Annual Report on School Violence: 2004-2005

Introduction

In 1993, the General Assembly passed the Safe Schools Act requiring Local Education Agencies (LEAs) to report acts of crime and violence specified by the General Assembly to the State Board of Education. G.S. 115C-288 (g) requires schools "To report Certain Acts to Law Enforcement...." In 1995, the State Board of Education required individual school principals to report immediately acts of crime and violence to law enforcement and to the school system's central office. Thus, the State Board charged the Department of Public Instruction (NCDPI) with the responsibility of developing a process for collecting, analyzing and reporting crime and violence data on an annual basis.

In year 2000, the Annual Report on School Crime and Violence (ARSV) and the Suspension and Expulsion Reports were combined, thereby reducing dual reporting of information. In 2002, the State Board of Education added three new acts of crime and violence that principals were to report to law enforcement: bomb threats, possession of alcoholic beverages, and burning of school buildings. Year 2002-03 served as baseline data for each of the aforementioned acts. The Suspension and Expulsion Report and the Annual Report on School Crime and Violence data are collected under the name of the Disciplinary Data Collection (DDC). The format for collecting data is complex and thus is a continuously evolving process. The following steps were completed once again in the 2004-05 reporting process:

- An Annual Report on School Crime and Violence contact person was identified in each LEA and assigned the responsibility of working directly with NCDPI on completing the ARSV and the Suspension and Expulsion Reports.
- Safe and Drug Free Schools Coordinators, ARSV/LEA contacts, Safe Schools Advisory Committee, Charter Schools, Instructional Support Directors, and others discussed expectations associated with reporting disciplinary data.
- Eight training sessions were held prior to the submission of the 2004-05 data. The agenda for the meetings included: "Legal Issues Associated with Reporting"; "Reporting and Coding Expectations", "Understanding and Interpreting the Definitions"; and "How to Record the Data on a Disk."
- LEAs were informed of the procedures necessary to report and submit data to the Department of Public Instruction via a letter (see appendix). DDC forms were placed on the Safe Schools and Accountability Section's web pages.
- The importance of the June 30th data deadline and the emphasis on the superintendent verification form requirement were reviewed. In August 2005, tables 6B and 6C of the ARSV were sent to each superintendent and charter school to verify the accuracy of their data (see appendix).
- LEAs were encouraged to record all acts of crime and violence, as well as the number of acts resulting in suspension and expulsions, on the Discipline Data Collection disk on a daily basis. The ARSV contacts were asked to monitor the discipline data frequently in order to assist with administrative questions to coding errors.
- Again this year, the DDC disks for each school and LEA were sent directly to DPI/Alternative and Safe Schools/Instructional Support Section in order to determine that there was a school disk for each school.
- Telephone calls were made to LEAs/schools with problem data. All issues related to the data were resolved either with DPI or Technical Outreach to Public Schools (TOPS) prior to opening and analyzing the LEA/school data.

This document reflects the submission of all seventeen reportable offenses (coded one through seventeen) on the data collection sheets. All other acts resulting in suspension and coded as eighteen, are captured in the Suspension and Expulsion Report. Those acts are not necessarily required to be reported to law enforcement (see appendix).

Superintendents, school and central office personnel are to be commended for their collaboration and willingness to implement increased monitoring strategies that resulted in continuous support for the enhancements used in producing this report.

2004-2005 Annual Report on School Crime and Violence

Executive Summary

The statistical findings in this year's Annual Report on School Crime and Violence Report (ARSV) were submitted, on disk, by individual schools to the central office and verified by the superintendent in June and again in August of 2005 before being sent to the Department of Public Instruction for inclusion into this report. The acts included in this document represent only the seventeen reportable offenses that schools and LEAs are required to report to law enforcement, as outlined in G.S. 115C-288. According to Public School Law, all reports are due to the State Board of Education by June 30th of each year (refer to the appendix).

Background Information

The following chart reflects trend data for the total number of acts reported.

Annual Reporting Year	Total Acts	Acts Per 1000 Students**
Fourteen Reportable Acts		
1997-98	7,543	6.343
1998-99	7,539	6.237
1999-00	7,229	5.980
2000-01	7,563	6.083
Seventeen Reportable Acts		
2001-02*	9,921	7.709
2002-03	8,548	6.581
2003-04	9,800	7.371
2004-05	10,107	7.485

***The 1997-2001 data represent fourteen reportable offenses/acts. Beginning in year 2001-02, baseline data include reports for the three new offenses, totaling seventeen.**

****Based on the seventh month average daily membership for each year including charter schools.**

Year 2000-2001 represented an increase in the total number of acts over the past three years. A total of 2,210 schools submitted data on the fourteen reportable offenses, totaling 7,563 reports of acts. Of those 2,210 schools, 1,347 reported by one or more acts. In year 2001-2002, there were 1,871 schools reporting acts of crime and violence. This was the initial year for collecting data on the newly approved acts, which included bomb threats, possession of alcoholic beverages and burning of school buildings. Thus, an increase in the total number of occurrences from 8,728 for the fourteen reportable offenses/acts to 9,921 for the seventeen was noted.

The total number of acts reported increased to 10,107 in 2004-05 from 9,800 in 2003-04. In evaluating these changes, it is important to note that locations differ in both the extent of reporting (number of acts) and student population (i.e. Average Daily Membership), among other characteristics.

2004-2005 Major Findings of Reporting Data

The 2004-2005 School Crime and Violence data are based on 100% of traditional LEAs and 100% of charter schools reporting. Two verification forms were included in the reporting process. The first required acknowledgement that the data had been reviewed for accuracy and content and was submitted with the June 30 data; the second form was added after tables 6B and 6C were mailed to superintendents for review. Thus, this year's data reflect a continued effort to improve the quality and efficiency of this report. The increased level of collaboration with the LEAs/schools and the Department of Public Instruction was apparent when reviewing the data and was reflected in the improved quality of the way the discipline data were submitted.

It is important to note that North Carolina State Law, G.S.115C-288 (g) requires schools to report certain acts of crime and violence to law enforcement. G.S. 115C-12 (21) states that the State Board of Education has the duty to monitor acts of crime and violence and to compile an annual report on the acts of violence in the public schools. G.S.115C-47 (36) charges the Local Board of Education to report all acts of school violence to the State Board of Education in accordance with G.S. 115C-12(21) (see appendix). An act represents the actual number of offenses occurring on a school property or under school supervision. In order to understand the numbers being presented in this report, it is critical to keep in mind that one incident of crime and violence may yield numerous acts. Thus the number of acts reported may be greater than the number of incidents occurring at a particular school. It is also important to note that the word "acts", "occurrences", and "offenses" are often used interchangeably. The variety reflects the varying terms used by schools systems; however, each word has the same meaning.

