CHAPTER 1:

Those Entitled to Attend School
Article IX of the Constitution of North Carolina provides for a general and uniform system of free public schools to be provided throughout the state, wherein equal opportunities shall be provided for all students.

I. TUITION AND AGE

All children of the State, ages 5 through 20, as provided in the law are entitled to attend the public schools. Tuition is to be free of charge to all children of the State, and to every person of the State less than 21 years old who has not completed a standard high school course of study. (G.S. 115C-1) This age provision is modified in the case of children moving into the State to make it their legal residence after having entered school for their first year in the state from which they have moved. (G.S. 115C-364)

Notwithstanding the provisions of any other statute and without regard for the place of domicile of a parent or guardian, the cost of a free appropriate public education for a child with special needs who is placed in or assigned to a group home, foster home, or other similar facility, pursuant to state and federal law, is to be borne by the local board of education in which the group home, foster home, or similar facility is located. (G.S. 115C-140.1)

II. THOSE ENTITLED TO ATTEND SCHOOL

Unless otherwise assigned by the local board of education, the following students are entitled to attend the school in the district or attendance area in which they are domiciled:

A. All students who have passed the fifth anniversary of their birth on or before August 31 of the year are entitled to enroll in the public schools. (G.S. 115C-364) Prior to the 2010-2011 school year, the entry date was Oct 16th.

NOTE: - G.S. 115C-364 (a3) The child did not reach the age of 5 on or before August 31 of that school year, but has been attending school during that school year in another state in accordance with the laws or rules of that state before the child moved to and became a resident of North Carolina.

B. A child who has passed the fourth anniversary of his/her birth on or before April 16 may enter kindergarten if presented for enrollment no later than the end of the first month of the school year and if the principal of the school finds, based on information submitted by the child's parent or guardian, that the child is gifted and that the child has the maturity to justify admission to the school. The State Board of Education has established guidelines for the principal to use in making this finding; (G.S. 115C-364)

NOTE: The following link may also be helpful for school entry age requirements [http://stateboard.ncpublicschools.gov/legal-affairs/resources-1/school-entry-age](http://stateboard.ncpublicschools.gov/legal-affairs/resources-1/school-entry-age)

C. All students under the age of 21 years who are domiciled in a school administrative unit who have not been removed from school for cause, or who have not obtained a high school diploma, are entitled to all the privileges and advantages of the public schools to which they are assigned by the local boards of education, (G.S. 115C-366). Foreign Exchange students coming to North Carolina are not domiciles of North Carolina and must be enrolled as
Visiting Students. North Carolina domiciled students receiving their education as Foreign Exchange Students outside North Carolina must not be shown as enrolled in NC Public Schools during that time.

D. It is the policy of the State that every child of a homeless individual and every homeless child have access to a free, appropriate public education on the same basis of all children who are domiciled in this State; (G.S. 115C-366)

E. At the local board of education's discretion, students who are 21 years of age or older before the beginning of the school year in which they wish to enroll. Tuition may be charged; (G.S. 115C-366.1(a)(4))

NOTE: If a student is NOT identified as EC and starts school at the age of 21, the LEA would NOT get state funding for that student. If the student is identified as EC, the LEA would get state funding until the student reached the age of 22.

F. Children living in and cared for and supported by an institution established, operated, or incorporated for the purpose of rearing and caring for children who do not live with their parents are considered legal residents of the local education agency (LEA) in which the institution is located; (G.S. 115C-366)

G. A student who is not a domiciliary of an LEA may attend, without payment of tuition, the public schools of that LEA if the student resides with an adult domiciliary of that unit as a result of: the death, serious illness, or incarceration of a parent or legal guardian; the abandonment by a parent or legal guardian; the inability of the parent or legal guardian to provide adequate care and supervision due to his/her physical or mental condition; or the loss or uninhabitability of the student's home as a result of a natural disaster. The student must not be under a term of suspension or expulsion, and affidavits must be completed by the adult with whom the student resides and the student's parent, guardian, or legal custodian; (G.S. 115C-366)

H. Every deaf child and every blind child between the ages of six and 18 years of sound mind in North Carolina who shall be qualified for admission into a State school for the deaf or the blind shall attend a school that has an approved program for the deaf or the blind. In the case of a blind child, such child may attend a public school for a term of not less than nine months each year. (G.S. 115C-383)

I. A student who is not a domiciliary of an LEA may attend, without payment of tuition, the public schools of that LEA if the parent or legal guardian is on active military duty and is deployed out of the LEA in which the student resides. Evidence of the deployment must be provided prior to enrollment. Active Duty Training for less than 30 days is excluded. (115c-366)

J. A student who is not a domiciliary of an LEA may attend, without payment of tuition, the public schools of that LEA, if the parent or legal guardian is a member or veteran of the uniformed services who is severely injured and medically discharged, but only for a period of one year after the medical discharge or retirement of the parent or legal guardian.

K. A student who is not a domiciliary of an LEA may attend, without payment of tuition, the public schools of that LEA, if the parent or legal guardian is a member of the uniformed
services who dies as a result of injuries sustained on active duty, but only for a period of one year after the death. (115c-366)

L. A student domiciled in one local school administrative unit may be assigned either with or without the payment of tuition to a public school in another local school administrative unit upon the terms and conditions agreed to in writing between the local boards of education involved and entered in the official records of the boards. The assignment shall be effective only for the current school year, but may be renewed annually in the discretion of the boards involved. (115c-366)

M. A foreign exchange student may not initially enroll and attend a charter school where that charter school has instituted a lottery for admission to the school and where that school has a wait list of students, domiciled in the State of North Carolina wanting to attend the school at the time the foreign exchange student is presented for enrollment.

Residence and Domicile defined. - Residence simply indicates a person's actual place of abode, whether permanent or temporary, while domicile denotes one's permanent, established home as distinguished from a temporary, although actual, place of residence; furthermore, an emancipated minor may not establish a domicile different from his parents, surviving parents, or legal guardian, but may reside in a place separate from his parents. Place of employment has no inherent effect on the establishment of a domicile. If a parent or legal guardian is employed by the school system but is domiciled outside North Carolina they are not entitled to attend school and must be considered Visiting Students.

Foreign Exchange Student defined - A student, domiciled in a foreign county, which has come to the United States on a Student Visa (J-1) or a Cultural Exchange Visa (F-1) to participate in an educational study abroad program (one academic year or less) at a North Carolina public high school.

USED and US DOJ opinions on the rights of all children to enroll in school is located at: www.ncpublicschools.org/fbs/accounting/manuals/.

III. PRIVATE AND HOME SCHOOL STUDENTS

Local boards of education who choose to admit students for a portion of the school day who are enrolled in private schools or home schools must develop policies related to the admission and attendance of those students. State tuition must not be charged.

North Carolina Virtual Public School (NCVPS) class:
Local boards of education may register non-public school students for a NCVPS class upon verification from the NCVPS that such enrollment will not exclude enrolled public school students from registering for the class. The local board of education shall charge tuition, established by the State Board of Education in March of each year for all courses offered in the summer and following school year. The State Board will identify the portion of the tuition to be retained by the local board of education.

North Carolina Learn and Earn On-Line class:
Non-public school students have access to Learn and Earn On-Line courses by directly registering
through the established community college or university on-line course registration process. Therefore, non-public school students do not need to register through a public school.

**Home School:**
Prior to withdrawing a student, a parent or legal guardian must provide proof that the Notice of Intent to Operate a School form has been received by the Division of Non-Public Education (DNPE). For further information, DNPE has a website at [www.ncdnpe.org/](http://www.ncdnpe.org/).

**IV. DEFINITION OF A SCHOOL**

A SCHOOL is an organizational subdivision of a school system consisting of a group of pupils composed of one or more grade groups, organized as one unit with an assigned principal, or person acting in the capacity of principal, to give instruction of the type defined in the North Carolina Standard Course of Study, and housed in a school plant of one or more buildings.
CHAPTER 2:

Rules and Regulations of the State Board of Education
Governing Compulsory School Attendance
and Student Accounting
RULES AND REGULATIONS OF THE STATE BOARD OF EDUCATION
GOVERNING COMPULSORY SCHOOL ATTENDANCE
AND STUDENT ACCOUNTING

I. COMPULSORY ATTENDANCE AGES

In accordance with G.S. 115C-378, every parent, guardian, or custodian in North Carolina having charge or control of a student between the ages of 7 and 16 years shall cause the student to attend school continuously for a period equal to the time which the public school to which the student is assigned is in session. Every parent, guardian, or custodian in North Carolina having charge or control of a child under age seven who is enrolled in a public school in grades Kindergarten through two shall also cause the child to attend school continuously for a period equal to the time which the public school to which the child is assigned shall be in session unless the child has withdrawn from school. No person shall encourage, entice, or counsel any child of compulsory age to be unlawfully absent from school. The parent, guardian, or custodian of a child shall notify the school of the reason for each known absence of the child, in accordance with local school board policy.

The term "school" is defined to embrace all public schools and any nonpublic schools which have teachers and curricula that are approved by the State Board of Education.

II. ASSIGNMENT AND ENROLLMENT

Each local board of education is authorized and directed to provide for the assignment to a public school of each child residing within the local education agency (LEA) who is qualified under the laws of North Carolina for admission to a public school. (G.S. 115C-366)

III. REQUIREMENTS FOR ENTRANCE

A. A child, to be entitled to initial entry in the public schools, must have passed the fifth anniversary of his/her birth on or before August 31 of the year in which the child is presented for enrollment, and must be presented for enrollment any time during the first 120 days of the school year. (G.S. 115C-364)

NOTE: 115C-364(c), 130A-109 - mandatory for the principal to require the parent to furnish a certified copy of the child's birth certificate. It permits when the certificate is not available for school authorities to accept "competent and verifiable evidence as secondary proof of age, specifically including but not limited to: (i) a certified copy of any medical record of the child's birth issued by the treating physician or the hospital in which the child was born, or (ii) a certified copy of a birth certificate issued by a church, mosque, temple, or other religious institution that maintain birth records of its members." The bill is silent on the time period for the parent to produce the birth certificate. (By contrast G.S. 130A-155 provides 30 days for immunization records).

B. A child who has passed the fourth anniversary of his/her birth on or before April 16 may enter kindergarten if presented for enrollment no later than the end of the first month of the school year and if the principal of the school finds, based on information submitted by the
child's parent or guardian, that the child is gifted and that the child has the maturity to justify admission to the school. The State Board of Education has established guidelines for the principal to use in making this finding. (G.S. 115C-364)

C. No child may attend a school (Pre-K-12), whether public, private, or religious, or a day-care facility as defined in G.S. 110-86(3), unless a certificate of immunization indicating that the child has received the immunizations required by G.S. 130A-152, is presented to the school or facility (G.S. 130A-155). "In North Carolina, every child present in this State shall be immunized against diphtheria, tetanus, whooping cough, poliomyelitis, varicella (chickenpox), hepatitis B, haemophilus influenza type B (Hib), red measles (rubeola), mumps, and rubella." See note under A above.

D. No child (except hospital/homebound, staggered Kindergarten, Teacher-in-Treatment, or Medically Fragile) may be enrolled in school unless they are present at school on the date of enrollment.

E. When a student transfers into the public schools of an LEA, the local board of education shall require that the student's parent, guardian, or custodian provide a statement made under oath or affirmation before a qualified official indicating whether the student is, at that time, under suspension or expulsion from attendance at a private or public school in this or any other state or has been convicted of a felony in this or any other state. (G.S. 115C-366)

IV. ATTENDANCE

A. Attendance must be taken each day of the school year. In order to be considered in attendance, a student (except for hospital/homebound or staggered kindergarten) must be present in the school for the school day or at a place other than the school with the approval of the appropriate school official for the purpose of attending an authorized school activity. Such activities may include field trips, athletic contests, student conventions, musical festivals, or any similar approved activity.

B. Except as noted in IV.A. above, a student must be present at least one-half of the school's instructional day in order to be recorded present for that day.

C. Hospital/Homebound:

If a student is confined at home or in a hospital, is unable to attend school, and is receiving homebound instruction from his/her home school/LEA, he/she is to be considered Hospital/Homebound. Once school/LEA personnel have made contact (a face-to-face meeting) with the student to provide instruction, the student should be counted PRESENT. The student should continue to be counted present for the span of time during which regularly scheduled hospital/homebound instructional services are delivered. (Supporting documentation should be maintained at the school.) Students who are identified as having a disability under the federal Individuals with Disabilities Education Improvement Act (IDEA) or the corresponding Article 9 of Chapter 115C of the NC General Statutes, and whose IEPs are developed according to the specifications of those laws may be considered Homebound based on the IEP.

