Annual Report on School Crime and Violence, 2006-07

Introduction

In 1993, the General Assembly passed the Safe Schools Act requiring Local Educational Agencies (LEAs) to report specified acts of crime and violence to the State Board of Education (SBE). General Statute 115C-288(g) describes the school principal's responsibility "to report certain acts to law enforcement" and lists a number of acts to be reported. The SBE later expanded on the list of acts to be reported to law enforcement.

GS 115C-12(21) requires the SBE "to compile an annual report on acts of violence in the public schools." The SBE has defined 17 criminal acts that are to be included in its annual report, ten of which are considered dangerous and violent.

The ten dangerous and violent acts are:

- Homicide
- Assault resulting in serious bodily injury
- Assault involving the use of a weapon
- Rape
- Sexual offense
- Sexual assault
- Kidnapping
- Robbery with a dangerous weapon
- Robbery without a dangerous weapon
- Taking indecent liberties with a minor

Schools that report five or more of these acts per thousand students in two consecutive years and where "conditions that contributed to the commission of those offenses are likely to continue into another school year" are deemed Persistently Dangerous Schools (SBE Policy SS-A-006). In 2006-07 there were no Persistently Dangerous Schools identified in North Carolina.

The other seven acts included in this report are:

- Assault on school personnel
- Bomb threat
- Burning of a school building
- Possession of alcoholic beverage
- Possession of controlled substance in violation of law
- Possession of a firearm or powerful explosive
- Possession of a weapon

Superintendents, principals, teachers, and other school and central office personnel are to be commended for their collaboration and willingness to implement reporting systems and strategies resulting in the production of this report.

Data Collection and Verification

The data used in this 2006-07 annual report was mainly collected in the Uniform System of Disciplinary Data Collection (USDDC), a statewide reporting system housed on a secure web site. NC WISE schools initially entered their data into the disciplinary reporting module of the NC WISE system, with the data subsequently transferred into USDDC. A few schools and LEAs used third-party software conforming to USDDC specifications.

Data consolidation and verification procedures were handled by DPI with assistance from the Technical Outreach to Public Schools (TOPS) at NC State University. The due date for LEAs to complete their 2006-07 discipline data collections was July 10, 2007. Principals, superintendents, and charter school directors were then required to verify the numbers of the 17 reportable offenses submitted by each school and LEA, and those verified numbers were checked by TOPS against the system data. Any discrepancies were reconciled, and superintendents and charter school directors then provided a final verification. All final verifications were completed by September 7, 2007.

After all data was verified, TOPS ran the analyses that generated the tables and figures contained in this report. The Research and Evaluation Section of Agency Operations and Information Management authored the summaries and compiled the completed report.

2006-07 Annual Report on School Crime and Violence

Executive Summary

The number of the “17 reportable acts” of crime and violence increased by 0.5% from 2005-06 to 2006-07. However, due to an increase in average daily membership of almost two percent, the rate of acts reported (per 1000 students) decreased by 1.6%. The table below shows the number and rate for each of the last five years.

Reporting Year	Total Acts	Acts Per 1000 Students
2002-03	8,548	6.58
2003-04	9,800	7.37
2004-05	10,107	7.49
2005-06	10,959	7.90
2006-07	11,013	7.77

The changes in the numbers of each of the seventeen offenses reported from 2005-06 to 2006-07 are shown in the table below. Violent offenses (per SBE Policy Number SS-A-006) are **boldfaced** and represent only four percent of the acts reported. Most of the increase in the numbers from 2005-06 to 2006-07 come from the seven categories not classified as violent. These seven categories accounted for a net increase of 51 acts; the total increase was 54 acts. The total number of violent acts was the same as the previous year.

Acts	Number of Acts 2005-06	Number of Acts 2006-07
Possession of controlled substance in violation of law	4,427	4,339

The following three tables show the most frequently reported acts at elementary (K-5 grade span), middle (6-8 grade span), and high (9-12 grade span) schools, which comprise the majority of North Carolina schools. The tables also show the percent change in the numbers of reported acts between 2004-05 and 2005-06 and between 2005-06 and 2006-07.

Chapter 115C.

Elementary and Secondary Education.

§ 115C-12. Powers and duties of the Board generally.