In the traditional grade spans PK-5 there were 895 acts reported during 2004-2005, in grades 6-8 there were 2,580 acts, and in grades 9-12 there were 5,434 acts reported. In the non-traditional combination elementary/middle grades there were 455, in middle/high there were 426, and for all other combination grades reporting there were 317 acts, thus, totaling 10,107 reports of acts that were submitted by all combinations of schools.

Of the seventeen reportable offenses, the following showed an absolute decrease in the total number of occurrences:

- Assault resulting in serious injury
- Bomb threat
- Sexual assault not involving rape or sexual offense
- Robbery without a dangerous weapon
- Burning of a school building
- Robbery with a dangerous weapon
- Kidnapping

Of the total 10,107 acts reported, based on a population of over **1.3 million students**, the top five offenses are listed below in order (refer to Table 1):

1. Possession of a controlled substance in violation of law received with 3,991 acts.
2. Possession of a weapon excluding firearms and powerful explosives with 3,589 acts.
3. Possession of alcoholic beverage with 849 acts.
4. Assault on school personnel not resulting in serious injury with 848 acts.
5. Assault resulting in serious injury with 182 acts.

Based on a comparison of the average number of acts per school level reported in 2004-2005, this section will provide a sample of acts with the highest increases and largest decreases for each traditional grade span (refer to Table 7A) for this year:

- Of the 1,177 traditional PK-5 elementary schools reporting, none were reported for the following four: kidnapping, robbery with a dangerous weapon, and rape. Of the reportable offenses, possession of a firearm, sexual offense, and taking indecent liberties with a minor showed an increase. Overall, there was a decrease of 14.19% (1043 acts in 2003-04 vs. 895 acts in 2004-05) in the number of offenses for grades PK-5.
- Of the 401 traditional middle schools 6-8, zero occurrences were reported for three acts (death by other than natural causes, kidnapping and rape). The act showing the greatest increase was possession of a firearm with a 44.44 % difference over the previous year (27 acts in 2003-04 vs. 39 acts in 2004-05). Robbery without a dangerous weapon reported a significant decrease of 55.56 % (9 acts in 2003-04 vs. 4 acts in 2004-05).
- Of the 361 traditional high schools (9-12), two acts were reported with zero (death by other than natural causes and robbery with a dangerous weapon). Six offenses showed a decrease in the number of acts between 2003-2004 and 2004-2005. The highest number of acts was seen in possession of a controlled substance, receiving a 2.66% increase over the previous year (2672 acts in 2003-04 vs. 2743 acts in 2004-05).

Conclusion

Based on the findings for year 2004-2005, the schools of North Carolina are continuing to establish safe, orderly and caring learning environments for the students and staff. We commend the schools for their efforts to develop strong Safe Schools Plans, Crisis Plans, and School Improvement Plans. Although we acknowledge the reduction in the number of assaults, we sincerely believe that North Carolina's schools should continue to focus on issues of school safety and on providing a learning environment that is free of crime and violence. Thus, we encourage the following practices:

- School personnel shall continue to evaluate School Safety Plans, School Improvement Plans and Crisis Plans based on the needs identified in the Need Assessment.
- Administrators shall continue to inform the staff and community of the definitions and consequences associated with the seventeen reportable offenses.
- Schools shall maintain safe, orderly and caring learning environments.
- Schools shall continue to implement policies that ensure the welfare of all students and staff and will adhere to the "Unsafe School Policy" required by *No Child Left Behind.*
- Schools shall accurately and promptly report all acts of crime and violence to law enforcement and document such acts on the Uniform System of Collecting Data (USDDC).
- School and central office staffs shall submit discipline data to NCDPI by June 30th of each year and with an understanding that all data are monitored and verified for accuracy by the superintendent prior to submission on the 30th of June.
- There continues to be concern about the timeliness of verification form submissions. Thus, the Department of Public Instruction shall begin (with the 2004-05 report) publishing a list of those LEAs not meeting submission requirements for the August verification deadline.
- The Department of Public Instruction shall identify those LEAs with the highest increases in acts and provide technical assistance.
- The Department of Public Instruction shall work with LEAs to develop an Action Plan to address the increases reported in 2004-2005.

2004-2005 Results and Trends

This table shows the total reported statewide offenses/acts by school level and is ranked by the total number of occurrences of specified acts.
Totals are computed based on seventh month Average Daily Membership of 1,350,320 students.
* A combination elementary/middle school must include some or all of the grade levels defined as elementary (PK-5) and middle (6-8).
** A combination middle/high school must include some or all of the grade levels defined as middle (6-8) and high school (9-12).
† Other includes ungraded schools, special education schools, and schools with grades that cross more than one level (e.g. K-12).
‡ Specified acts may have multiple victims per incident.

- **Table 1 and 1A show a total of 10,107 acts reported statewide in 2004-05. This represents an overall increase of 307 (or 3.13%) from 2003-04 (see Table 1A). However, of the seventeen reportable acts, only eight showed an increase in the total number reported. These include possession of a controlled substance, possession of a weapon, possession of alcoholic beverage, assault on school personnel, possession of firearm or powerful explosive, sexual offense and robbery with a dangerous weapon.**

- **The statewide numbers for most of the reportable acts declined or stayed the same in 2004-05 compared to 2003-04: assaults resulting in serious injury (182 vs. 192), bomb threats (163 vs. 191), assult involving use of a weapon (97 vs. 121), sexual assaults (84 vs. 116), robberies without a dangerous weapon (45 vs. 47), school burnings (17 vs. 24), kidnapping (1 vs. 2), and rape (1 vs. 1). Possession of a controlled substance in violation of the law and possesion of a weapon excluding firearms and powerful explosives were the two most commonly reported with totals of 3,991 (39.49%) and 3,589 (35.51%), respectively (see also Figure 1C). Reportings for possession of alcoholic beverage topped the number of assaults on school personnel in the statewide rankings for 2004-05 (849 vs. 848).**