The IEP of the above mentioned student(s) must be developed by a duly constituted
multidisciplinary team familiar with the student's unique, individual needs, using a variety of recent evaluative data and documentation. The IEP can legitimize an instructional day (or week) for a student with disabilities that is shorter than the instructional day (or week) for other, non-disabled students. In these cases the Homebound Attendance Policy can be applied.

NOTE: PowerSchool will No-Show students if the user of the system goes to the Daily Headcount Adjustment screen to view student that have not attended. This screen is also to be used to adjust enrollment days of student that did not attend on their enrollment day. Students that are not in attendance are to be marked absent starting the first instructional day of the current school year. The only students that can be officially enrolled and absent on the enrollment day are student absent with the 1H/1M codes. Reference the following documents for assistance:
www.nc-sis.org/Documents/attendance/PS_QRD_Enrollment_Attendance_Audit_v2.5.pdf

D. Lawful Absences:

The superintendent, principal, or teacher who is in charge of a school has the right to excuse a student temporarily from attendance on account of sickness or other unavoidable cause. (Below are the valid/lawful excuses for temporary nonattendance of a student at school.)

1. **Illness or Injury**: When the absence results from illness or injury which prevents the student from being physically able to attend school.

2. **Quarantine**: When isolation of the student is ordered by the local health officer or by the State Board of Health.

3. **Death in the Immediate Family**: When the absence results from the death of a member of the immediate family of the student. For the purpose of this regulation, the immediate family of a student includes, but is not necessarily limited to, grandparents, parents, brothers, and sisters.

4. **Medical or Dental Appointments**: When the absence results from a medical or dental appointment of a student.

5. **Court or Administrative Proceedings**: When the absence results from the attendance of a student at the proceedings of a court or an administrative tribunal if the student is a party to the action or under subpoena as a witness. The Local Board of Education can be considered an administrative tribunal.

6. **Religious Observance**: School principals are required to authorize a minimum of two excused absences each academic year for religious observances required by faith of a student or a student's parents. The student shall be given the opportunity to make up any tests or other work missed due to this excused absence. (S.L. 2010-112)

7. **Educational Opportunity**: When it is demonstrated that the purpose of the absence is to take advantage of a valid education opportunity, such as travel. Approval for such an absence must be granted prior to the absence. This would include, but is not limited to, a student serving as a legislative page or a governor's page.
8. **Local School Board Policy:** LEAs may excuse temporary or occasional absences for other reasons in accordance with local school board policies, provided that the student has been in attendance for at least one-half of a school day during the current school year.

9. **Absence related to Deployment Activities:** A student whose parent or legal guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or immediately returned from deployment to a combat zone or combat support posting for the purpose of visiting said parent or legal guardian. (G.S. 115C-407.5Article V (E) )

10. **Child Care:** Absences due to the illness or medical appointment during school hours of a child of whom the student is the custodial parent are to be coded excused (lawful). (G.S.115C-375.5)

**NOTE:** PowerSchool Codes are listed in Appendix C.

**NOTE:** Suspension is not included in this list of Lawful (excused) absences but the “3” code for suspension is to be coded/mapped as an excused absence in the school’s student information tracking system which is currently PowerSchool.

**E. Medically Fragile:**

Students who are medically fragile are frequently absent from school, and their absences are directly related to their severe or life threatening physical condition.

A medically fragile student is identified as follows:

A student who qualifies for special education in one of the existing categories of disability and for whom a licensed medical doctor has provided documentation that an associated or accompanying chronic illness is so severe as to affect the student's school attendance. A medically fragile student is one whose illness frequently places him/her in life threatening situations. In addition, he/she may be technology-dependent for life support systems, i.e., tracheotomy, gastrostomy, etc.

Rare instances may exist in which a child does not qualify for special education as defined in the Individuals with Disabilities Education Act (IDEA). However, the child would unquestionably meet the definition of disabled under Section 504 of the Rehabilitation Act of 1973, and thus would be eligible for consideration as a medically fragile student.

The absence of medically fragile students will be recorded as **1H Absences on the Principal's Monthly Report.**

**NOTE:** Medically fragile absences are not included by the Department of Public Instruction in the calculation of a school's attendance rate.

**F. Staggered Kindergarten:**

Staggered Kindergarten enrollment programs are limited to the beginning of the school year.
Kindergarten is the only grade for which a staggered enrollment program may be used. In order to allow staggered enrollment programs for Kindergarten to operate without adversely affecting a school's ADM or attendance rate, the following procedure is to be used.

1. Enroll all participating Kindergartners on Day 01.

2. Students should be counted present on days assigned to be at home.

Kindergarten students that did not participate in the Staggered Kindergarten Program or are presented for enrollment after the program's termination should have an enrollment date on the first day they are present in accordance with Chapter 2 Section III.

G. **Teacher-in-Treatment Program:**

Students who are participating in the Teacher-in-Treatment Program should remain in membership in their home school. Their days of participation should be posted as absences using the reason Teacher-in-Treatment. The absences will be recorded as a 1H on the Principal's Monthly report.

**Current Teacher-in-Treatment Program sites are:**

**Eckerd Youth Camps** are not part of the Teacher-in-Treatment Program and should be considered as a non-public, appropriate educational program. Students enrolled in Eckerd Youth Camp facilities are to be withdrawn from your school using the W1 Code – Transferred to another school or appropriate educational program.

H. **Unlawful Absences:**

For students who are entitled to attend public school and who have enrolled in a public school, *unlawful* absence is defined as:

1. A student's willful absence from school with or without the knowledge of the parent; or

2. A student's absence from school for any reason other than those listed in Chapter 2, Section IV.D., under "Lawful Absences."

3. When students are not permitted to attend school because they lack proper immunization. Code **2B** in PowerSchool is suggested for immunization absence tracking.

**G. S. 130A-155 - Description:** The 2009-10 School Attendance and Student Account Manual policy for students who do not have the proper immunizations states that their absences, when not allowed to attend school for lack of immunizations are to be coded as suspensions. In discussions with the North Carolina
Attorney General's Office, we have determined that a policy change is required to code the absence, due to a student's lack of immunizations as an unlawful absence instead of suspensions beginning July 1, 2010.

NOTE: Unlawful absences must be recorded for proper calculation of average daily membership (ADM). Unlawful absences must also be recorded to meet the requirements of the Compulsory Attendance Law.

I. Make Up Days for At-Risk Students:

Identified At-Risk students who miss days or classes may be allowed to make them up during non-school hours. Time must be made up on an hour-for-hour/day-for-day basis with participation limited to those students who fit an LEA's criteria for identification as an At-Risk student. Manual records must be kept to identify makeup time for At-Risk students. This information is to be kept in the student folder to use in addition to the student's official attendance record from the student information system.

J. Suspensions and Expulsions:

1. Short-Term Suspension (G.S. 115C-390.5)
   (a) The principal shall have authority to impose short-term suspension on a student who willfully engages in conduct that violates a provision of the Code of Student Conduct authorizing short-term suspension.
   (b) If a student's short-term suspensions accumulate to more than 10 days in a semester, to the extent the principal has not already done so, he or she shall invoke the mechanisms provided for in the applicable safe schools plan adopted pursuant to G.S. 115C-105.47(b)(5) and (b)(6).
   (c) A student subject to short-term suspension shall be provided the following:
      (1) The opportunity to take textbooks home for the duration of the suspension.
      (2) Upon request, the right to receive all missed assignments and, to the extent practicable, the materials distributed to students in connection with the assignment.
      (3) The opportunity to take any quarterly, semester, or grading period examinations missed during the suspension period.

2. Short-Term Suspension procedures (G.S. 115C-390.5)
   (a) Except as authorized in this section, no short-term suspension shall be imposed upon a student without first providing the student an opportunity for an informal hearing with the principal. The notice to the student of the charges may be oral or written, and the hearing may be held immediately after the notice is given. The student has the right to be present, to be informed of the charges and the basis for the accusations, and to make statements in defense or mitigation of the charges.
   (b) The principal may impose a short-term suspension without providing the student an opportunity for a hearing if the presence of the student creates a direct and immediate threat to the safety of other students or staff, or substantially disrupts or interferes with the education of other students or the maintenance of discipline at the school. In such cases, the notice of the charges and informal hearing described in subsection (a) of this section shall occur as soon as practicable.
   (c) The principal shall provide notice to the student's parent of any short-term suspension, including the reason for the suspension and a description of the alleged
student conduct upon which the suspension is based. The notice shall be given by the end of the workday during which the suspension is imposed when reasonably possible, but in no event more than two days after the suspension is imposed. The notice shall be given by certified mail, telephone, facsimile, e-mail, or any other method reasonably designed to achieve actual notice.

(d) If English is the second language of the parent, the notice shall be provided in the parent's primary language, when the appropriate foreign language resources are readily available, and in English, and both versions shall be in plain language and shall be easily understandable.

(e) A student is not entitled to appeal the principal's decision to impose a short-term suspension to the superintendent or local board of education. Further, such a decision is not subject to judicial review. Notwithstanding this subsection, the local board of education, in its discretion, may provide students an opportunity for a review or appeal of a short-term suspension to the superintendent or local board of education.

3. Long-Term Suspension (G.S. 115C-390.7)

(a) A principal may recommend to the superintendent the long-term suspension of any student who willfully engages in conduct that violates a provision of the Code of Student Conduct that authorizes long-term suspension. Only the superintendent has the authority to long-term suspend a student.

(b) Before the superintendent's imposition of a long-term suspension, the student must be provided an opportunity for a hearing consistent with G.S. 115C-390.8.

(c) If the student recommended for long-term suspension declines the opportunity for a hearing, the superintendent shall review the circumstances of the recommended long-term suspension. Following such review, the superintendent (i) may impose the suspension if it is consistent with board policies and appropriate under the circumstances, (ii) may impose another appropriate penalty authorized by board policy, or (iii) may decline to impose any penalty.

(d) If a teacher is assaulted or injured by a student and as a result the student is long-term suspended or reassigned to alternative education services, the student shall not be returned to that teacher's classroom unless the teacher consents.

(e) Disciplinary reassignment of a student to a full-time educational program that meets the academic requirements of the standard course of study established by the State Board of Education as provided in G.S. 115C-12 and provides the student with the opportunity to make timely progress towards graduation and grade promotion is not a long-term suspension requiring the due process procedures described in G.S. 115C-390.8.

4. Long-Term Suspension Procedures (G.S. 115C-390.8)

(a) When a student is recommended by the principal for long-term suspension, the principal shall give written notice to the student's parent. The notice shall be provided to the student's parent by the end of the workday during which the suspension was recommended when reasonably possible or as soon thereafter as practicable. The written notice shall provide at least the following information:

(1) A description of the incident and the student's conduct that led to the long-term suspension recommendation.

(2) A reference to the provisions of the Code of Student Conduct that the student is alleged to have violated.
(3) The specific process by which the parent may request a hearing to contest the decision, including the number of days within which the hearing must be requested.

(4) The process by which a hearing will be held, including, at a minimum, the procedures described in subsection (e) of this section.

(5) Notice that the parent is permitted to retain an attorney to represent the student in the hearing process.

(6) The extent to which the local board policy permits the parent to have an advocate, instead of an attorney, accompany the student to assist in the presentation of his or her appeal.

(7) Notice that the parent has the right to review and obtain copies of the student's educational records before the hearing.

(8) A reference to the local board policy on the expungement of discipline records as required by G.S. 115C-402.

(b) Written notice may be provided by certified mail, fax, e-mail, or any other written method reasonably designed to achieve actual notice of the recommendation for long-term suspension. When school personnel are aware that English is not the primary language of the parent or guardian, the notice shall be written in both English and in the primary language of the parent or guardian when the appropriate foreign language resources are readily available. All notices described in this section shall be written in plain English, and shall include the following information translated into the dominant non-English language used by residents within the local school administrative unit:

(1) The nature of the document, i.e., that it is a long-term suspension notice.

(2) The process by which the parent may request a hearing to contest the long-term suspension.

(3) The identity and phone number of a school employee that the parent may call to obtain assistance in understanding the English language information included in the document.

(c) No long-term suspension shall be imposed on a student until an opportunity for a formal hearing is provided to the student. If a hearing is timely requested, it shall be held and a decision issued before a long-term suspension is imposed, except as otherwise provided in this subsection. The student and parent shall be given reasonable notice of the time and place of the hearing.

(1) If no hearing is timely requested, the superintendent shall follow the procedures described in G.S. 115C-390.7(c).

(2) If the student or parent requests a postponement of the hearing, or if the hearing is requested beyond the time set for such request, the hearing shall be scheduled, but the student shall not have the right to return to school pending the hearing.

(3) If neither the student nor parent appears for the scheduled hearing, after having been given reasonable notice of the time and place of the hearing, the parent and student are deemed to have waived the right to a hearing and the superintendent shall conduct the review required by G.S. 115C-390.7(c).