The general supervision and administration of the free public school system shall be vested in the State Board of Education. The State Board of Education shall establish policy for the system of free public schools, subject to laws enacted by the General Assembly. The powers and duties of the State Board of Education are defined as follows:

(21) **Duty to Monitor Acts of School Violence.** – The State Board of Education shall monitor and compile an annual report on acts of violence in the public schools. (27) **Reporting Dropout Rates, Suspensions, Expulsions, and Alternative Placements.** – The State Board shall report annually to the Joint Legislative Education Oversight Committee and the Commission on Improving the Academic Achievement of Minority and At-Risk Students on the numbers of students who have dropped out of school, been suspended, been expelled, or been placed in an alternative program. The data shall be reported in a disaggregated manner and be readily available to the public. The State Board shall not include students that have been expelled from school when calculating the dropout rate. The Board shall maintain a separate record of the number of students who are expelled from school.

§ 115C-47. Powers and duties generally.

In addition to the powers and duties designated in G.S. 115C-36, local boards of education shall have the power or duty:

Article 8C.

**Local Plans For Alternative Schools/Alternative Learning Programs and
Maintaining Safe and Orderly Schools.**

§ 115C-105.45. Legislative findings.

The General Assembly finds that all schools should be safe, secure, and orderly. If students are to aim for academic excellence, it is imperative that there is a climate of respect in every school and that every school is free of disruption,

drugs, violence, and weapons. All schools must have plans, policies, and procedures for dealing with disorderly and disruptive behavior.

All schools and school units must have effective measures for assisting students who are at risk of academic failure or of engaging in disruptive and disorderly behavior. (1997-443, s. 8.29(r)(1).)

§ 115C-105.46. State Board of Education responsibilities.

In order to implement this Article, the State Board of Education:

- (1) Shall adopt guidelines for developing local plans under G.S. 115C-105.47.
- (2) Shall provide, in cooperation with the Board of Governors of The University of North Carolina, ongoing technical assistance to the local school administrative units in the development, implementation, and evaluation of their local plans under G.S. 115C-105.47.
- (3) May require a local board of education to withhold the salary of any administrator or other employee of a local school administrative unit who delays or refuses to prepare and implement local safe school plans in accordance with G.S. 115C-105.47.
- (4) May revoke the certificate of the superintendent, pursuant to G.S. 115C-274(c), for failure to fulfill the superintendent's duties under a local safe school plan.
- (5) Shall adopt policies that define who is an at-risk student. (1997-443, s. 8.29(r)(1); 1999-397, s. 2; 2000-140, s. 22.)

§ 115C-105.47. Local safe school plans.

(a) Each local board of education shall develop a local school administrative unit safe school plan designed to provide that every school in the local school administrative unit is safe, secure, and orderly, that there is a climate of respect in every school, and that appropriate personal conduct is a priority for all students and all public school personnel. The board shall include parents, the school community, representatives of the community, and others in the development or review of this plan. The plan may be developed by or in conjunction with other committees.

(b) Each plan shall include each of the following components:

- (1) Clear statements of the standard of behavior expected of students at different grade levels and of school personnel and clear statements of the consequences that will result from one or more violations of those standards. There shall be a statement of consequences for students under the age of 13 who physically assault and seriously injure a teacher or other individual on school property or at a school-sponsored or school-related

activity. The consequences may include placement in an alternative setting.

- (2) A clear statement of the responsibility of the superintendent for coordinating the adoption and the implementation of the plan, evaluating principals' performance regarding school safety, monitoring and evaluating the implementation of safety plans at the school level, and coordinating with local law enforcement and court officials appropriate aspects of implementation of the plan. The statement of responsibility shall provide appropriate disciplinary consequences that may occur if the superintendent fails to carry out these responsibilities. These consequences may include a reprimand in the superintendent's personnel file or withholding of the superintendent's salary, or both.
- (3) A clear statement of the responsibility of the school principal for restoring, if necessary, and maintaining a safe, secure, and orderly school environment and of the consequences that may occur if the principal fails to meet that responsibility. The principal's duties shall include exhibiting appropriate leadership for school personnel and students, providing for alternative placements for students who are seriously disruptive, reporting all criminal acts under G.S. 115C-288(g), and providing appropriate disciplinary consequences for disruptive students. The consequences to the principal that may occur shall include a reprimand in the principal's personnel file and disciplinary proceedings under G.S. 115C-325.
- (4) Clear statements of the roles of other administrators, teachers, and other school personnel in restoring, if necessary, and maintaining a safe, secure, and orderly school environment.
- (5) Procedures for identifying and serving the needs of students who are at risk of academic failure or of engaging in disruptive or disorderly behavior.
- (6) Mechanisms for assessing the needs of disruptive and disorderly students and students who are at risk of academic failure, and providing them with services to assist them in achieving academically and in modifying their behavior, and removing them from the classroom when necessary.
- (7) Measurable objectives for improving school safety and order.
- (8) Measures of the effectiveness of efforts to assist students at risk of academic failure or of engaging in disorderly or disruptive behavior. The measures shall include an analysis of the effectiveness of procedures adopted under G.S. 115C-105.48 for students referred to alternative schools and alternative learning programs.