- **The total proportion of reported acts represented by lower grade level schools (i.e. pre-K thru 5 and elementary/middle school combinations) declined from 15.65% to 13.36% between 2003-04 and 2004-05. Across school levels, a smaller proportion of reportable acts in 2004-05 were represented by schools with grades 6 thru 8 (25.53%) while grades 9 thru 12 had a larger proportion (53.76%) relative to 2003-04 (26.4% and 52.26%, respectively). The tables also show "regular student" offenders made up a slightly smaller proportion of reportable acts in 2004-05 compared to 2003-04 (65.1% vs. 72.43%, respectively) while "exceptional student" offenders stayed roughly the same (23.16% vs 23.89%, respectively). Lastly, the overall numbers of student and staff victims declined in 2004-05. This makes sense given the increase in only certain types of acts, namely possessions, in 2004-05.**

2004-05 NC School Report Cards

In 2001, Gov. Mike Easley and the General Assembly asked the state to issue report cards for every school to inform parents and the public about school performance, teacher qualifications, school safety, and school resources. Report cards based on data from the 2004-05 school year will be released on December 6, 2005.

The school report cards track school safety by counting the number of acts of crime and violence that occur in school, at a bus stop, on a school bus, on school grounds, or during off-campus, school-sponsored activities. Schools are required to report any of 17 different offenses to the state (for example, possession of a weapon, possession of a controlled substance, or assault resulting in serious bodily injury). The report cards provide information on the number of reportable acts per every 100 students in the school.

The report card requirements, as set by the Governor's Office, the NC Education Research Council, and the NC Department of Public Instruction, also calls for whole numbers to be displayed. The mathematical standard of rounding is to be used. Rates are derived by dividing each school's total number of reported acts by seventh month membership for the 2004-05 school year, and then multiplying by 100.

The report cards also denote those schools that have received Super Safe Schools (Triple "S") recognition as well as those schools designated as persistently dangerous.

The State Board of Education shall establish policy for the system of free public schools, subject to laws enacted by the General Assembly. The powers and duties of the State Board of Education are defined as follows:

(21) Duty to Monitor Acts of School Violence. - The State Board of Education shall monitor and compile an annual report on acts of violence in the public schools. The State Board shall not include students that have been expelled from school when calculating the dropout rate. The Board shall maintain a separate record of the number of students who are expelled from school.

Chapter 115C.

Elementary and Secondary Education.

Article 8C.

Local Plans For Alternative Schools/Alternative Learning Programs and Maintaining Safe and Orderly Schools.

§ 115C-105.45. Legislative findings.

The General Assembly finds that all schools should be safe, secure, and orderly. If students are to aim for academic excellence, it is imperative that there is a climate of respect in every school and that every school is free of disruption, drugs, violence, and weapons. All schools must have plans, policies, and procedures for dealing with disorderly and disruptive behavior. All schools and school units must have effective measures for assisting students who are at risk of academic failure or of engaging in disruptive and disorderly behavior.

(1997-443, s.8.29(r)(1).)

§ 115C-105.46. State Board of Education responsibilities.

In order to implement this Article, the State Board of Education:

(1) Shall adopt guidelines for developing local plans under G.S. 115C-105.47.

(2) Shall provide, in cooperation with the Board of Governors of The University of North Carolina, ongoing technical assistance to the local school administrative units in the development, implementation, and evaluation of their local plans under G.S. 115C-105.47.

(3) May require a local board of education to withhold the salary of any administrator or other employee of a local school administrative unit who delays or refuses to prepare and implement local safe school plans in accordance with G.S. 115C-105.47.

(4) May revoke the certificate of the superintendent, pursuant to G.S. 115C-274(c), for failure to fulfill the superintendent's duties under a local safe school plan.

(5) Shall adopt policies that define who is an at-risk student.

(1997-443, s. 8.29(r)(1); 1999-397, s. 2; 2000-140, s. 22.)

§ 115C-105.47. Local safe school plans.

(a)Each local board of education shall develop a local school administrative unit safe school plan designed to provide that every school in the local school administrative unit is safe, secure, and orderly, that there is a climate of respect in every school, and that appropriate personal conduct is a priority for all students and all public school personnel. The board shall include parents, the school community, representatives of the community, and others in the development or review of this plan. The plan may be developed by or in conjunction with other committees.

(b) Each plan shall include each of the following components:

(1) Clear statements of the standard of behavior expected of students at different grade levels and of school personnel and clear statements of the consequences that will result from one or more violations of those standards. There shall be a statement of consequences for students under the age of 13 who physically assault and seriously injure a teacher or other individual on school property or at a school-sponsored or school-related activity. The consequences may include placement in an alternative setting.

(2) A clear statement of the responsibility of the superintendent for coordinating the adoption and the implementation of the plan, evaluating principals' performance regarding school safety, monitoring and evaluating the implementation of safety plans at the school level, and coordinating with local law enforcement and court officials appropriate aspects of implementation of the plan. The statement of responsibility shall provide appropriate disciplinary consequences that may occur if the superintendent fails to carry out these responsibilities. These consequences may include a reprimand in the superintendent's personnel file or withholding of the superintendent's salary, or both.

(3) A clear statement of the responsibility of the school principal for restoring, if necessary, and maintaining a safe, secure, and orderly school environment and of the consequences that may occur if the principal fails to meet that responsibility. The principal's duties shall include exhibiting appropriate leadership for school personnel and students, providing for alternative placements for students who are seriously disruptive, reporting all criminal acts under G.S. 115C-288(g), and providing appropriate disciplinary consequences for disruptive students. The consequences to the principal that may occur shall include a reprimand in the principal's personnel file and disciplinary proceedings under G.S. 115C-325.

(4) Clear statements of the roles of other administrators, teachers, and other school personnel in restoring, if necessary, and maintaining a safe, secure, and orderly school environment.

(5) Procedures for identifying and serving the needs of students who are at risk of academic failure or of engaging in disruptive or disorderly behavior.

(6) Mechanisms for assessing the needs of disruptive and disorderly students and students who are at risk of academic failure, and providing them with services to assist them in achieving academically and in modifying their behavior, and removing them from the classroom when necessary.

(7) Measurable objectives for improving school safety and order.

(8) Measures of the effectiveness of efforts to assist students at risk of academic failure or of engaging in disorderly or disruptive behavior. The measures shall include an analysis of the effectiveness of procedures adopted under G.S. 115C-105.48 for students referred to alternative schools and alternative learning programs.