(d) The formal hearing may be conducted by the local board of education, by the superintendent, or by a person or group of persons appointed by the local board or superintendent to serve as a hearing officer or hearing panel. Neither the board nor the superintendent shall appoint any individual to serve as a hearing officer or on a hearing panel who is under the direct supervision of the principal recommending suspension. If the hearing is conducted by an appointed hearing officer or hearing
panel, such officer or panel shall determine the relevant facts and credibility of witnesses based on the evidence presented at the hearing. Following the hearing, the superintendent or local board shall make a final decision regarding the suspension. The superintendent or board shall adopt the hearing officer's or panel's factual determinations unless they are not supported by substantial evidence in the record.

(e) Long-term suspension hearings shall be conducted in accordance with policies adopted by the board of education. Such policies shall offer the student procedural due process including, but not limited to, the following:

1. The right to be represented at the hearing by counsel or, in the discretion of the local board, a non-attorney advocate.
2. The right to be present at the hearing, accompanied by his or her parents.
3. The right of the student, parent, and the student's representative to review before the hearing any audio or video recordings of the incident and, consistent with federal and State student records laws and regulations, the information supporting the suspension that may be presented as evidence at the hearing, including statements made by witnesses related to the charges consistent with subsection (h) of this section.
4. The right of the student, parent, or the student's representative to question witnesses appearing at the hearing.
5. The right to present evidence on his or her own behalf, which may include written statements or oral testimony, relating to the incident leading to the suspension, as well as any of the factors listed in G.S. 115C-390.2(g).
6. The right to have a record made of the hearing.
7. The right to make his or her own audio recording of the hearing.
8. The right to a written decision, based on substantial evidence presented at the hearing, either upholding, modifying, or rejecting the principal's recommendation of suspension and containing at least the following information:
   a. The basis for the decision, including a reference to any policy or rule that the student is determined to have violated.
   b. Notice of what information will be included in the student's official record pursuant to G.S. 115C-402.
   c. The student's right to appeal the decision and notice of the procedures for such appeal.

(f) Following the issuance of the decision, the superintendent shall implement the decision by authorizing the student's return to school or by imposing the suspension reflected in the decision.

(g) Unless the decision was made by the local board, the student may appeal the decision to the local board in accordance with G.S. 115C-45(c) and policies adopted by the board. Notwithstanding the provisions of G.S. 115C-45(c), a student's appeal to the board of a decision upholding a long-term suspension shall be heard and a final written decision issued in not more than 30 calendar days following the request for such appeal.

(h) Nothing in this section shall compel school officials to release names or other information that could allow the student or his or her representative to identify witnesses when such identification could create a safety risk for the witness.

(i) A decision of the local board to uphold the long-term suspension of a student is subject to judicial review in accordance with Article 4 of Chapter 150B of the General Statutes. The action must be brought within 30 days of the local board's decision. A person seeking judicial review shall file a petition in the superior court of
the county where the local board made its decision. Local rules notwithstanding, petitions for judicial review of a long-term suspension shall be set for hearing in the first succeeding term of superior court in the county following the filing of the certified copy of the official record.

5. **365-Day Suspension for Gun Possession** (G.S. 115C-390.10)
   (a) All local boards of education shall develop and implement written policies and procedures, as required by the federal Gun Free Schools Act, 20 U.S.C. § 7151, requiring suspension for 365 calendar days of any student who is determined to have brought or been in possession of a firearm or destructive device on educational property, or to a school-sponsored event off of educational property. A principal shall recommend to the superintendent the 365-day suspension of any student believed to have violated board policies regarding weapons. The superintendent has the authority to suspend for 365 days a student who has been recommended for such suspension by the principal when such recommendation is consistent with board policies. Notwithstanding the foregoing, the superintendent may modify, in writing, the required 365-day suspension for an individual student on a case-by-case basis. The superintendent shall not impose a 365-day suspension if the superintendent determines that the student took or received the firearm or destructive device from another person at school or found the firearm or destructive device at school, provided that the student delivered or reported the firearm or destructive device as soon as practicable to a law enforcement officer or a school employee and had no intent to use such firearm or destructive device in a harmful or threatening way.
   (b) The principal must report all incidents of firearms or destructive devices on educational property or at a school-sponsored event as required by G.S. 115C-288(g) and State Board of Education policy.
   (c) Nothing in this provision shall apply to a firearm that was brought onto educational property for activities approved and authorized by the local board of education, provided that the local board of education has adopted appropriate safeguards to protect student safety.
   (d) At the time the student and parent receive notice that the student is suspended for 365 days under this section, the superintendent shall provide notice to the student and the student's parent of the right to petition the local board of education for readmission pursuant to G.S. 115C-390.12.
   (e) The procedures described in G.S. 115C-390.8 apply to students facing a 365-day suspension pursuant to this section.
   (f) Students who are suspended for 365 days pursuant to this section shall be considered for alternative educational services consistent with the provisions of G.S. 115C-390.9.

6. **Expulsion** (G.S. 115C-390.11)
   (a) Upon recommendation of the superintendent, a local board of education may expel any student 14 years of age or older whose continued presence in school constitutes a clear threat to the safety of other students or school staff. Prior to the expulsion of any student, the local board shall conduct a hearing to determine whether the student's continued presence in school constitutes a clear threat to the safety of other students or school staff. The student shall be given reasonable notice of the recommendation in accordance with G.S. 115C-390.8(a) and (b), as well as reasonable notice of the time and place of the scheduled hearing.
a. The procedures described in G.S. 115C-390.8(e)(1)-(8) apply to students facing expulsion pursuant to this section, except that the decision to expel a student by the local board of education shall be based on clear and convincing evidence that the student's continued presence in school constitutes a clear threat to the safety of other students and school staff.

b. A local board of education may expel any student subject to G.S. 14-208.18 in accordance with the procedures of this section. Prior to ordering the expulsion of a student, the local board of education shall consider whether there are alternative education services that may be offered to the student. As provided by G.S. 14-208.18(f), if the local board of education determines that the student shall be provided educational services on school property, the student shall be under the supervision of school personnel at all times.

c. At the time a student is expelled under this section, the student shall be provided notice of the right to petition for readmission pursuant to G.S. 115C-390.12.

(b) During the expulsion, the student is not entitled to be present on any property of the local school administrative unit and is not considered a student of the local board of education. Nothing in this section shall prevent a local board of education from offering access to some type of alternative educational services that can be provided to the student in a manner that does not create safety risks to other students and school staff.

7. Notwithstanding the provisions of G.S. 115C-391, the policies and procedures for the discipline of students with disabilities shall be consistent with federal laws and regulations. (G.S. 115C-391(g))

8. A student must be recorded present in school when participating in any disciplinary techniques grouped under the term "in-school suspension."

9. When a student is expelled while under suspension, his/her withdrawal (W2) should be posted on the day the expulsion takes effect. The absences incurred during the suspension remain on the student's record.

10. Whenever a student is assigned a long term suspension to include the remainder of the school year or a short term suspension is converted to a long term suspension to include the remainder of the school year, a W2 withdrawal code should be posted to that student's record on the date of assignment or conversion. If there are Code 3 absences present they should remain.

11. **Alternative Education Services** (G.S. 115C-390.9)

(a) Students who are long-term suspended shall be offered alternative education services unless the superintendent provides a significant or important reason for declining to offer such services. The following may be significant or important reasons, depending on the circumstances and the nature and setting of the alternative education services:

1. The student exhibits violent behavior.
2. The student poses a threat to staff or other students.
3. The student substantially disrupts the learning process.
4. The student otherwise engaged in serious misconduct that makes the provision of alternative educational services not feasible.
5. Educationally appropriate alternative education services are not available in the local school administrative unit due to limited resources.
6. The student failed to comply with reasonable conditions for admittance into an alternative education program.

(b) If the superintendent declines to provide alternative education services to the suspended student, the student may seek review of such decision by the local board of education as permitted by G.S. 115C-45(c)(2). If the student seeks such review, the superintendent shall provide to the student and the local board, in advance of the board's review, a written explanation for the denial of services together with any documents or other information supporting the decision.

12. Request for Readmission (G.S. 115C-390.12)
   (a) All students suspended for 365 days or expelled may, after 180 calendar days from the date of the beginning of the student's suspension or expulsion, request in writing readmission to the local school administrative unit. The local board of education shall develop and publish written policies and procedures for the readmission of all students who have been expelled or suspended for 365 days, which shall provide, at a minimum, the following process:
   (1) The process for 365-day suspended students.
      a. At the local board's discretion, either the superintendent or the local board itself shall consider and decide on petitions for readmission. If the decision maker is the superintendent, the superintendent shall offer the student an opportunity for an in-person meeting. If the decision maker is the local board of education, the board may offer the student an in-person meeting or may make a determination based on the records submitted by the student and the superintendent.
      b. The student shall be readmitted if the student demonstrates to the satisfaction of the board or superintendent that the student's presence in school no longer constitutes a threat to the safety of other students or staff.
      c. A superintendent's decision not to readmit the student may be appealed to the local board of education pursuant to G.S. 115C-45(c). The superintendent shall notify the parents of the right to appeal.
      d. There is no right to judicial review of the board's decision not to readmit a 365-day suspended student.
      e. A decision on readmission under this subsection shall be issued within 30 days of the petition.
   (2) The process for expelled students.
      a. The board of education shall consider all petitions for readmission of expelled students, together with the recommendation of the superintendent on the matter, and shall rule on the request for readmission. The board shall consider the petition based on the records submitted by the student and the response by the administration and shall allow the parties to be heard in the same manner as provided by G.S. 115C-45(c).
      b. The student shall be readmitted if the student demonstrates to the satisfaction of the board or superintendent that his or her presence in a
school no longer constitutes a clear threat to the safety of other students or staff.

c. A decision by a board of education to deny readmission of an expelled student is not subject to judicial review.

d. An expelled student may subsequently request readmission not more often than every six months. The local board of education is not required to consider subsequent readmission petitions filed sooner than six months after the previous petition was filed.

e. A decision on readmission under this section shall be issued within 30 days of the petition.

(b) If a student is readmitted under this section, the board and the superintendent have the right to assign the student to any program within the school system and to place reasonable conditions on the readmission.

(c) If a teacher was assaulted or injured by a student, and as a result the student was expelled, the student shall not be returned to that teacher's classroom following readmission unless the teacher consents.

13. Assignment of Student to a Particular School (G.S. 115C-366)

(a5) Notwithstanding any other law, a local board may deny admission to or place reasonable conditions on the admission of a student who has been suspended from a school under G.S. 115C-390.5 through G.S. 115C-390.10 or who has been suspended from a school for conduct that could have led to a suspension from a school within the local school administrative unit where the student is seeking admission until the period of suspension has expired. Also, a local board may deny admission to or place reasonable conditions on the admission of a student who has been expelled from a school under G.S-115C-390.11 or who has been expelled from a school for behavior that indicated the student's continued presence in school constituted a clear threat to the safety of other students or staff as found by clear and convincing evidence, or who has been convicted of a felony in this or any other state. If the local board denies admission to a student who has been expelled or convicted of a felony, the student may request the local board to reconsider that decision in accordance with G.S. 115C-390.12. When a student who has been identified as eligible to receive special education and related services under the Individuals with Disabilities Education Act, 20 U.S.C. § 1400, et seq., is denied admission under this subsection, the local board shall provide educational services to the student to the same extent it would if the student were enrolled in the local school administrative unit at the time of the suspension or expulsion, as required by G.S. 115C-107.1(a)(3).

(h) The following definitions apply in this section:

(3) Educational decisions. – Decisions or actions recommended or required by the school concerning the student's academic course of study, extracurricular activities, and conduct. These decisions or actions include enrolling the student, receiving and responding to notices of discipline under G.S. 115C-390.5 through G.S. 115C-390.12, attending conferences with school personnel, granting permission for school-related activities, granting permission for emergency medical care, receiving and taking appropriate action in connection with student records, and any other decisions or actions recommended or required by the school in connection to that student.

NOTE: The absence of a student which results from the suspension or expulsion of that student for misconduct may not be used for a compulsory attendance violation action. Absences caused by out-of-school suspension are not a factor in the administration of the Ten Day Rule (below).

K. Ten Day Rule:
The State Board of Education Ten Day Rule states that when a student accumulates ten consecutive days of unlawful absences, he/she is to be withdrawn from funded membership as of the first day following his/her last day in attendance. The PowerSchool software automatically handles the administration of the Ten Day Rule. The software functions as follows:

1. On the day following the 10th consecutive unlawful absence, the student in violation of the 10 Day Rule will no longer be counted in the calculation of ADM as of the first day of the consecutive absences. However, he/she will continue to be enrolled in the school and attendance is to be taken with the appropriate reason code. If the student has 10 consecutive unexcused absences causing violation days and returns on the 11th day or after and this occurs in one school month, the 10 days will stay as violation days but the student will not show as a violation. If the student has 10 or more consecutive violation days occurring over a span of multiple months, the days will be reflected as violations depending on when the PMR data is processed as well as the student's violation status.

