LOCAL EDUCATIONAL AGENCIES (TITLE VI, PART A, SUBPART 2)

2.10.1 State Transferability of Funds

Did the State transfer funds under the State Transferability authority of Section 6123(a) during SY 2006-07?	Yes
Comments:	

Source – Manual entry by SEA into the online collection tool.

2.10.2 Local Educational Agency (LEA) Transferability of Funds

Number of LEAs that notified the State that they were transferring funds under the LEA Transferability authority of Section 6123(b).	0
Comments:	

Source – Manual entry by SEA into the online collection tool.

2.10.2.1 Use of Funds

In the tables below, provide the total number of LEAs that transferred funds to and from each eligible program and the total amount of funds transferred to and from each eligible program.

Program	# LEAs Transferring Funds <u>TO</u> Eligible Program	Total Amount of Funds Transferred <u>TO</u> Eligible Program
Improving Teacher Quality State Grants (Section 2121)	0	0.00
Educational Technology State Grants (Section 2412(a)(2)(A))	0	0.00
Safe and Drug-Free Schools and Communities (Section 4112(b)(1))	0	0.00
State Grants for Innovative Programs (Section 5112(a))	0	0.00
Title I, Part A, Improving Basic Programs Operated by LEAs	0	0.00

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly part of section 2.10.2.2 of the SY 2005-06 CSPR.

Program	# LEAs Transferring Funds <u>FROM</u> Eligible Program	Total Amount of Funds Transferred <u>FROM</u> Eligible Program
Improving Teacher Quality State Grants (Section 2121)	0	0.00
Educational Technology State Grants (Section 2412(a)(2)(A))	0	0.00
Safe and Drug-Free Schools and Communities (Section 4112(b)(1))	0	0.00
State Grants for Innovative Programs (Section 5112(a))	0	0.00