(9) Professional development clearly matched to the goals and objectives of the plan.

(10) A plan to work effectively with local law enforcement officials and court officials to ensure that schools are safe and laws are enforced.

(11) A plan to provide access to information to the school community, parents, and representatives of the local community on the ongoing implementation of the local plan, monitoring of the local plan, and the integration of educational and other services for students into the total school program.

(12) The name and role description of the person responsible for implementation of the plan.

(13) Direction to school improvement teams within the local school administrative unit to consider the special conditions at their schools and to incorporate into their school improvement plans the appropriate components of the local plan for:

a. maintaining safe and orderly schools; and
b. addressing the needs of students who are at risk of academic failure or who are disruptive or both.

(13a) A clear statement of the services that will be provided to students who are assigned to an alternative school or an alternative learning program.

(14) A clear and detailed statement of the planned use of federal, State, and local funds allocated for at-risk students and alternative schools and alternative learning programs.

(15) Any other information the local board considers necessary or appropriate to implement this Article. A local board may develop its plan under this section by conducting a comprehensive review of its existing policies, plans, statements, and procedures to determine whether they: (i) are effective; (ii) have been updated to address recent changes in the law; (iii) meet the current needs of each school in the local school administrative unit; and (iv) address the components required to be included in the local plan. The board then may consolidate and supplement any previously developed policies, plans, statements, and procedures that the board determines are effective and updated, meet the current needs of each school, and meet the requirements of this subsection. Once developed, the board shall submit the local plan to the State Board of Education and shall ensure the plan is available and accessible to parents and the school community. The board shall provide annually to the State Board information that demonstrates how the At-Risk Student Services/Alternative Schools Funding allotment has been used to (i) prevent academic failure and (ii) promote school safety. (c) A local board may amend the plan as often as it considers
necessary or appropriate.

(1997-443, s. 8.29(r)(1); 1999-397, s.2.)

§ 115C-105.48. Placement of students in alternative schools/alternative learning programs.

(a)Prior to referring a student to an alternative school or an alternative learning program, the referring school shall:

(1) Document the procedures that were used to identify the student as being at risk of academic failure or as being disruptive or disorderly.

(2) Provide the reasons for referring the student to an alternative school or an alternative learning program.

(3) Provide to the alternative school or alternative learning program all relevant student records, including anecdotal information.

(b) When a student is placed in an alternative school or an alternative learning program, the appropriate staff of the alternative school or alternative learning program shall meet to review the records forwarded by the referring school and to determine what support services and intervention strategies are recommended for the student. The parents shall be encouraged to provide input regarding the students' needs.

(1999-397, s. 2.)

§§ 115C-105.49 through 115C-105.52. Reserved for future codification purposes.

§ 115C-397.1. Management and placement of disruptive students.

If, after a teacher has requested assistance from the principal two or more times due to a student's disruptive behavior, the teacher finds that the student's disruptive behavior continues to interfere with the academic achievement of that student or other students in the class, then the teacher may refer the matter to a school-based committee. The teacher may request that additional classroom teachers participate in the committee's proceedings. For the purposes of this section, the committee shall notify the student's parent, guardian, or legal custodian and shall encourage that person's participation in the proceedings of the committee concerning the student. A student is not required to be screened, evaluated, or identified as a child with special needs under this section. The committee shall review the matter and shall take one or more of the following actions: (i) advise the teacher on managing the student's behavior more effectively, (ii) recommend to the principal the transfer of the student to another class within the school, (iii) recommend to the principal a multidisciplinary diagnosis and evaluation of the student, (iv) recommend to the principal that the student be assigned to an alternative learning program, or (v)

recommend to the principal that the student receive any additional services that the school or the school unit has the resources to provide for the student. If the principal does not follow the recommendation of the committee, the principal shall provide a written explanation to the committee, the teacher who referred the matter to the committee, and the superintendent, of any actions taken to resolve the matter and of the reason the principal did not follow the recommendation of the committee.

This section shall be in addition to the supplemental to disciplinary action taken in accordance with any other law. The recommendation of the committee is final and shall not be appealed under G.S. 115C-45(c). Nothing in this section shall authorize a student to refer a disciplinary matter to this committee or to have the matter of the student's behavior referred to this committee before any discipline is imposed on the student.

(1997-443, s. 8.29(b).)

115C-404. Use of juvenile court information.

(a) Written notifications received in accordance with G.S. 7B-3101 and information gained from examination of juvenile records in accordance with G.S. 7B-3100 are confidential records, are not public records as defined under G.S. 132-1, and shall not be made part of the student's official record under G.S. 115C-402. Immediately upon receipt, the principal shall maintain these documents in a safe, locked record storage that is separate from the student's other school records. The principal shall shred, burn, or otherwise destroy documents received in accordance with G.S. 7B-3100 to protect the confidentiality of the information when the principal receives notification that the court dismissed the petition under G.S. 7B-2411, the court transferred jurisdiction over the student to superior court under G.S. 7B-2200, or the court granted the student's petition for expunction of the records. The principal shall shred, burn, or otherwise destroy all information gained from examination of juvenile records in accordance with G.S. 7B-3100 when the principal finds that the school no longer needs the information to protect the safety of or to improve the educational opportunities for the student or others. In no case shall the principal make a copy of these documents.

(b) Documents received under this section shall be used only to protect the safety of or to improve the education opportunities for the student or others. Information gained in accordance with G.S. 7B-3100 shall not be the sole basis for a decision to suspend or expel a student. Upon receipt of each document, the principal shall share the document with those individuals who have (i) direct guidance, teaching, or supervisory responsibility for the student, and (ii) a specific need to know in order to protect the safety of the student or others. Those individuals shall indicate in writing that they have read the document and that they agree to maintain its confidentiality. Failure to maintain the confidentiality of these documents as required by this section is grounds for the dismissal of an employee who is not a career employee and is grounds for dismissal of an employee who is a career employee, in accordance with G.S. 115C-325(e)(1)i.

(c) If the student graduates, withdraws from school, is suspended for the remainder of the school year, is expelled, or transfers to another school, the principal shall return all documents not destroyed in accordance with subsection (a) of this section to the juvenile court counselor and, if applicable, shall provide the counselor with the name and address of the school to which the student is transferring.

CHAPTER 321
SENATE BILL 27

AN ACT TO MAKE CONTINUATION AND EXPANSION BUDGET APPROPRIATIONS FOR CURRENT OPERATIONS OF STATE DEPARTMENTS, INSTITUTIONS, AND AGENCIES, AND FOR OTHER PURPOSES.