2. If and when the student returns to school, he/she is simply to be counted present for the days in attendance. Beginning on the first day the student returns and is counted present the student will once again be included in the calculation of the school's ADM. However, the consecutive violation days will continue to be excluded from ADM.

3. If and when it is determined the student with consecutive violation days is not returning to the school and is to be withdrawn, the withdrawal is to be posted on the first day after the student's last day in attendance.

4. Students under age 16 who are unlawfully absent for more than 10 consecutive absences are not to be withdrawn until their whereabouts are known or it is determined they have left the attendance area. Once students who continue to reside in the school's attendance area have been located, they should continue to be coded unlawfully absent as long as the reasons for their absences are unlawful.

5. If any student, regardless of age, is in violation of the Ten Day Rule on the last day of the school year, before submission of the Month 09 PMR, action must be taken to withdraw the student using the W2 Code on the first day after his/her last day in attendance.

NOTE: In PowerSchool, if a student is to be withdrawn, absences on and after the withdrawal date must be manually removed.

All eligible students, regardless of their Ten Day Rule status who are in membership at the school and are present on the day of the administration of the state required assessment, are required to participate in the testing. The testing results for the student will not be included in school growth or Annual Measurable Objectives (AMOs) if the student does not meet the 140 day accountability membership requirement. Either the Regional Accountability Coordinator or Accountability Services should be contacted before June 30 of the testing year.
to request adjustments.

V. RULES OF PROCEDURE IN LAW ENFORCEMENT

The Compulsory Attendance Law (G.S. 115C-378) states every parent, guardian, or custodian in North Carolina having charge or control of a student between the ages of 7 and 16 years shall cause the student to attend school continuously for a period equal to the time which the public school to which the student is assigned is in session. It prohibits any person from encouraging, enticing, or counseling the child to be unlawfully absent from school. The parent, guardian, or custodian of the child is required to notify the school of the reason for each known absence of the child, in accordance with local school policy.

NOTE: Parents who refuse to comply with the health regulations of a community, such as compulsory vaccination, thereby causing a student to be excluded from the school, or parents who permit a student to stay at home or to be employed in any way contrary to the Child Welfare Law (Chapter 110 of the General Statutes), are responsible for the nonattendance of the student.

Each LEA must enforce the state laws and regulations which relate to compulsory attendance. LEAs may adopt rules which allow teachers to consider a student's absences in the computation of the student's grades. (16 NCAC 6E.0103) School personnel have additional legal responsibilities for student attendance. They are listed below.

A. Duties of the Teacher:

The teacher is essential in the enforcement of the Compulsory Attendance Law. It is his/her duty:

1. To inform students and parents of the value and importance of regular school attendance through:
   a. Classroom activities,
   b. Programs and announcements at parent-teacher association and teachers' meetings, and
   c. The development of public sentiment in the community for regular school attendance;

2. To ascertain the cause of nonattendance and thus determine when an absence is lawful or unlawful (G.S. 115C-379); (The practice of requiring written excuses is recommended as a means of obtaining information as to the cause of absences. However, when a teacher obtains knowledge through another means that the cause of an absence is lawful and a written excuse is not provided, such absences should be reported as lawful.)

   Note: In PowerSchool, the teacher is considered the lead teacher.

3. To record absences and absence reason codes accurately to ensure implementation of the Ten Day Rule; (See Section IV.K. above.)

4. To maintain accurate student accounting records; (Attendance records shall be kept for each day of the school year.) and
5. To maintain the same student records for extended school day programs as those in regular school, in addition to those required in Chapter 3 of this publication, which relate to extended day student accounting records. (G.S. 115C-307[f][g]; G.S. 115C-308)

B. Duties of the Social Worker:

1. The primary responsibility of the social worker is to ensure the regular attendance of all students. The social worker shall, as prescribed by the law, investigate all violators of the Compulsory Attendance Law. (G.S. 115C-381)

2. The social worker must:
   a. Investigate all violators of the Compulsory Attendance Law reported to him/her by the principal;
   b. Work with the student and his/her family to analyze the causes of the absences and determine steps, including adjustments of the school program and obtaining supplemental services, to eliminate the problem; and
   c. Have authority to report and verify on oath, the necessary criminal warrants or other documents for the prosecution of violations of the Compulsory Attendance Law.

C. Duties of the Principal:

The principal, as executive officer of the school, has the following responsibilities for the enforcement of the Compulsory Attendance Law and the provisions of the North Carolina Administrative Code as approved by the State Board of Education:

1. He/she must, insofar as it relates to his/her activities, utilize the means outlined above in Section V.A.1 under "Duties of the Teacher" to inform students, parents, and teachers as to their respective duties with regard to school attendance. He/she must also perform his/her duties as specified above in Section V.B.1 under "Duties of the Social Worker."

2. He/she must provide such prescribed forms for use by himself/herself and the teachers working under his/her supervision. These forms should be secured from the local superintendent.

3. The principal or the principal's designee must notify the parent, guardian, or custodian of his/her child's excessive absences after the child has accumulated three unlawful absences in a school year. After not more than six unlawful absences, the principal or the principal's designee must notify the parent, guardian, or custodian by mail that he or she may be in violation of the Compulsory Attendance Law and may be prosecuted if the absences cannot be justified under the established attendance policies of the State and local boards of education.

After 10 accumulated unexcused absences in a school year, the principal or the principal's designee shall review any report or investigation prepared under G.S. 115C-381 and shall confer with the student and the student's parent, guardian, or custodian, if possible, to determine whether the parent, guardian, or custodian has received notification pursuant to this section and made a good faith effort to comply with the law. If the principal or the principal's designee determines that the parent,
guardian, or custodian has not made a good faith effort to comply with the law, the principal shall notify the district attorney and the director of social services of the county where the child resides. If the principal or the principal's designee determines that the parent, guardian, or custodian has made a good faith effort to comply with the law, the principal may file a complaint with the juvenile court counselor pursuant to Chapter 7B of the General Statutes that the child is habitually absent from school without a valid excuse.

4. In the case of a student or parent being reported to the court for failure of the student to attend school, and the principal is called as a witness, it shall be the principal's duty to appear when so called at the time and place specified, and have with him/her the teacher's report of unlawful absence. The teacher may also be called as a witness.

5. He/she must ensure that students are withdrawn on the day following their last day in attendance.

6. He/she must report, in writing, all cases of suspension or expulsion to the social worker and to the local superintendent.

D. **Duties of the Superintendent:**

The superintendent of the LEA is responsible for creating and encouraging public sentiment favorable to regular school attendance and to the enforcement of the Compulsory Attendance Law and the provisions of the North Carolina Administrative Code as approved by the State Board of Education.

1. He/she must endeavor to obtain cooperation among all concerned - students, parents, teachers, principals, social workers, and court officials - in the administration of the Compulsory Attendance Law.

2. Through teachers' meetings, parent-teacher association meetings, newspapers, periodical releases, and other media, he/she must keep the public informed about the value, importance, and necessity of regular school attendance. He/she must advise principals and teachers as to their duties and responsibilities in respect to the enforcement of the law.

3. He/she must arrange with the social worker for meetings with teachers and principals for discussions concerning school attendance and the enforcement of the Compulsory Attendance Law.

4. He/she must provide such forms and materials as are necessary for the administration of the Compulsory Attendance Law and of the rules and regulations of the State Board of Education, and distribute these materials to the school principals. (G.S. 115C-276)

5. He/she must maintain data on each student suspended for more than 10 days or expelled. (G.S. 115C-276)

E. **Penalty for Law Violation:**

Any parent, guardian, or other person violating the provisions of the Compulsory Attendance Law is guilty of a class 1 misdemeanor. (G.S. 115C-380)
VI. ATTENDANCE POLICIES

North Carolina G.S. 115C-84.2 has been rewritten by Session Law 2012-145 that says schools must have a minimum of 185 days or 1,025 hours of instruction. Attendance policies related to minimum days of attendance for course credit or promotion are established or authorized by the local board of education in each LEA, provided no other attendance policy (relating to minimum days of attendance, etc.) has been established in State Board of Education policy or state law.

VII. AVERAGE DAILY MEMBERSHIP

A. Enrollment is an increasing number which should not decrease after it is reported. Once enrolled, students will remain in membership until they have withdrawn. Membership is obtained by subtracting withdrawals from enrollment.

B. Average daily membership (ADM) for each school month is based on the sum of the number of days in membership for all non-violating students in individual LEAs, divided by the number of days in the school month. Initial allotments are based on the higher of the prior year's actual first two months of ADM or the projected higher of first two months of ADM.

C. Where classes are offered less than five days a week, all students shall be included in all enrollment figures for a 20 day month. However, a student shall be counted in membership only those days on which classes are offered. (Example: Classes offered four days a week in a regular school month of 20 days, would have only 16 days of classes, thus each student would only be counted 16/20 of a month in ADM.)

D. Students who are enrolled for only a fractional part of the school month by days will receive only a fractional part of the membership. (Example: A student enrolled three days a week would be shown in membership only 12 days per school month; the Principal's Monthly Report would show corresponding membership, sum of pupils in membership, etc.)

E. In situations where learning labs are utilized, the same procedure as in Item VII.C. above, shall be followed. (Example: A student who attends learning lab two days per week for six hours would be counted in ADM based only on the two days per week. The ADM would be 8/20 of a month.)

F. Students who participate part time in supervised work programs will be counted in membership only during that portion of their work schedule that they are under the supervision of LEA personnel and in an approved program of Workforce Development Education (formerly Vocational and Technical Education) in the North Carolina Department of Public Instruction.

G. To be included in ADM, a student must have a class schedule that is at least one half of the school's instructional day. Students who have a schedule less than one half of an instructional day must be assigned as visiting students and will not be included in ADM.

NOTE: No-Show and Enrollment date adjustment - PowerSchool will No-Show students if the user of the system goes to the Daily Headcount Adjustment screen to view students that have not attended. This screen is also to be used to adjust the enrollment date of students that did not attend on their enrollment day. The Daily Headcount Adjustment screen will only report students for possible entry date changes or no-show candidates if the students are marked absent starting the first instructional day.
of the current school year. The only students that can be officially absent on their enrollment day are students with the 1H code. Reference the following documents for assistance:

**NC Definition of Pre-Kindergarten**

Prekindergarten refers to a group or class that is part of a public school program or nonpublic program funded by state or federal sources to provide pre-kindergarten, and is taught in the year or years preceding kindergarten. Include all groups or classes that are (a) supported with state or federal funds for pre-kindergarten or public education funds or fees charged by local education agency, (b) administered by a public school or local education agency or local nonpublic agency contracted to provide pre-kindergarten with state or federal funding and (c) offered to children who are below the kindergarten age requirement, or meet some other criterion that establishes the state or local definition of pre-kindergarten.

Examples of pre-kindergarten include, but are not limited to, public school pre-kindergarten programs, Head Start programs that are administered by a local education agency, Head Start programs administered by nonpublic agencies, nonpublic community-based child care centers or agencies contracted to provide pre-kindergarten with state or federal funds, education services provided to students with disabilities who are below kindergarten age, or programs that are considered school district enterprise operations, that is, they are supported in part by fees for services.

Pre-kindergarten children are not included in Average Daily Membership calculations. Students Admitted and Registered in PowerSchool as MST1 in grade level PK are reported on the Principal's Monthly Report in a manner that excludes them for any calculations and totals. Students in grade levels P0, P1, P2 and P3 will also be MST1 and will not be included in Average Daily Membership. The totals for P0 – P3 will be grouped under the PK totals on the PMR.
VIII. AVERAGE DAILY MEMBERSHIP CALCULATION

Average Daily Membership (ADM) is a calculation using data from the Principal's Monthly Report. The calculation uses the number of days in the school month and the number of Non-violation (NVIO) Membership Days. The number of days in the month is found on the 5th line in the upper left area of the PMR. Membership days are found in the column labeled Membership Days NVIO.

NOTE: All schools must have 20 days in months 1 and 2. If general statute or State Board of Education policy allows a school to be funded using ADM from a month other than month 1 or 2, that month must also have only 20 days. The other days in the calendar are to be distributed evenly throughout the rest of the school year.

The calculation is as follows:

Membership Days NVIO divided by Number of Days in School Month rounded to the nearest whole number. This is done for EACH GRADE LEVEL. This produces the ADM by grade level. Once the grade level ADM is calculated they are added together to determine the ADM for the school. Each school's ADM in the LEA is added together to determine the LEA's ADM.