- (9) **(Effective until July 1, 2006)** Professional development clearly matched to the goals and objectives of the plan.
- (9) **(Effective July 1, 2006)** Professional development clearly matched to the goals and objectives of the plan. This professional development shall include a component to train appropriate school personnel in the management of disruptive or dangerous student behavior. Appropriate school personnel may include, but is not limited to, teachers, teacher assistants, school administrators, bus drivers, school resource officers, school psychologists, and school counselors. The training shall include instruction in positive management of student behavior, effective communication for defusing and deescalating disruptive or dangerous behavior, and safe and appropriate use of seclusion and restraint. The appropriate personnel with priority for the training shall include those staff members who are most likely to be called upon to prevent or address disruptive or dangerous student behavior. Each local board of education shall include in this component of its safe school plan procedures to evaluate the effectiveness of this training in preventing or addressing disruptive or dangerous student behavior. Local boards of education are encouraged to use available sources of discretionary revenue to implement the plan to train personnel in the management of disruptive or dangerous student behavior. Local boards may only be required to implement the behavior management training component of the plan to the extent that funds have been appropriated for this purpose by the General Assembly or by local units of government. By January 1, 2006, local boards of education shall amend their safe school plans to include this training component.
- (10) A plan to work effectively with local law enforcement officials and court officials to ensure that schools are safe and laws are enforced.
- (11) A plan to provide access to information to the school community, parents, and representatives of the local community on the ongoing implementation of the local plan, monitoring of the local plan, and the integration of educational and other services for students into the total school program.
- (12) The name and role description of the person responsible for implementation of the plan.
- (13) Direction to school improvement teams within the local school administrative unit to consider the special conditions at their schools and to incorporate into their school improvement plans the appropriate components of the local plan for:

- a. maintaining safe and orderly schools; and
 - b. addressing the needs of students who are at risk of academic failure or who are disruptive or both.
- (13a) A clear statement of the services that will be provided to students who are assigned to an alternative school or an alternative learning program.
- (14) A clear and detailed statement of the planned use of federal, State, and local funds allocated for at-risk students and alternative schools and alternative learning programs.
- (15) Any other information the local board considers necessary or appropriate to implement this Article.

A local board may develop its plan under this section by conducting a comprehensive review of its existing policies, plans, statements, and procedures to determine whether they: (i) are effective; (ii) have been updated to address recent changes in the law; (iii) meet the current needs of each school in the local school administrative unit; and (iv) address the components required to be included in the local plan. The board then may consolidate and supplement any previously developed policies, plans, statements, and procedures that the board determines are effective and updated, meet the current needs of each school, and meet the requirements of this subsection.

Once developed, the board shall submit the local plan to the State Board of Education and shall ensure the plan is available and accessible to parents and the school community. The board shall provide annually to the State Board information that demonstrates how the At-Risk Student Services/Alternative Schools Funding allotment has been used to (i) prevent academic failure and (ii) promote school safety.

(c) A local board may amend the plan as often as it considers necessary or appropriate. (1997-443, s. 8.29(r)(1); 1999-397, s. 2; 2005-205, s. 4.)

§ 115C-105.47A. Proposals to establish alternative learning programs or alternative schools.

(a) Before establishing any alternative learning program or alternative school, the local board of education shall develop a proposal to implement the program or school that includes all of the following:

- (1) The educational and behavioral goals for students assigned to the program or school.
- (2) The policies and procedures for the operation of the program or school based on the State Board's standards adopted under G.S. 115C-12(24). The policies and procedures shall address the assignment of students to the program or school.
- (3) Identified strategies that will be used to improve student achievement and behavior.