INTRODUCTION

Section 1. The appropriations made in this act are for maximum amounts necessary to provide the services and accomplish the purposes described in the budget. Savings shall be effected where the total amounts appropriated are not required to perform these services and accomplish these purposes and, except as allowed by the Executive Budget Act, or this act, the savings shall revert to the appropriate fund at the end of each fiscal year.

Requested by: Senators Daniel, Plyler, Representatives Nesbitt, Diamont

TITLE OF ACT

Sec. 2. This act shall be known as the Current Operations Appropriations Act of 1993.

SAFE SCHOOLS

Sec. 139. (a) Of the funds appropriated to Aid to Local School Administrative Units, the sum of two million five hundred thousand dollars ($2,500,000) for the 1993-94 fiscal year and the sum of two million five hundred thousand dollars ($2,500,000) for the 1994-95 fiscal year shall be used to provide grants for local school administrative units for locally designed innovative local programs to make schools safe for students and school employees. These funds shall be used for grants of from fifty thousand dollars ($50,000) to one hundred thousand dollars ($100,000) per year to local school administrative units. These funds may be used for continuing or noncontinuing expenses.

A local school administrative unit may apply for a grant, or two or three adjacent local school administrative units may apply jointly for a grant. Applicants for grants shall submit to the State Board of Education an application that includes the following information:

(1) An assessment of local problems with regard to violence and harassment, including sexual and other forms of harassment, in the schools prepared by a local task force of educators, parents, students, community leaders, and representatives of social services and law enforcement, appointed by the local board of education.

(2) A detailed plan for addressing these local problems, including proposed goals and anticipated outcomes, prepared after consultation with the task force.

(3) A statement of how the grant funds would be used to address these local problems and what other resources would be used to address the problems.

(4) A process for assessing on an annual basis the success of the local plan for addressing problems with regard to violence and harassment in the schools.

The Superintendent of Public Instruction shall appoint a State task force to assist the Superintendent in reviewing grant applications. The State task force shall include representatives of the Department of Public Instruction, local school administrative units, educators, parents, the juvenile justice system, social services, and nongovernmental agencies providing services to children, and other members the Superintendent deems appropriate. In reviewing grant applications, the Superintendent and the State task force shall consider the severity of the local problems with regard to violence in the schools and the likelihood that the locally designed plan will deal with the problems successfully.

The State Board of Education shall consider the recommendations of the Superintendent in selecting grant recipients. The State Board shall also attempt to give grants to local school administrative units that are located geographically throughout the State, that have different demographic profiles, and that propose different approaches to their problems. The State Board shall select grant recipients prior to January 1, 1994.

The Superintendent of Public Instruction shall administer the grant program and provide technical assistance to grant applicants and recipients.

The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to March 15, 1994, and prior to January 15, 1995, on how the funds are being used.

(b) G.S. 115C-12 is amended by adding a new subdivision to read:

"(21) Duty to Monitor Acts of School Violence. - The State Board of Education shall monitor and compile an annual report on acts of violence in the public schools. The State Board shall adopt standard definitions for acts of school violence and shall require local boards of education to report them to the State Board in a standard format adopted by the State Board."

(c) G.S. 115C-47 is amended by adding a new subdivision to read:

"(36) To Report All Acts of School Violence. - Local boards of education shall report all acts of school violence to the State Board of Education in accordance with G.S. 115C-12(21)."

(d) G.S. 115C-81 is amended by adding a new subsection to read:

"(a4) Conflict Resolution and Mediation Models: The State Board of Education shall develop a list of recommended conflict resolution and mediation materials, models, and curricula that address responsible decision making, the causes and effects of school violence and harassment, cultural diversity, and nonviolent methods for resolving conflict, including peer mediation and shall make the list available to local school administrative units and school buildings by the beginning of the 1994-95 school year. In developing this list, the Board shall

emphasize materials, models, and curricula that currently are being used in North Carolina and that the Board determines to be effective. The Board shall include at least one model that includes instruction and guidance for the voluntary implementation of peer mediation programs and one
model that provides instruction and guidance for teachers concerning the integration of conflict resolution and mediation lessons into the existing classroom curriculum."

Policy Title: Policy defining persistently dangerous schools

Current Policy Date: 06/06/2002

Other Historical Information:

Statutory Reference: 20 USCS 7912 (2002)

Administrative Procedures Act (APA) Reference Number and Category:

This policy is currently in effect but may be revised as the result of the rulemaking process.

(This policy addresses Certification of Compliance with Unsafe School Choice Option Requirements as required in the *Consolidated Plan for No Child Left Behind.*)

1. The following definitions apply to this policy.
   a. Violent criminal offenses are the following crimes as reported in the *"Report on School Crime and Violence"*:
      - Homicide
      - Assault Resulting in Serious Bodily Injury
      - Assault Involving Use of a Weapon
      - Rape
      - Sexual Offense
      - Sexual Assault
      - Kidnapping
      - Robbery with a Dangerous Weapon
      - Robbery
      - Taking Indecent Liberties with a Minor
   b. A persistently dangerous school is a public elementary, middle or secondary school or a charter school in which a total of five or more violent criminal offenses were committed per 1000 students (0.5 or more per 100 students) during each of the two most recent school years and in which the conditions that contributed to the commission of those offenses are likely to continue into another school year.

2. Along with the annual Report on School Crime and Violence, the Superintendent for each LEA shall write and inform the State Board of Education of:
   a. All the public schools within that LEA that have reported a total of five or more violent criminal offenses were committed per 1000 students (0.5 or more per 100 students) during the most recent school year; and
   b. All the public schools within that LEA that have reported a total of five or more violent criminal offenses were committed per 1000 students (0.5 or more per 100 students) during each of the two most recent school years.

3. No later than June 30 of any year, the chairman of the board of directors of the nonprofit corporation that holds

the charter for a charter school shall notify the State Board of Education:

a. Whether five or more violent criminal offenses were committed per 1000 students (0.5 or more per 100 students) in a charter school during the most recent school year; and

b. Whether five or more violent criminal offenses were committed per 1000 students (0.5 or more per 100 students) in a charter school during each of the two most recent school years.