Using the PowerSchool PMR on the next page as an example the ADM is:

<table>
<thead>
<tr>
<th>Membership Days NVIO</th>
<th>Days in Month</th>
<th>Grade level ADM</th>
</tr>
</thead>
<tbody>
<tr>
<td>11116</td>
<td>20</td>
<td>555.8 rounded to 556</td>
</tr>
<tr>
<td>8562</td>

School's ADM:

1760

To figure the LEA's ADM you would do the above calculation for each school and then add the Schools' ADM together.
Best 1 of 2 Average Daily Membership (ADM)

In order to assist LEAs/Charters with their budgeting and planning process, the "Best 1 of 2 ADM" report is prepared by school for planning purposes. This report shows the higher ADM of the first or second school month, for each grade level in each school, and sums the results by grade level across the LEA. This method of calculating Best 1 of 2 is not the same as the method used for the State allotment formulas and therefore, should not be compared to those figures that will be provided with your state planning allotments. This information is provided to help you create your LEA/Charter internal budget only.
IX. AVERAGE DAILY ATTENDANCE

Average daily attendance (ADA) is based on the sum of the number of days in attendance for all students divided by the number of days in the school month. No state allotments are based on ADA.

X. ADM CREDIT FOR PARTIAL OR COMPLETE CLOSING OF MILITARY, FEDERAL, OR PRIVATE SCHOOLS

ADM credit may be granted to an LEA for students who have not been in projected ADM figures due to partial or complete closings of schools as follows:

A. Requests for credit must include the following:

1. The name of the closed school, grade span, and the date it closed;
2. The specific grade levels discontinued in partially closed schools;
3. A roster of the affected students, by name and grade level, that have actually enrolled in the LEA; and
4. A signed certification by the local superintendent stating that the above enrollment has taken place.

B. Adjustments may also be made for groups of students entering an LEA's ADM for the first time resulting from military or economic factors considered to be beyond normal expansion of the LEA. Students in this category shall be certified to be enrolled by the superintendent, and shall be identified by name, grade level, and parent occupation.

C. The number of students transferring into the LEA shall be added as follows:

1. If a request for change in ADM due to a school(s) closing is received by the School Reporting Section prior to the issuance of the planning allotments (January of each year), the number of students shall be added to projected ADM and may affect the planning allotment depending on the relative sizes of projections and prior best one of the first two months ADM.
2. If the request for change in ADM due to the transfer is received by the School Reporting Section after the issuance of the planning allotments and no later than June 15, the number of students shall be added to the projected ADM and may affect the initial allotment depending on the relative sizes of projected ADM.
3. If the request for change in ADM due to the transfer is received after the issuance of the Initial Allotment, an LEA may make a written request for an allotment adjustment from the School Reporting Section. Such requests must include the information outlined in IX.A. and B.
4. Upon determination of the validity and accuracy of the above transfer(s), the School Reporting Section will certify and report the changes in ADM to the Statistical Research Section which will, in turn, recalculate projected ADM figures for the affected LEA and forward the revised data to the Budget and Allotment Section for possible allotment adjustments.

5. Any ADM credit considered above will be granted within funds available.
CHAPTER 3:

Student Accounting for Extended School Day Programs
and Hospital Schools
STUDENT ACCOUNTING FOR EXTENDED SCHOOL DAY PROGRAMS
AND HOSPITAL SCHOOLS

I. EXTENDED SCHOOL DAY PROGRAMS

The following regulations shall be observed in the keeping of records for extended school day programs.

A. Students attending extended school day programs during summer months shall not be included in statistics of the regular school year.

B. Students who are attending the extended school day program and are enrolled in a regular school program shall be counted in average daily membership (ADM) only in the program where they spend the major portion of their time. (Students may be counted only once.)

C. Students shall be enrolled and included in student statistics reports in the school where they are in attendance. If the extended school day program is a separate school, a school number shall be assigned by the State Department of Public Instruction, Information Analysis and Reporting Section, and separate reports shall be filed monthly.

D. Students in extended school day programs shall be included on the appropriate Principal's Monthly Report for extended school day programs at the school where classes are conducted, unless these students are also in membership in the regular school program. The ADM of these students is to be included in the calculation of the teacher allotment for LEAs.

   1. Students who attend learning labs on an unscheduled format are not to be counted in membership on days they are not scheduled to regular class.

   2. Students scheduled to learning labs on days that they are not scheduled to class are to be counted in membership on those days.

E. ADM for extended school day programs should be calculated as provided in Chapter 2, Part VII.

II. HOSPITAL SCHOOLS

Hospital schools throughout the state (examples: UNC Hospitals at Chapel Hill and Duke) have unique situations which require individual methods of student accounting. The use of alternative student accounting methods must be approved by the School Financial Reporting Section.
CHAPTER 4:

Class Size
CLASS SIZE

The School Reporting Section is responsible for monitoring local board of education compliance with class size maximums in accordance with G.S. 115C-301 and Session Law 2015-241 (House Bill 97).

I. ADMINISTRATION OF CLASS SIZE

• Local boards of education must maintain a LEA-wide class size average no higher than the class size ratio of teachers to students of the following:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Ratio</th>
</tr>
</thead>
<tbody>
<tr>
<td>Kindergarten</td>
<td>1 to 21</td>
</tr>
<tr>
<td>Grade 1</td>
<td>1 to 21</td>
</tr>
<tr>
<td>Grade 2</td>
<td>1 to 21</td>
</tr>
<tr>
<td>Grade 3</td>
<td>1 to 21</td>
</tr>
</tbody>
</table>

In grades 4-12, local school administrative units shall have the maximum flexibility to use allotted teacher positions to maximize student achievement.

NOTE: Charter schools are exempt from class size requirements.

B. During the first two months of school, no class size maximum requirements exist as long as the LEA-wide class size average maximums for each grade or grade span are not exceeded.

At the end of the second school month and for the remainder of the school year, the size of an individual class may exceed the LEA-wide ratio by three students so long as the LEA-wide average class size maximums are not exceeded. Therefore, individual class size ratio maximums are:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Ratio</th>
</tr>
</thead>
<tbody>
<tr>
<td>Kindergarten</td>
<td>1 to 24</td>
</tr>
<tr>
<td>Grade 1</td>
<td>1 to 24</td>
</tr>
<tr>
<td>Grade 2</td>
<td>1 to 24</td>
</tr>
<tr>
<td>Grade 3</td>
<td>1 to 24</td>
</tr>
</tbody>
</table>

When a class contains a combination of grades for more than one grade span, the maximum class size will be determined by the grade span classification which constitutes the majority in the class.

When teachers are assigned students in a team-teaching setting, each teacher in the team is considered to be responsible for an equal number of students in the class, regardless of how frequently the teacher actually teaches.

C. If individual class size exceeds 24 in grades K, 1, 2, or 3-at the end of the second school month and for the remainder of the school year, the local board has the responsibility to follow the steps set forth in G.S. 115C-301(g) and G.S.115C-47(10).
D. Study halls and homerooms are not counted when calculating average LEA-wide class size average. (All other classes are to be included in the calculation of LEA-wide class size averages.)

E. Class size maximums apply to all K-3 teachers, including those which are state, federally, and locally funded.

II. INITIAL REPORTING OF CLASS SIZE

Under the provisions of G.S. 115C-301(f) and G.S. 115C-47(10):

A. Class size exceptions will be identified and reported via the School Activity Report (SAR). A school's SAR will be-reported one week following the reporting of the school's Principal's Monthly Report for the second school month.

B. All class size overages not allowed by a waiver must be corrected by the LEA. Corrections may be made by reorganization of classes, by correcting inaccurate data at the school level, or by requesting a class size waiver from the State Board of Education (see III. below). Corrected class size data must be reported. Class size overages in schools without waivers will be called to the attention of the State Board of Education.

NOTE: Starting 2015/16 there is an Average Class Size report produced with the SAR report run. The data in the Class Size report will be the official data reported in the School Report Card for that reporting year.

III. WAIVERS DUE TO EXCESS CLASS SIZE

Under the provisions of G.S. 115C-301(g), 115C-47(10):

A. The Department of Public Instruction is authorized to review and respond to, on the State Board's behalf, an LEA's request for a waiver of class size requirements for individual classes.

B. Local boards of education are responsible for assuring the class size requirements set forth in G.S. 115C-301 are met. Any teacher who believes the requirements of G.S. 115C-301 have not been met shall make a report to the principal and superintendent. The superintendent shall immediately determine whether the requirements have in fact not been met. If the superintendent determines the requirements have not been met, he or she shall make a report to the next local board of education meeting. The local board of education shall take action to meet the requirements of the statute.

If the local board cannot organizationally correct the exception and if any of the conditions set out below are met, it shall immediately apply to the State Board of Education for a waiver from the standards set above. The Individual Class Size Waiver form can be located on the Financial and Business Services' web page [www.ncpublicschools.org/fbs/accounting/forms/](http://www.ncpublicschools.org/fbs/accounting/forms/).
Within 45 days of receipt of the request, the State Board, within funds available, shall not grant waivers for excess class size in kindergarten through third grade, except under the following circumstances:

a) Emergencies, or acts of God that impact the availability of classroom space or facilities;
b) An unanticipated increase in student population of an individual school in excess of two percent (2%) of the average daily membership of that school;
c) Organizational problems in geographically isolated local school administrative units in which the average daily membership is less than one and one-half per square mile;
d) Classes organized for a solitary curricular area; or
e) A charter school closure.

C. The SBE will review all waiver applications and apply the following rules for approval:

1. If no individual class size waiver has been request for that specific school and grade during the previous school year, and
2. The waiver is for no more than two students above the established class size maximums, and
3. If the local board cannot organizationally correct the exception.

D. Penalty for Noncompliance. – If the State Board of Education determines that a local superintendent has willfully failed to comply with the requirements of this section, no State funds shall be allocated to pay the superintendent's salary for the period of time the superintendent is in noncompliance.

E. Requests for individual class size exception waivers require the completion of a form supplied by the School Reporting Section in the Division of School Business. The current form can be found at: www.ncpublicschools.org/fbs/accounting/forms/.

1. Requests for individual class size waivers for classes out of compliance at the end of the 2nd school month must be received by the Department of Public Instruction prior to November 30 of the current school year.
2. Requests for individual class size waivers for classes out of compliance after the end of the 2nd school month must be submitted as they occur.
3. Waivers, when granted for a specific incidence, may remain in effect for the remainder of the current school year.

F. Upon notification from the State Board that the reported exception does not qualify for a waiver, the local board, within 30 days of receipt of the State Board notification, shall take action necessary to correct the exception. A report of the action taken to alleviate the exception shall be sent to the School Reporting Section within 30 days of receipt of State Board notification that the exception did not qualify for a waiver.
CHAPTER 5:

School Calendar
Opening & Closing Dates

G. S. 115C-84.2 states that local boards of education shall determine the dates of opening and closing the public schools. Except for year-round schools, the opening date for students shall be no earlier than the Monday closest to August 26, and the closing date for students shall be no later than the Friday closest to June 11. On a showing of good cause, the State Board of Education may waive the requirement that the opening date for students be no earlier than the Monday closest to August 26 and may allow the local board of education to set an opening date no earlier than the Monday closest to August 19, to the extent that school calendars are able to provide sufficient days to accommodate anticipated makeup days due to school closings. A local board may revise the scheduled closing date if necessary in order to comply with the minimum requirements for instructional days or instructional time. The opening and closing dates apply to instructional days only as teacher workdays may be scheduled outside of these dates. G. S. 115C-84.2 requires the school calendar must...

1. Have a minimum of 185 days or 1,025 instructional hours.
2. Cover at least nine calendar months.
3. Have a minimum of 10 annual vacation leave days.
4. The remaining days scheduled should be for use as teacher workdays, additional instructional days or other lawful purposes.
5. Have the same or an equivalent number of legal holidays occurring within the school calendar as those designated by State Personnel Commission for State employees.
6. Not have Sunday as an instructional or staff work day.
7. Not have Veterans Day as an instructional or staff work day.
8. Local Boards shall designate two (2) workdays on which teachers may take accumulated vacation leave. Local Boards may designate the remaining workdays as days teachers may take accumulated vacation leave.

In addition, teachers are paid for a term of 10 months (G.S.115C-302.1) and therefore, the calendar should not schedule instructional days or workdays on a Saturday. A Saturday may be used as a makeup day for an inclement weather day when the school has been closed.

Exemptions from the opening and closing dates:
- Year-round schools (must be designated as such in the Educational Directory and Demographical Information Exchange (EDDIE)
- Charter schools
- Schools designated as having a modified calendar for the 2003-04 school year or planned to have a modified calendar in 2003-04. This includes those schools that have been identified by the SBE as High Priority or Continually Low Performing.