- (4) Documentation that similar programs and schools in or out of the State, or both, have demonstrated success in improving the academic achievement and behavior of students assigned to them.
- (5) The estimated actual cost of operating the program or school. To the extent practicable, this shall include the cost of:
 - a. Staffing the program or school with teachers who have at least four years' teaching experience and who have received an overall rating of at least above standard on a formal evaluation and are certified in the areas and grade levels being taught;
 - b. Providing optimum learning environments, resources and materials, and high quality, ongoing professional development that will ensure students who are placed in the program or school are provided enhanced educational opportunities in order to achieve their full potential;
 - c. Providing support personnel, including school counselors, psychiatrists, clinical psychologists, social workers, nurses, and other professionals to help students and their families work out complex issues and problems;
 - d. Maintaining safe and orderly learning environments; and
 - e. Providing transitional supports for students exiting the program or school and reentering the referring school.
- (6) Documented support of school personnel and the community for the implementation of the program or school.

(b) After the local board completes the proposal under subsection (a) of this section, the board shall submit the proposal to the State Board of Education for its review. The State Board shall review the proposal expeditiously and, if appropriate, may offer recommendations to modify the proposal. The local board shall consider any recommendations made by the State Board before implementing the alternative learning program or alternative school. (2005-446, s. 2.)

§ 115C-105.48. Placement of students in alternative schools/alternative learning programs.

- (a) Prior to referring a student to an alternative school or an alternative learning program, the referring school shall:
 - (1) Document the procedures that were used to identify the student as being at risk of academic failure or as being disruptive or disorderly.
 - (2) Provide the reasons for referring the student to an alternative school or an alternative learning program.

(3) Provide to the alternative school or alternative learning program all relevant student records, including anecdotal information.

(b) When a student is placed in an alternative school or an alternative learning program, the appropriate staff of the alternative school or alternative learning program shall meet to review the records forwarded by the referring school and to determine what support services and intervention strategies are recommended for the student. The parents shall be encouraged to provide input regarding the students' needs. (1999-397, s. 2.)

§ 115C-397.1. Management and placement of disruptive students.

If, after a teacher has requested assistance from the principal two or more times due to a student's disruptive behavior, the teacher finds that the student's disruptive behavior continues to interfere with the academic achievement of that student or other students in the class, then the teacher may refer the matter to a school-based committee. The teacher may request that additional classroom teachers participate in the committee's proceedings. For the purposes of this section, the committee shall notify the student's parent, guardian, or legal custodian and shall encourage that person's participation in the proceedings of the committee concerning the student. A student is not required to be screened, evaluated, or identified as a child with special needs under this section. The committee shall review the matter and shall take one or more of the following actions: (i) advise the teacher on managing the student's behavior more effectively, (ii) recommend to the principal the transfer of the student to another class within the school, (iii) recommend to the principal a multidisciplinary diagnosis and evaluation of the student, (iv) recommend to the principal that the student be assigned to an alternative learning program, or (v) recommend to the principal that the student receive any additional services that the school or the school unit has the resources to provide for the student. If the principal does not follow the recommendation of the committee, the principal shall provide a written explanation to the committee, the teacher who referred the matter to the committee, and the superintendent, of any actions taken to resolve the matter and of the reason the principal did not follow the recommendation of the committee.

This section shall be in addition to the supplemental to disciplinary action taken in accordance with any other law. The recommendation of the committee is final and shall not be appealed under G.S. 115C-45(c). Nothing in this section shall authorize a student to refer a disciplinary matter to this committee or to have the matter of the student's behavior referred to this committee before any discipline is imposed on the student. (1997-443, s. 8.29(b).)

§ 115C-404. Use of juvenile court information.

(a) Written notifications received in accordance with G.S. 7B-3101 and information gained from examination of juvenile records in accordance with G.S. 7B-3100 are confidential records, are not public records as defined under G.S.

132-1, and shall not be made part of the student's official record under G.S. 115C-402. Immediately upon receipt, the principal shall maintain these documents in a safe, locked record storage that is separate from the student's other school records. The principal shall shred, burn, or otherwise destroy documents received in accordance with G.S. 7B-3100 to protect the confidentiality of the information when the principal receives notification that the court dismissed the petition under G.S. 7B-2411, the court transferred jurisdiction over the student to superior court under G.S. 7B-2200, or the court granted the student's petition for expunction of the records. The principal shall shred, burn, or otherwise destroy all information gained from examination of juvenile records in accordance with G.S. 7B-3100 when the principal finds that the school no longer needs the information to protect the safety of or to improve the educational opportunities for the student or others. In no case shall the principal make a copy of these documents.