4. Whenever the State Board of Education has information that five or more violent criminal offenses were committed per 1000 students (0.5 or more per 100 students) in a public elementary, middle or secondary school or a charter school during each of the two most recent school years, the State Board of Education shall provide the local board of education or the nonprofit corporation that holds the charter for the school the opportunity to report on conditions in the school and any plans it may have to eliminate the conditions that contributed to the commission of the violent criminal offenses.

5. After consideration of that report and consultation with a representative sample of local educational agencies or charter schools, the State Board of Education shall determine whether the school is a persistently dangerous school, whether the school should be placed on probation, or whether no additional interventions are necessary to protect students from violent crimes.

6. During the probationary year, the school shall implement additional strategies to protect students from violent criminal offenses and incorporate them into the Safe Schools Plan.

7. If at any time during the probationary year, the State Board of Education determines that conditions that contributed to the commission of the violent criminal offenses in the school have not been eliminated, then the State Board of Education may determine that the school is a persistently dangerous school.

8. Once the State Board has determined that a school is a persistently dangerous school, the school shall retain that designation for at least one full school year.

9. Students assigned to a school which the State Board of Education has determined to be persistently dangerous shall be allowed to attend another school in the LEA which is not designated a persistently dangerous school, provided there is such a school in the LEA which offers instruction at the student's grade level.

10. Any student who is the victim of a violent criminal offense committed against him or her while he or she was in or on the grounds of a public elementary, middle or secondary school or charter school that he or she attends shall be allowed to attend another school in the LEA, provided there is such a school in the LEA which offers instruction at the student's grade level and provided the student's choice shall not be limited to persistently dangerous schools.

11. Local school systems shall establish a process for assuring any student who has the right to transfer from a school under this policy is allowed to transfer to a school in the LEA which is not persistently dangerous. The process must be included in the system's Safe School Plan.

12. The LEA shall report each student transfer effected pursuant to this policy to the State Board of Education in its "Report on School Crime and Violence."

13. Nothing in this policy shall be construed to grant any student the right to attend a charter school, grant any student a preference in admission to a charter school or limit a student's right to transfer from a charter school.

SUBJECT: Disciplinary Data Collection Reporting 2004-05 Update

Previous Reporting Procedures

The State Board of Education is required by law to produce two reports each year involving disciplinary data:

- The Annual Report on School Violence and
- The Annual Study of Suspensions and Expulsions.

Three years ago, NCDPI developed the Disciplinary Data Collection Form (DDCF) to collect the data needed to develop both of these reports as well as other federally mandated reports related to school safety.

New On-line Uniformed Disciplinary Data Collection System

NCDPI has established a new online data collection system. This new system is designed to provide a more secure environment for recording and transmitting sensitive disciplinary and other data, and to allow for greater accuracy, speed and detail in reporting until NCWISE is available statewide. This system replaces the previous DDCF system, and it also replaces two other data collection processes that have previously been gathered through other means: The Alternative Learning Programs Student Data Roster and the Safe and Drug-Free Schools reporting requirements.

Scenarios Describing Possible Reporting Situations for 2004-05

1. **For LEAs that have already fully implemented NCWISE**:

   LEAs that have implemented NCWISE will not need to use the disciplinary module in the *Uniformed Disciplinary Data Collection System* (the new web-based system) in 2004-05. However, alternative school/program administrators will still use the system for Student Data Roster Reporting, and some of the SADFS data will also be collected using the new web-based system.

- over -

2. For LEAs that are scheduled to implement NCWISE at some point during the 2004-05 school year:

LEAs in this situation may choose one of the following options:

(a) use the same disciplinary data system they are using in 2003-04 (i.e., the "old" DDCF process) for one more year,

(b) use the *Uniformed Disciplinary Data Collection System*, or

(c) use the NCWISE Incident Module.

LEAs in this situation should only choose option C if their scheduled implementation date occurs early in the 2004-05 school year (e.g., by September or perhaps October). Any delay in implementation, even if it is scheduled for Fall 2004, may result in a significant backlog of data to input into another system. A significant delay could result in problems with meeting reporting deadlines and/or data accuracy issues.

However, alternative school/program administrators will still use the *Uniformed Disciplinary Data Collection System* for Student Data Roster Reporting and for reporting some of the SADFS data.

New Training Opportunities

There have been ten previous training sessions. There will be an additional training session scheduled for March 11, 2005. The session is scheduled for 9:00 to 12:00. The training will be held at The Department of Public Instruction in the computer lab (room 565) on the fifth floor. **Seating is limited to the first twenty-five people to register.**

Examples of How to Record Incidents Using the DDCF

Here are four hypothetical incidents occurring at a school. The table below shows how these incidents would be recorded on the Disciplinary Data Collection Form.

Example Incident #1

On September 28, a seventeen year-old 11th grade White male student was suspended out-of-school for one week (five school days) for hitting his teacher.

Example Incident #2

On October 4, a sixteen year-old White male and a fifteen year-old White male, both of whom are in the 10th grade, get into a fight in the cafeteria. Both are suspended out-of-school for three days. The principal decides not to report the fight to law enforcement.

Example Incident #3

On October 19, a fifteen year-old Hispanic female and a sixteen year-old White female, both of whom are in the 10th grade, are suspended out-of-school for three weeks (15 school days) after being caught smoking marijuana in the bathroom.

Example Incident #4

A football game is held on the school grounds on the night of October 25. A Black female student from the "home" school attends the game, and is sexually assaulted in the stands by a Black male student from the "visiting" school. He is eighteen years old and is in the 12th grade. He is also found to be in possession of alcohol at the time. He is expelled from school and is referred to an alcohol abuse treatment program.

Instructions for Completing the Disciplinary Data Collection Form

When to Use this Form

Every time a legally-reportable offense, an out-of-school suspension[1] (short- or long-term), or an expulsion occurs at your school during the school year, a record should be entered on this form. Less serious incidents (such as those resulting in detentions, in-school suspensions and the like) do not need to be reported on this form, unless those incidents involve a legally-reportable offense, an out-of-school suspension, or an expulsion.

What to Enter on this Form

Using the instructions beginning on page 3, please provide all required information for each offender each time he/she commits any act that (a) must be reported to law enforcement or (b) results in a student offender being suspended out-of-school or expelled. Thus, an offender who re-commits a particular act or receives these disciplinary consequences on more than one occasion during the year should be listed each time any of these events occur. Be sure to document every legally-reportable offenses that occur on school property[2] after normal or usual school operating hours, even if the offenders are unknown or known to be non-students. Also note as you read these instructions that some of the columns on the form apply only to student offenders, and therefore do not have to be completed if the offender is not a student.