NOTE: Clarification of Instructional Hours - Though definitely a part of school life, some activities, such as the following, are not considered to be part of instructional time: changing classes, homeroom, lunch, pep rallies, and school dances. Local boards of education will decide which other activities are instructional, and therefore considered part of the instructional time.

Cooperative Innovative High Schools-GS 115C-238.53

Calendar law 115C-84.2 no longer applies to these schools. CIH are required to have at least 185 days or 1,025 hours of instruction covering at least nine calendar months.
Charter Schools – GS 115C-218.85
Required to have 185 days or 1,025 hours.

Regional Schools – GS 115C-238.66
Required to have 185 days or 1,025 hours.

School Closings Due to Inclement Weather and Other Emergencies

Requirements and Procedures
Requirements of G.S. 115C-84.2 and State Board of Education policy relative to school closings due to inclement weather and emergency conditions are summarized below:

A. **School Calendar:** Each local board of education shall adopt a school calendar to include a minimum of 185 days or 1,025 hours of instruction covering at least nine calendar months. The school calendar shall include a plan for making up days and instructional hours missed when schools are not opened due to inclement weather.

   If school is closed early due to inclement weather, the State Board of Education shall allow the day and the scheduled amount of instructional hours to count toward the required minimum number of days and instructional hours. If school buses are en route to schools when school is canceled for the day, then the day and instructional hours scheduled for that day will count toward the required minimum.

B. **Make-Up Days:** The school calendar shall include a plan for making up days and instructional hours missed when schools are not open due to inclement weather.

   G.S. 115C-84.2 places certain limitations on the scheduling of make-up days. All days in the school calendar must fall within the fiscal year. School shall not be held on Sundays. Veteran's Day shall be a holiday for all public school personnel and for all students enrolled in the public schools.

   A local board may revise the scheduled closing date of school if necessary in order to comply with the minimum requirements for instructional days or instructional time within the limits of G.S.115C-84.2.

C. **Reporting Missed Days:** Local boards of education shall report to the State Board all days for which schools are closed for students during the school year. This report shall include the total number of days and reasons missed, by date, and the dates of make-up days. The Department of Public Instruction shall collect this information at the end of each school year.

D. **Individual School Closings:** Beginning with the 1998-99 school year, the State Board of Education will no longer approve the suspension of days from the required minimum 185-day or 1,025 hour school term for individual school closings. G.S. 115C-84.2 does not authorize the State Board to suspend days or hours for individual school closings.
E. **Superintendent Authorized to Close Schools:** The Superintendent of a local education agency, in the event of an emergency, act of God, or any other conditions requiring the termination of classes before the end of a school day, may suspend the operation of any school for that particular day; and the day and the scheduled amount of instructional hours shall count toward the required minimum.

- **Waiver Requests:** Waivers may be requested for the opening and closing dates or in accordance with Session Law 2012-145. An LEA cannot request a waiver for any other provision in the G.S. 84.2, e.g. pay schedules, days in the month for salary purposes or the number of school calendar days. LEA Based Calendar Waiver request forms must be submitted to DPI by August 15 of the preceding school year. Waivers may be requested for all schools in the LEA if the LEA meets the "Missed Days" eligibility using the LEA Based Calendar Waiver Request for Weather Related Causes form. Calendar Waiver Request forms can be located on the Financial and Business Services' Web Page at [www.ncpublicschools.org/fbs/accounting/forms/](http://www.ncpublicschools.org/fbs/accounting/forms/).

**Waiver from open dates**
The State Board may waive the open dates for showing of good cause and allow the LEA to set an opening date no earlier than the Monday closest to August 19.

**Definition of "good cause"**
"Good cause" is limited to severe weather conditions and is defined as all schools being closed for eight or more days during any four of the last ten years. Partial day closures are not included.

- There is no longer a waiver for the 185 day calendar.

**Missed Days**
The State Board of Education may waive the opening date requirement for any LEA within a county where all schools have been closed for a full day, eight or more days per year during any four of the last ten years because of severe weather conditions, energy shortages, power failures or other emergency situations. The list of LEAs eligible to submit a request can be found at [www.ncpublicschools.org/fbs/accounting/calendar/](http://www.ncpublicschools.org/fbs/accounting/calendar/).

**Process**
- The Division of School Business will publish the LEA ten year history of missed days and identify those LEAs which are eligible to request a LEA-wide waiver
- The LEA will choose one of two ten year periods to determine their eligibility for a waiver. The first ten year period option includes the last ten years (excluding the current year). The second ten year period option includes the last ten years (including the current year).
- The LEA that chooses option one must submit a waiver request by August 15 for State Board of Education approval or denial during their calendar development for the following school year.
- The LEA that chooses option two must submit a waiver by April 1 of the current year for State Board of Education approval or denial for the following school year.

If approved, the waiver will be applicable to all schools within the LEA.
CHAPTER 6:

Student Accounting Codes
STUDENT ACCOUNTING CODES

NOTE: In PowerSchool we have the ability to have granular coding. Codes created by an LEA must be approved by DPI and mapped correctly in PowerSchool for accurate state report. When selecting the appropriate code, consider policy for the correct selection. The granular coding does not override the importance of selecting the appropriate code for the Principal's Monthly Report. If an LEA creates a code that is not approved by DPI and/or mapped accurately, the school’s PMR data will be incorrect, which could result in reduced funding.

I. ENROLLMENT CODES

When a student enters school, designate such entrance by the appropriate code. Withdrawals occurring during the summer months are posted as part of the record of the immediately preceding school year.

NOTE: A student is not to be indicated as enrolled with an enrollment date until the student has actually started attending in the current school year. If a student is absent on the day of enrollment in the current school year or has not attended ½ of the instructional day, the enrollment date must be changed to the actual day the student is in attendance. The only exception to this is a 1H student.

NOTE: The Daily Headcount Adjustment function in PowerSchool will show students that need enrollment data adjustments. The school staff must go to this screen to adjust enrollment issues such as updating enrollment dates to the correct day and also no-show students as needed. Students must be marked absent on non-attended school days to allow the headcount adjustment report to work properly in PowerSchool.

NOTE: The N1 enrollment code is only to be used for program school entries.

Codes

E1 - Initial Entry - No Previous Public School Enrollment

Student's first enrollment in a public school this school year. The student has not been enrolled in a public school in North Carolina or another state this school year, although the student may have been enrolled in a non-public school this school year either in North Carolina or another state. The E1 code should be used for all students from a country other than the United States who enroll in a North Carolina public school for the first time.

E2 - Initial Entry - Previous Public School Enrollment Outside State

Student's first enrollment in a public school in North Carolina this school year. The student was enrolled previously in a public school in another state this school year.

R1 - Re-entry - Previous Internal W1
Student's subsequent enrollment in this school this school year. The student is withdrawn as an internal transfer and re-entered into another grade/homeroom/attendance category in the same school and under the same principal. The R1 date and W1 date must be the same.

**NOTE:**

PowerSchool does not automatically do the W1/R1 in the background of the system. The school staff will have to withdraw the student as a W1 and re-enter the student as a R1 on the same day of the withdrawal for any grade level changes and attendance status changes. Make sure this W1/R1 process is done using the same day to not lose a day of membership for the student.

**R2 - Transfer Entry - Previous North Carolina Public School Enrollment in Same LEA**

Student's first enrollment in this school this school year. Student transferred during this school year from a public school in the same LEA. For the purpose of assigning the R2 code, a charter school should be viewed as part of the LEA in which it is located. Students transferring from one Charter School to another during the school year should be coded R2 if both Charters are within the same LEA.

**R3 - Transfer Entry - Previous North Carolina Public School Enrollment in Another LEA**

Student's first enrollment in this school this school year. Student transferred during this school year from a public school in another North Carolina LEA.

**R5- Re-entry - Previous External W1**

Student's subsequent enrollment in this school this school year. The student withdrew from this school as an external W1 and is re-entered into the same homeroom as the student was located before the withdrawal.

**R6- Re-entry - Previous W2**

Student's subsequent enrollment in this school, this school year. The student withdrew from this school as a W2 and is re-entered into the same homeroom as the student was located before the withdrawal.

When a student withdraws from a North Carolina public school, enrolls in a public school in another state or in a non-public school, and then returns to a North Carolina public school, he/she is to be coded as if the transfer was from the original North Carolina public school.
II. ATTENDANCE CATEGORY CODES

The following are valid Attendance Category codes that are to be used as defined by the North Carolina Department of Public Instruction:

MST1  Member - Standard Day Program - this code should be applied to students that are to be included in Average Daily Membership funding and are not enrolled in an Extended Day Program. These students are included in Principal's Monthly Report Data. In grade levels K1 - 13.

NOTE: PK and P0 – P3 students will be coded as MST1 for reporting needs only, not ADM.

VST1  Visitor - Standard Day Program - this code should be applied to students that are NOT to be included in Average Daily Membership funding and are not enrolled in an Extended Day Program.

NOTE: Foreign Exchange students would be coded as VST1.

MED1  Member - Extended Day Program - this code should be used for any high school student; grade level 9 - 12 (only) who is enrolled in a North Carolina Public School and is also registered in an extended day program. This program extends beyond the regular school day. These students are included in the Average Daily Membership (ADM) and reported in Grade Level Extended Day 9 - 12 on the PMR.

VED1  Visitor - Extended Day Program - this code should be used for any high school student; grade level 9 - 12 (only) who is enrolled in a North Carolina Public School as a visiting student and is also registered in an extended day program. This program extends beyond the regular school day. These students are not included in the Average Daily Membership (ADM).

VST2  Visitor – Temporary Status - this code should only be used for students that have not been withdrawn from their previous N.C. Public school but are attending a new school. The student must be updated with the appropriate code before the PMR is approved and once the student is withdrawn from the previous school. This code status will generate a fatal error on the PMR.

The assignment of Attendance Categories should not be based on whether or not a student is to be administered a required state assessment. The code is not used to determine if a student is or is not to be tested. If you have concerns, please contact either an accountability consultant or a Regional Accountability Coordinator.
Additional Clarification of Membership and Visitor Status

Member students are included in ADM calculations for school funding with the exception of PK grade level students. Visitor students are not included in ADM calculations and various UERS data collections which include but are not limited to PMR, GRS and RPG. Selecting the status of member or visitor for a student should accurately reflect the student's status for all the local school's reporting needs to the state.

**NOTE:** Users of the student information system for reporting student data are reminded that inaccurate reporting of student data is considered as falsifying student information (115C-307(g), 115C-288(b), 115C-276(p)).

Students that should be considered for MST1 (Member – Standard Day Program) or MED1 (Member – Extended Day Program) status

**PK and below grade levels**

Students in grade levels of P0-P3 will be grouped under the PK totals in the PMR. The PK and below grade level students are populated with the status of MST1 but due to the grade level, are not included in ADM or PMR totals.

**NOTE:** In PowerSchool users will see grade levels that may look different from the reported grade level. These grade are 0 = KI, -1 = PK4, -2 = PK3, -3 = PK2. The number with the PK indicates in this note the age of the student.

**1-13 grade levels**

Students in grades KI - 13 are populated as in membership (regular day or extended) is they fall within the following guidelines:

- A student is not a foreign exchange student
- A student enrolled in a Standard Day Program (MST1)
- A student enrolled in an Extended Day Program (MED1)
- A membership student is to be scheduled in classes at least ½ of the instruction school day
- A student that is enrolled in the public school and identified as medically fragile
- A student that is in enrolled in the public school and in the Teacher in Treatment Program.
- Students that are neither Private School Students nor Home Schooled Students and are properly enrolled in one (1) or more NC Virtual Public School courses

Students that should be considered for VST1 (Visitor – Standard Day Program) or VED1 (Visitor – Extended Day Program) status

- A student that is a foreign exchange student
- A student that is not enrolled for classes for at least ½ of the instructional school day
- A student is not included in membership if the student is in membership in another N.C. public school on the same calendar days. An example of this would be a student in membership in school A. The student is taking a class or classes in school B. The student would be MST1 in school A and VST1 in school B.
Additional information on student enrollment status can be found in the "Those Entitled to Attend School" section in Chapter 1 of this manual and the "Compulsory School Attendance and Student Accounting" section in chapter 2.

III. ABSENCE CODES

NOTE: Granularity in PowerSchool is for assistance with coding. All codes with a preceding 1 are lawful and a preceding 2 are unlawful. Codes must be approved by DPI and mapped to reporting codes. If an LEA creates an attendance code that is not approved by DPI and mapped accurately for lawful and unlawful reporting, the school’s PMR data will be incorrect which could result in reduced funding.