How to Record Data

Data may be entered directly into the Microsoft Excel file provided on the aforementioned website. Data may also be recorded in another fashion as long as a Microsoft Excel-compatible datafile can be produced at the end of the year that conforms to the format of the file on the enclosed diskette (data fields in the same order, same codes used for each field, etc.). Schools are strongly encouraged to save a copy of their data before submitting it at the end of the year in the event that the data get lost or corrupted after they are submitted.

How to Submit Data

All data must be submitted through the LEA Superintendent's office (or, in the case of charter schools, through the Director/Principal's office). LEA Superintendents and Charter School Directors/Principals must send a signed copy of the Verification Form (see page 10) along with the data to certify that the data are complete and accurate. Data need to be submitted to the contact person listed below at the end of the school year.

NOTE: For schools that have no out-of-school suspensions, expulsions, or legally reportable incidents, a simple written statement should be submitted along with the data from the other schools in the LEA that lists the names and 6-digit school codes of the schools that had no incidents. That way, schools that had no incidents to report will not be incorrectly identified as schools that failed to submit their data.

The data will be compiled for the agency by our contractors at North Carolina State University. Please submit data files, along with the completed Verification Form, no later than June 30, 2004 to:

Marguerite Peebles
Alternative and Safe Schools/Instructional Support Section
NC Department of Public Instruction
6350 Mail Service Center
Raleigh, NC 27699-6350

[1] In-school suspensions should only be recorded on this form if they are incurred as a result of one of the 17 offenses that schools are required to report to law enforcement (see page 4 for a list of these).

[2] "School property" includes school grounds, school buses, and the location of any school-sponsored event.

Submitting data by emailing files is **not** recommended, due to the fact that individually-identifiable student information of a sensitive nature is involved. We suggest that data be submitted on CD, floppy disk, or other medium via a carrier that can track the package (FedEx, UPS, registered mail, etc).

Use the instructions on the following pages to record data on the form. If you have questions about how to complete the form or about submitting your data, please contact:

DEFINITIONS OF OFFENSES REQUIRED TO BE REPORTED

1. **Assault Resulting in Serious Injury.** An intentional physical attack causing the victim obvious severe or aggravated bodily injury involving (a) broken bones, loss of teeth, possible internal injuries; severe lacerations and bleeding; or loss of consciousness; and/or (b) requiring emergency medical services by trained school personnel or other health professionals (e.g. EMS) and/or hospitalization. If the offender used a weapon in an assault resulting in serious injury, report both Assault Resulting in Serious Injury and Assault Involving Use of a Weapon. Fights or affrays, where no weapon was used, resulting in no apparent or serious injuries are not required by state law to be reported, even if the incident resulted in suspensions or expulsion for the student. Local School Board policy may require reporting of fights or affrays to law enforcement. (State law G.S. 115C-391 requires that local boards of education remove to an alternative educational setting any student who is at least 13 and who physically assaults and seriously injures a teacher or other school personnel. If no appropriate alternative then the board shall suspend for no less than 300 days but no more than 365 days any student who is at least 13 and who physically assaults and seriously injures a teacher or other school personnel.)

2. **Assault Involving Use of a Weapon.** An assault by one person against another where the attacker either uses a weapon or displays a weapon in a threatening manner. Weapon is defined as: Any firearm or explosive device; force-impacting device; knife or sharp-edged or sharp-pointed utensil, device or tool; or any article, instrument or substance which can or is likely to produce death or great bodily harm. If a firearm or other weapon is used in the commission of any offense, the type of weapon must be identified in the WEAPON USED/POSSESSED column of the Data Collection Form.

3. **Assault on School Personnel.** An assault is an intentional physical attack by one person on another. An assault is either the actual intentional striking of another person, or an attempt to physically strike another by an intentional show of force or menace of violence sufficient to put a reasonable person in fear of immediate physical injury. This offense includes assaults on school personnel that do not involve use of a weapon and do not result in Verbal threats to physically attack are not included unless they are accompanied by an act that is an intentional show of force or menace of violence sufficient to put a reasonable person in fear of immediate physical injury.

4. **Bomb Threat[3] (See G.S. 14-69.1 and 14-69.2).** Making or communicating a false bomb threat in any form, including a computer message; or perpetrating a bomb threat hoax by bringing a fake explosive device, whether openly or concealed, onto school property or to school-sponsored events (both are considered Class H felonies by G.S. 14-69.1 and G.S. 14-69.2).

5. **Burning of a School Building (See G.S. 14-60).** Any person who maliciously and willfully sets fire to, burns or causes to be burned (i.e. aids, directs or procures the burning of) any school building owned, leased or used by the public schools (considered a Class F felony by G.S. 14-60).

---

[3] Because this definition is a summary of lengthy and detailed legislation, users of the definition should consult their school board attorney or the http://www.ncga.state.nc.us/statutes/toc-1.html website for further details or clarifications regarding its use.

6. **Death By Other Than Natural Causes.** The killing of a living person, done either by another or by suicide. Acts to be reported under this category include murder, manslaughter, death by vehicle, killing in self-defense, killing done by an insane person, accidental killing and suicide. Killing is to be reported if either the death or the act causing it occurred on school property, and regardless of whether the victim is associated with the school. Examples of incidents to be reported are the accidental death of a child in a school bus accident, or a victim on school property shot by someone located on or off school property.

7. **Kidnapping.** Confining, restraining or removing from one place to another a person, without his/her or the victim's or a minor victim's parents' consent, for the purpose of committing a felony; or holding a victim as hostage or for ransom, or for use as a shield. A parent taking a child in violation of a court order, although it may be a crime, is not kidnapping for this purpose.

8. **Possession of Alcoholic Beverage[4] (See G.S. 18B-300 to 302).** Any underage person who purchases, provides or sells to another, possesses or has in his/her immediate custody or control, or consumes malt beverages, fortified or unfortified wine, or spirituous liquor, in any amount or form, on school property owned or leased by the local board of education, or at school-sponsored events (comparable to a misdemeanor violation by G.S. 18B-102 and G.S. 18B-300, 301 and 302).

9. **Possession of Controlled Substance in Violation of Law.** Possession of narcotic drugs on or in the immediate control of the person. Narcotic drugs include any form of cocaine, marijuana, heroin, LSD, methamphetamine, and all drugs listed in the North Carolina Controlled Substances Act. Possession of any amount in any form must be reported. Unauthorized possession of a prescription drug (e.g., Ritalin) is included in this category. The principal should confer with law enforcement personnel when in doubt as to whether a drug is a controlled substance. Alcohol possession should be reported as Possession of Alcoholic Beverage.

10. **Possession of a Firearm or Powerful Explosive.[5]** Any unauthorized person possessing on their person or within their custody or control, or storing, or carrying, whether openly or concealed, locked or unlocked, any firearm or powerful explosive, whether operable or inoperable, on school property; or bringing such a device onto school property. Persons authorized to carry weapons on school property are law enforcement officers, firefighters, and emergency service personnel when discharging their official duties (State law G.S. 115C-391 requires that local boards of education suspend for 365 days any student who brings a "weapon" onto school property. Weapons are defined as any gun, rifle, pistol, or other firearm of any kind, or any dynamite cartridge, bomb, grenade, mine or other powerful explosive, as defined in G.S. 14-284.1; and this does not apply to fireworks. Superintendents may modify the suspension on a case-by-case basis, but a written explanation for the decision must be included with the school's Annual Report on School Crime and Violence). The type of any firearm(s) that is/are involved must be identified in the WEAPON USED/POSSESSED column of the Data Collecti

11. **Possession of a Weapon.** Possessing on their person or within their custody or control, storing, or carrying, by any unauthorized person, whether openly or concealed, a weapon, excluding firearms and powerful explosives, defined as follows: Any BB gun, stun gun, air rifle, air pistol, bowie knife, dirk, dagger, slungshot, leaded cane, switchblade knife, blackjack, metallic knuckles, razors and razor blades, any sharp pointed or edged instrument except instructional supplies, unaltered nail files and clips and tools used solely for preparation of food, instruction and maintenance. This category covers possession of all weapons, other than firearms and powerful explosives, which the law prohibits on educational property (N.C.G.S. § 14-269.2). Persons authorized to possess such weapons are law enforcement officers, firefighters and emergency service personnel when discharging their official duties. Report type of weapon unlawfully possessed in the WEAPON USED/POSSESSED column of the

[4] Because this definition is a summary of lengthy and detailed legislation, users of the definition should consult their school board attorney or http://www.ncga.state.nc.us/statutes/toc-1.html for further details or clarifications regarding its use.

[5] Because "Bomb Possession" involves the G.S. 14-269.2 definition of a bomb or "powerful explosive" as a felony-level weapon (G.S. 14-269.2 (b1)), as differentiated from a felony "firearm" weapon (G.S. 14-269.2 (b)), former definitions of "possession of a firearm" and "possession of a (misdemeanor) weapon" have been revised.

12. **Rape.** Rape may be statutory or forcible. Forcible Rape is vaginal intercourse committed by force and without the consent of the victim, regardless of age. Statutory Rape is vaginal intercourse committed on a child under the age of 16 by a person who is at least 12 years old and at least 4 years older than the victim, regardless of whether the victim consented. Consensual vaginal intercourse between a 13, 14 or 15 year old girl or boy and a 16 year old girl or boy is not a crime; statutory rape requires at least four years between birthdays of the victim and perpetrator. Some examples of incidents which must be reported under this category are consensual intercourse between a 19-year old and a 15-year old; consensual intercourse with a person who is mentally handicapped or incapacitated, or physically helpless, regardless of whether the victim consented; or intercourse with an intoxicated or drugged victim who is too incapacitated to give consent.

13. **Robbery With a Dangerous Weapon (Armed Robbery).** Theft or attempted theft of anything of value from the person of another, or from the area under the immediate bodily control of the other, by using a dangerous weapon or by an act threatening use of a dangerous weapon. A dangerous weapon is any article, instrument or substance that is likely to produce death or great bodily harm. Forcible theft or attempted theft from a person without the use of a dangerous weapon should be reported under Robbery Without a Dangerous Weapon. Report type of weapon used in the WEAPON USED/POSSESSED column of the Data Collection Form.

14. **Robbery Without a Dangerous Weapon.** The taking or attempting to take anything of value from another's person, by force, or by an act threatening force or violence, which puts a victim in fear, without the use of a weapon. The stealing of someone's property without the use of force or from a source other than the victim's person is not included in this offense. If the taking from the person involves use of a dangerous weapon the incident is reported under Robbery With a Dangerous Weapon.

15. **Sexual Assault (Not Involving Rape or Sexual Offense).** An assault of a sexual nature. An unauthorized and unwanted, intentional, or forcible touching of a sex organ of a person of the opposite sex. Sex organs are the breasts of females and genital areas of males and females. This category includes forcibly and intentionally grabbing the clothed or unclothed breast or genitals of a person of the opposite sex, without the consent of the victim. Report attempted rape and attempted sexual offense under this category. The difference between Sexual Assault and Sexual Offense is that Sexual Assault involves forcible and intentional touching without penetration of a sex organ, and Sexual Offense involves penetration of a sex organ or anus by any object, or touching another's mouth or anus by the male sex organ.

16. **Sexual Offense.** Sexual Offense may be forcible or statutory. Forcible Sexual Offense is actual oral-genital contact, or penile-anal penetration, or insertion of any object, including a finger, into the genital or anal opening of another person's body, committed by force and without the consent of the victim. Statutory Sexual Offense is any of the above acts committed on a child under the age of 16 by a person who is at least 12 years old and at least 4 years older than the victim, regardless of whether the victim consented. Statutory Sexual Offense is also any of the above acts committed on a person who is mentally handicapped or incapacitated or physically helpless, regardless of whether the victim consented. The difference between Rape and Sexual Offense is that Rape involves vaginal intercourse only, and Sexual Offense involves oral-genital contact, penile-anal penetration, or genital or anal penetration by any object.

17. **Taking Indecent Liberties With A Minor.** Committing a sexual act with or in the presence of a child under the age of 16 years, by a person at least age 16 and at least five years older than the child, for sexual gratification, regardless of whether force was used, or whether the victim consented. Examples of acts to be reported under this category are intentional exposure of genitals in front of a child; showing a child pornography, secretly or in the child's presence; or photographing girls changing clothes or using toilets, if these acts are done for sexual gratification.

If OSS and/or ISS are used as a consequence, use these columns to record the total number of school days (not calendar days) the student is suspended.