Code 1 - Lawful Absences
When satisfactory evidence of a lawful absence is provided to the appropriate school official, the absence should be coded as lawful. (See Chapter 2, Section IV)

NOTE: 1H absences are lawful. Adjustments are made in the calculation of Average Daily Attendance (ADA) so that 1H absences do not adversely affect a school's ADA.

NOTE: When a student is homebound or hospitalized and IS NOT receiving hospital/homebound services, he/she is to be considered lawfully absent and coded 1.

Code 2 - Unlawful Absences
Students who are willfully absent from school without a lawful excuse (see Chapter 2, Section IV) are to be considered unlawfully absent. (The Ten Day Rule applies.)

Code 1H - Medically Fragile and Teacher-In-Treatment
The 1H absence code should only be used for students who have been identified as medically fragile or for students who are enrolled at one of the six Teacher-In-Treatment sites. (See Chapter 2, Section IV)

Code 3 - Suspensions
The absence of a student which results from the suspension or expulsion of that student for misconduct may not be used for a compulsory attendance violation action. (The Ten Day Rule does not apply to suspension days.)

NOTE: Code 3 is to be mapped to excused absence in PowerSchool – refer to note in chapter 2 under Lawful Absences.

Expulsions
Students who are expelled are to be withdrawn from school as per directions stated in Chapter 2, Section IV.

PowerSchool Authorized Absence
PowerSchool authorized absences may be used to indicate a student's attendance at a school sponsored activity.
IV. WITHDRAWAL CODES - SCHOOL YEAR

Students must be withdrawn on the day following their last day in attendance. However, an absence may precede a withdrawal in the following three instances: (1) when the Absence Reason is a suspension, (2) when the Absence Reason is medical Fragile or Teacher-in-Treatment, and (3) when the withdrawal is the result of the student's death. If withdrawing a student after the last day present causes absences to remain after the withdrawal, those absences must be removed.

When a student withdraws from school during the school year, such withdrawals are to be designated by the appropriate code listed below.

- NOTE: - If an LEA creates a withdrawal code that is not approved by DPI and mapped accurately for, the school’s PMR data will be incorrect which could result in reduced funding.

Codes

W1 - Transfer Withdrawal
Student withdrew for one of the following reasons:

- Transferred to another grade
- Transferred to another attendance category
- Transferred to another school or appropriate educational program
- Transferred to an out of state school or appropriate educational program if request for records has been received.

NOTE: PowerSchool does not automatically record the W1/R1 in the background of the system. The school staff will withdraw the student as a W1 and re-enter the student as a R1 on the same day of the withdrawal for any grade level changes and attendance status changes. Make sure this W1/R1 process is done using the same day to not lose a day of membership for the student.

NOTE: When a student is enrolled in any state-operated/supported program, private hospital facility with an accredited instruction program, or hospital with a public school number, he/she should be withdrawn from his/her home school LEA.

W2 - Early Leaver Withdrawal - No Plan to Return Current School Year
Student withdrew for one of the following reasons and will not return to school during the current school year:

- Prior to compulsory attendance age
- Dropped out
- Long Term Suspension
- Expelled
- Transfer to community college or other post-secondary institution prior to graduation or completion of a program of studies
- Transferred to an out of state school or appropriate educational program if no request for records has been received.
**W2T - Adult High School Program Withdrawal – Enrollment in the Program is required**

Students who leave a public school and enroll in an Adult High School (AHS) are to be coded W2T code once the local education agency has written verification that the student has officially enrolled in a community college Adult High School diploma program.

**NOTE** - Effective school year 2015/16, students withdrawing from high school prior to graduation to attend and Adult High School program shall be coded as W2T with evidence of enrollment. The code of W2T will remain in effect unless the student leaves the AHS program or until the scheduling year of graduation for the student’s 4-year or 5-year cohort upon which time the W2T code will be changed to a W2 unless verification of AHE program completion is documented. Students verified as completing the Adult High School program with continuous enrollment in the program by the scheduled graduation of the cohort will be transitioned to W6.

**NOTE:** Current regulations state that any student coded as a W2 (Early Leaver) during the previous spring who is in membership on the 20th day of the next school year will not be counted as a dropout.

**W3 - Death Withdrawal**

**W4 - Early Completer Withdrawal**

Student completed the current year (as part of a formal instructional program) before the end of the school year calendar for one of the following reasons:

- Graduated mid-year
- Completed instructional program and received a diploma or certificate.

The W4 withdrawal code should be posted to a student's record who graduates mid-year or who finishes a formal instructional program, such as extended day, and earns a diploma or certificate at some point other than the end of the school year.

The W4 code should not be used when students are moved from one grade to another within the school during the year or when they are promoted to a higher grade in another school during the year. The W1 withdrawal code should be used in both instances.

The W4 code should not be used at the end of the school year when students leave for vacation prior to the last day of school. The coding of a student's absence for vacation days at the end of the year will depend upon the principal's determination as to whether the days of absence are excused or unexcused. The principal may determine that some activities, such as a trip to a place of historical significance, may have sufficient educational value to cause a student's absence to be lawful. Thus, a student who leaves for excused reasons (such as illness or an educationally-valuable trip) should be recorded as lawfully absent through the end of the school year and subsequently withdrawn as a W5 or W6.

The W4 code should not be used at the close of the school year when graduation occurs prior to the last day of school. LEAs may excuse temporary or occasional absences for reasons other than those stated in Chapter 2, Section IV, Section "D"
when the absences are in accordance with local school board policies.

**W6- High School Graduate**

Student completed the current school year at the end of the school year calendar and is not expected to return because of high school graduation.

## V. WITHDRAWAL CODES - SUMMER

After the end of the school year, additional information may be obtained about a student's completion/withdrawal for the previous school year.

If it is determined, during the same school year, that a child previously coded as a W2 has transferred to another school or another appropriate educational program, his/her withdrawal may be re-coded as a W1 prior to EOY. The student must have enrolled prior to the beginning of the subsequent school year, or on earliest possible date of entrance to the receiving program after withdrawal from school. ("School year" is defined as the period beginning with the first day of the school year and ending with the day before beginning of the next school year.) Due to the collection of PMR data in PowerSchool, withdrawal codes must not be changed after EOY that would result in having conflicting information in the system compared to the collected PMR data. The updates needed can be documented at the local school level. This change is not related to the W2T changes that may be needed.

### PowerSchool Transfer Withdrawal

When a school using PowerSchool receives a formal request for student records because a student is transferring to another school the following procedure should be followed in order for the student to be enrolled at the new school in a timely manner:

- If the transfer is during the school year, the student should be withdrawn on the appropriate day within 48 hours;
- If the student has been promoted or retained, PowerSchool should be adjusted so that the student is withdrawn during the End of Year process (EOY) process;
- If EOY has been completed, the student should be withdrawn within 48 hours;
- Student records should be copied and the copy sent to the requesting school within 30 days.

**NOTE:** If a student's grade level is to be changed from what is was at the end of the school year due to an administration change or error before the next school year starts, in PowerSchool use the W1/E1 process. Every student must have an appropriate entry code such as E1 at the beginning of the school year (not an R1 code).

### YEAR ROUND SCHOOL to TRADITIONAL SCHOOL TRANSFERS

If a student moves from a year round calendared school (YRS) to a traditional calendared school (TCS) and both schools are in the same LEA, the student should not be in Standard Membership (MST1 or MED1) at both schools on the same school calendar day. Typically, a school has 185 school calendar days in a school year. School calendar days (1 - 185) should not be confused with
calendar days.

The student should be re-enrolled as a visiting student (VST1) using the enrollment Code R2 at the TCS until the number of school days have passed on that school calendar that he was reported in membership at YRS. On the proper school calendar day the student's Attendance Code should be shown as changing from Visiting (VST1) to Standard Day (MST1). This prevents a student from being in standard membership at two schools in the same LEA on the same school calendar day.

Example:
The student is in standard membership for 40 days at YRS. The student transfers to a TCS in the same LEA. The student should be in visitor membership (VST1 or VED1) status at the TCS for any school days up to and including the 40th school day and in standard membership (MST1 or MED1) from school days 41-185 at TCS.

VI. NC VIRTUAL PUBLIC SCHOOLS ATTENDANCE CATEGORY

Students that are neither Private School Students nor Home Schooled Students and are properly enrolled in one (1) or more NC Virtual Public School courses should be registered in their Base School using the Admission Status Member - Standard Day or Member - Extended Day. This should be done regardless of the number of courses the student is taking as "Face-to-Face" classes. All classes should be properly scheduled in the NCVPS instance of PowerSchool.
CHAPTER 7:

Maintenance and Transfer of School Records
MAINTENANCE OF SCHOOL RECORDS

I. GUIDELINES

A. Records Preservation

1. The Division of Archives and History, State Department of Cultural Resources, recommends permanent records be microfilmed two years after the student graduates or leaves the school. For more information regarding preservation of student records, contact the Government Records Branch located at 215 North Blount Street in Raleigh, North Carolina. Telephone number (919) 807-7280. Mailing address: Mail Service Center # 4615 Raleigh NC 27699-4615.

2. The Division of Archives and History, State Department of Cultural Resources has established guidelines for the retention of LEA and school records in its publication, *Records Retention and Disposition Schedule for Local Education Agencies.* This document can be found on the Internet at: www.ah.dcr.state.nc.us/records/local/schoolschedulefinal.pdf.

3. For purposes of an Average Daily Membership (ADM) Audit, the Division of School Business recommends that all manual attendance and entry-withdrawal documents be maintained for one year following the school-year for which the documents were used.

4. The North Carolina Department of Public Instruction does not maintain transcripts or student records. For General Education Diploma (GED) transcripts or information, please call the North Carolina Community College System at 919.807.7100 or you may visit their web site at www.ncccs.cc.nc.us/Basic_Skills/ged.htm. For information about K-12 public school records, please contact your school system directly. Also, please contact the school district if your school has been closed or consolidated. If they did not maintain the records for a closed school, please contact the North Carolina Office of Archives and History online at www.ah.dcr.state.nc.us/ or by telephone 919.807.7280.

II. SOCIAL SECURITY NUMBER

The Department of Public Instruction will not use a student's Social Security Number (SSN) as a statewide unique student identification number. The Family Educational Rights and Privacy Act (FERPA) has identified the SSN as non-directory information. Schools cannot require a parent, guardian, or student to provide a Social Security Number.

A. Schools must enter the SSN if provided, in PowerSchool. The SSN field in PowerSchool is not a required field and can be left blank only if the SSN is unknown or not provided.

B. Federal law prohibits a school from requiring a student to report his/her SSN.

C. NCDPI / LEAs / Schools may not collect an SSN from an individual unless authorized by law to do so or unless the collection of the SSN is otherwise imperative for the performance of that agency's duties and responsibilities as prescribed by law and the need is clearly documented.

NOTE: Students will be entered into PowerSchool with a Unique Identifier (UID). School
staff members are to verify the UID of a student to eliminate the possibility of creating a duplicate.

III. TRANSFER OF STUDENT RECORDS

When any child transfers from one school system to another school system, the receiving school shall, within 30 days of the child's enrollment, obtain the child's record from the school from which the child is transferring. If the child's parent, custodian, or guardian provides a copy of the child's record from the school from which the child is transferring, the receiving school shall, within 30 days of the child's enrollment, request written verification of the school record by contacting the school or institution named on the transferring child's record. Upon receipt of a request, the principal or the principal's designee of the school from which the child is transferring shall not withhold the record or verification for any reason, except as is authorized under the Family Educational Rights and Privacy Act. Any information received indicating that the transferring child is a missing child shall be reported to the North Carolina Center for Missing Persons. (G.S. 115C -403)
CHAPTER 8:

Student Accounting Audits
STUDENT ACCOUNTING AUDITS

The School Reporting Section audits average daily membership (ADM) records. The items audited are set forth in this CHAPTER.

I. AVERAGE DAILY MEMBERSHIP AUDITS

The audit of ADM records is authorized by North Carolina General Statute 115C-276(p), 115C-288(b), and 115C-307(g). These statutes state, in effect, any superintendent, principal, teacher, or other school employee of the public schools, who knowingly and willfully makes or procures another to make any false reports or records respecting daily attendance of students in the public schools shall be guilty of a class 1 misdemeanor, and the certificate of such person to teach in the public schools of North Carolina will be revoked by the State Superintendent of Public Instruction.

The purpose of the audit is to determine the reported student membership is accurate, and the student attendance accounting system in use is being maintained and producing accurate data.

I. Authorization:

a. N.C. General Statute 115C-301. This statute deals with the allocation of teachers. Initial teacher allotments are based on the higher of the prior year's actual first two months of ADM or the projected higher of the first two months of ADM.

b. N.C. General Statutes 115C-276(p), 115C-288(b), and 115C-307(g). Auditing of the ADM is authorized by the above statutes which address the duties of administration and teachers of the school

II. The object of this audit is:

a. To determine that the school's student membership, as reported, is accurate;

b. That accurate student attendance records are being maintained;

c. That State Board of Education attendance policies and procedures are being followed.

III. Criteria for selection of the School to be audited:

a. Schools with student accounting concerns encountered by School Business Services or any other area of the Department of Public Instruction; or

b. Request by local boards of education, school administration or their representatives; or

c. In conjunction with Charter Renewal; or

d. Concerns on Principal's Monthly Report (PMR); or

e. Confirmation of the Average Daily Membership (ADM).

IV. Pre-Audit Procedures:

a. Obtain reports or screen prints from the PowerSchool portion of the North Carolina Home Base Student Information System.
1. PMR(s) for the month(s) being audited;
2. Consecutive Absences Report;
3. PMR Instructional Minutes Setup;
4. PMR Interval Setup;
5. Bell Schedule;
6. Attendance Code;
7. Attendance Preferences;
8. Student list (Active and Inactive);
9. Staff list

V. Site Audit:

a. Meet with principal, headmaster, or his/her representative to:
   1. Explain the purpose of the audit and audit procedures;
   2. Determine when to perform a student count in conjunction with school representative that is least possible disruption of normal school.
   3. Determine if Student Count will be done via Alpha check-off, Period Roll Call, or Head Count.
   4. Request the following:
      a. All individual pupil records (IPRs) or access to their location,
      b. Entry/Withdrawal records if not included in IPRs,
      c. Copies of Absentee Reports for the days of the school month being audited,
      d. Copies of Sign In/Out records for the days in the school month being audited,
      e. Copies of any manual attendance data for the days in the school month being audited.
   5. Advise the school representative that the following records may also be needed should additional substantiation be required:
      a. School admission application forms,
      b. Internal pupil accounting records,
      c. Bus records,
      d. Lunchroom records,
      e. Lottery records.

b. Review IPRs to determine:
   1. Student Name,
   2. Date of Birth,
   3. Domicile,
   4. Vaccination record,
   5. Admission Documentation,
   c. Compare individual students' absences totals and the absence codes between any manual records provided and the Daily/Meeting Attendance Reports for Home Base.
      1. Compare all enrollment and withdrawn dates and codes with any manual documentation provided or in the IPRs.
      2. Confirm the proper application of the 10-Day Rule of Student Accounting.
      3. Make copies of supporting documents or detailed notes of concerns found during the audit

C. Procedure When Deliberate Falsification of Records is Determined:
   1. The consultant will immediately notify the Director for the Division of School Business.
   2. The consultant will impound those records needed to substantiate falsification.
   3. The Director of the Division of School Business will determine what further action will be taken.

D. Post-Audit Procedures:
   1. The consultant will prepare a final audit findings report.
   2. An error rate of 5 percent of the total enrollments, as reported on the PMR, is considered the maximum acceptable within established audit standards. Error rates in excess of 5 percent will cause the audited school to be placed on probationary status. Schools placed on probationary status will be subjected to a re-audit during the following school year.
   3. The Director for the Division of School Business will send a final audit findings letter to the local superintendent.
CHAPTER 9:

State Board Policy
Standards for Early Admission to Kindergarten
State Board Policy
State Standards for Early Admission to Kindergarten
Policy ID Number: GCS-J-001
Administrative Procedures Act Reference Number and Category: 16 NCAC 6E.0105

The 1997 General Assembly passed legislation allowing a child who has reached his/her fourth birthday by April 16 to enter kindergarten if he or she demonstrates an extraordinary level of academic ability and maturity. In determining eligibility, the principal shall convene a committee of educational professionals who will assist him/her in making decisions about each individual child. Criteria that shall be considered include the following:

- Aptitude
- Achievement
- Performance
- Observable Student Behavior
- Motivation to Learn
- Student Interest

Student Aptitude

A child eligible to enter school early shall be precocious in academic and social development and score at the 98th percentile on a standard individual test of intelligence such as the Stanford-Binet, the Wechsler Preschool and Primary Scale of Intelligence, The Kaufman Anderson, or any other comparable tests, that shall be administered by a licensed psychologist. Although superior aptitude is a strong indicator of extraordinary academic ability, every child with a score at the 98th percentile in intelligence may not need early admission to kindergarten. Some children could have a negative experience if the demands of a structured school day are imposed too early.

Achievement

Children entering kindergarten early shall be functioning two to three years beyond their peers. Children eligible for early admission to kindergarten shall score at the 98th percentile on either Reading or Mathematics on a standard test of achievement such as the Metropolitan Readiness Test, the Stanford Early School Achievement Test, the Mini Battery of Achievement, the Woodcock-Johnson, the Test of Early Mathematics TEMA), the Test of Early Reading Ability (TERA), or any other comparable tests. The licensed psychologist who administers the aptitude test may administer the achievement test or have a member of his/her professional staff administer the test. Also an impartial professional educator who is trained in the use of the instrument may administer such a test as long as he/she has no potential conflict of interest in the outcome of the assessment.
**Performance**

Children displaying a need to enter kindergarten early shall be able to perform tasks well above their age peers. Some indicators the principal may observe are the child's ability in independent reading, problem solving skills, advanced vocabulary, and some writing fluency. A child ready for kindergarten would not necessarily demonstrate precociousness in all of these areas. The parents shall submit a sample of student work showing outstanding examples of ability in any of the following areas: art, math, writing, dramatic play, creative productions, science, social interactions, etc. For further indication of performance, the principal may instruct a teacher to complete an informal reading assessment.

**Observable Student Behavior/Student Interest**

If a child is to be successful in early admission, he/she should be socially and developmentally mature enough to be in a structured school setting for a full school day. The child should be capable of following verbal instructions and functioning independently within a group. Not every child with extraordinary academic ability is mature enough to attend public school early. The school system shall require two recommendation letters with specific documentation of physical and social maturity from preschool teachers, child care workers, pediatricians, or other adults with direct knowledge of the child. Documentation checklists that might be useful are the California Preschool Competency Scale, the Harrison Scale, or any other comparable scale of early social development.

**Motivation/Student Interest**

A child ready for early admission to kindergarten should be eager to learn and be excited about a new school experience. These children should display a thirst for knowledge consequently pushing the parents for new and challenging learning situations. If only the parent is interested in the child's attending school, early admission is not a good option. Principals or his/her designee shall determine this information in an informal interview with the child and in a more structured interview with the parent. An appropriate interview with a child would take place in a warm and inviting environment, such as the kindergarten classroom. The child might even be invited to spend a day with a kindergarten teacher. Questions the principal or his/her designee should ask the child would concentrate on the personal interests of the child. A child who is ready for school should respond with enthusiasm when asked to tell about a special collection or a topic about which he/she has a great deal of knowledge or extreme interest. A child who is a candidate may be one who watches the Discovery Channel, reads everything he/she can find about dinosaurs, be able to carry on a discussion about volcanoes, etc.
**Time Lines**

A parent wishing to submit his/her child for consideration for early admission to kindergarten shall present to the principal of his/her local school the required information within the first thirty (30) calendar days of the school's instructional year. All testing must be administered after the April 16th that follows the child's fourth birthday. The principal will act on the request within three (3) weeks. If the child is admitted to kindergarten, before the end of the first ninety (90) calendar days of the child's being enrolled, the principal may rescind his/her approval based on substantial evidence documenting that the child is not adjusting satisfactorily to the school setting. Before a child may be exited from school, the parent must be invited to assist in the development of intervention strategies. If the strategies are not successful and the decision is made to remove the child from school, parents must be given at least ten (10) days' notice to arrange child care if needed.

**Local Flexibility**

Although the State Board of Education has adopted these statewide standards defining requirements for early admission to kindergarten, each local education agency may add additional information needed from a parent or make very specific requirements in each category for consideration.

**Note:** 1997 House Bill 1099 states that it is the responsibility of the principal to find that the child has extraordinary academic ability and has the maturity to justify admission to school and, further, it is the responsibility of the parents/guardians to present information to the principal to support that the child has extraordinary academic ability and is appropriately mature to justify early admission.

**Information for the Receiving School**

Although early admission to kindergarten does not automatically place a child in the program for academically gifted students, the child obviously has very special learning needs. Once the child has been enrolled ninety (90) calendar days or at any time before ninety (90) calendar days once the school is satisfied the child has adjusted satisfactorily and will remain in school, the child shall be reviewed by the Gifted Identification Team. If the team recommends the child receive services, either a *Differentiated Education Plan* or an *Individual Differentiated Education Plan* shall be developed.

Questions concerning the early admission to Kindergarten should be addressed to the Office of Early Learning, (919) 807-3946.
CHAPTER 10:

School Identification Number Assignment
I. SCHOOL NUMBER ASSIGNMENT
North Carolina Department of Public Instruction assigns Local Education Agencies (LEA) unique identification numbers. Unique school numbers are also assigned by NCDPI.

Requests to add new schools should be submitted in the Educational Directory and Demographical Information Exchange (EDDIE) approximately four to six months before the school is scheduled to enroll students.

- Alternative schools should be approved by Alternative Learning Programs before requesting a school number in EDDIE.
- Cooperative Innovative High (CIH) Schools should be approved by the State Board of Education (SBE) before requesting a school number in EDDIE.
- Pre-K Schools that contain pre-kindergarten students only are not assigned school numbers and are not included in EDDIE. Pre-K only schools may be given a local use number (0-299) by their LEA and entered in PowerSchool. Contact your district's NC SIS Coordinator or the Home Base Support Center for more information.
- Numbers 000-299 are reserved for local use in PowerSchool, but are not used in EDDIE. Contact your district's NC SIS Coordinator or the Home Base Support Center for more information.

NCDPI is the only entity that has the jurisdiction over school numbering. Until a NCDPI assigned number is established the use of any identifying number is unauthorized. EDDIE is the authoritative source for school numbers. EDDIE information is located on the Financial and Business Services' web page [www.ncpublicschools.org/fbs/accounting/eddie/](http://www.ncpublicschools.org/fbs/accounting/eddie/).

II. LEA AND SCHOOL INFORMATION
The Educational Directory and Demographical Information Exchange (EDDIE) is an online application containing LEA (school district) and school information such as LEA numbers, school numbers, administrative contacts, school types, grade levels, calendar types, program types, addresses, and more. This information is maintained and edited by subscribed users at the LEAs and Charter Schools. EDDIE does not contain individual teacher or student information. EDDIE is the authoritative source for NC school information and feeds multiple systems including; Accountability, PowerSchool, NC School Report Cards, and is used to meet federal reporting requirements.

LEAs and charter schools are responsible for ensuring their data are complete, accurate, and current.

EDDIE information, including the procedure for subscribing and a list of subscribed users, is located at [www.ncpublicschools.org/fbs/accounting/eddie/](http://www.ncpublicschools.org/fbs/accounting/eddie/). Anyone may view information contained in EDDIE, only subscribed users have access to edit and update their information.
CHAPTER 11:

OTHER REPORTS
Membership by Grade, Race, and Sex Report

The Membership by Grade/Race/Sex Data (GRS) is collected at the same time the first school month Principal's Month Report (PMR). The data is for each student in membership on the last day of the 1st school month. The data is used for reporting purpose to local, state, federal agencies, and other organizations. Both traditional grade levels of Kindergarten through 13th grade and Extended Day 9th through 13th grades data is included. Ethnic categories collected are American Indian, Asian, Hispanic, Black, White, Native Hawaiian/Pacific Islander and Two or More. Each of the above is further disaggregated by male and female.

Retention and Promotion Report

The Retention and Promotion Report (RP) is a collection of individual records of student progress from the recently completed school year including summer school activity. The report is submitted to NCDPI in September from all LEAs and Charter Schools on a pre-determined date. The number of students retained, promoted, or graduated must match the number of students in membership on the last day (MLD) as reported on the 9th Principal's Monthly Report of the reporting school year.

R/P/G codes indicate retention reason:

Local Academic Standard - LEA set their own standards in course areas (reading, math, social studies) and number of credits in order to be promoted to the next grade. The course credit most often occurs at the high school.

Local Attendance Standard - LEAs frequently set standards and requirements for the # of days of absences the students must not exceed in order to be promoted. For example, an LEA may have a policy that states a student will be retained if he or she is absent 20 days.

Local Administrative Decision as granted by General Statute 115c-288.

State Standards - defined by the Statewide Student Accountability Standards www.ncpublicschools.org/promotionstandards/policy/.

Graduation is reported as either Graduated with Certificate or with a Diploma.

When the activity is associated with a summer school, the school is identified as Local Summer School (LOCS). The coding structure of retention, promotion, and graduation is the same for summer school as with regular school.