(b) Documents received under this section shall be used only to protect the safety of or to improve the education opportunities for the student or others. Information gained in accordance with G.S. 7B-3100 shall not be the sole basis for a decision to suspend or expel a student. Upon receipt of each document, the principal shall share the document with those individuals who have (i) direct guidance, teaching, or supervisory responsibility for the student, and (ii) a specific need to know in order to protect the safety of the student or others. Those individuals shall indicate in writing that they have read the document and that they agree to maintain its confidentiality. Failure to maintain the confidentiality of these documents as required by this section is grounds for the dismissal of an employee who is not a career employee and is grounds for dismissal of an employee who is a career employee, in accordance with G.S. 115C-325(e)(1)i.

(c) If the student graduates, withdraws from school, is suspended for the remainder of the school year, is expelled, or transfers to another school, the principal shall return all documents not destroyed in accordance with subsection (a) of this section to the juvenile court counselor and, if applicable, shall provide the counselor with the name and address of the school to which the student is transferring. Requested by: Senators Daniel, Plyler, Representatives Nesbitt, Diamont

TITLE OF ACT

Sec. 2. This act shall be known as the Current Operations Appropriations Act of 1993.

SAFE SCHOOLS

Sec. 139. (a) Of the funds appropriated to Aid to Local School Administrative Units, the sum of two million five hundred thousand dollars (\$2,500,000) for the 1993-94 fiscal year and the sum of two million five hundred thousand dollars (\$2,500,000) for the 1994-95 fiscal year shall be used to provide grants for local school administrative units for locally designed innovative local programs to make schools safe for students and school employees. These funds shall be used for grants of from fifty thousand dollars (\$50,000) to one hundred thousand dollars (\$100,000) per year to local school administrative units. These funds may be used for continuing or noncontinuing expenses.

A local school administrative unit may apply for a grant, or two or three adjacent local school administrative units may apply jointly for a grant. Applicants for grants shall submit to the State Board of Education an application that includes the following information:

- (1) An assessment of local problems with regard to violence and harassment, including sexual and other forms of harassment, in the schools prepared by a local task force of educators, parents, students, community leaders, and representatives of social services and law enforcement, appointed by the local board of education.
- (2) A detailed plan for addressing these local problems, including proposed goals and anticipated outcomes, prepared after consultation with the task force.
- (3) A statement of how the grant funds would be used to address these local problems and what other resources would be used to address the problems.
- (4) A process for assessing on an annual basis the success of the local plan for addressing problems with regard to violence and harassment in the schools.

The Superintendent of Public Instruction shall appoint a State task force to assist the Superintendent in reviewing grant applications. The State task force shall include representatives of the Department of Public Instruction, local school administrative units, educators, parents, the juvenile justice system, social services, and nongovernmental agencies providing services to children, and other members the Superintendent deems appropriate. In reviewing grant applications, the Superintendent and the State task force shall consider the severity of the local problems with regard to violence in the schools and the likelihood that the locally designed plan will deal with the problems successfully.

The State Board of Education shall consider the recommendations of the Superintendent in selecting grant recipients. The State Board shall also attempt to give grants to local school administrative units that are located geographically throughout the State, that have different demographic profiles, and that propose different approaches to their problems. The State Board shall select grant recipients prior to January 1, 1994.

The Superintendent of Public Instruction shall administer the grant program and provide technical assistance to grant applicants and recipients.

The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to March 15, 1994, and prior to January 15, 1995, on how the funds are being used.

- (b) G.S. 115C-12 is amended by adding a new subdivision to read:
"(21) Duty to Monitor Acts of School Violence. – The State Board of Education shall monitor and compile an annual report on acts of violence in the public schools. The State Board shall adopt standard definitions for acts of school violence and shall require local boards of education to report them to the State Board in a standard format adopted by the State Board."
- (c) G.S. 115C-47 is amended by adding a new subdivision to read:

"(36) To Report All Acts of School Violence. – Local boards of education shall report all acts of school violence to the State Board of Education in accordance with G.S. 115C-12(21)."

(d) G.S. 115C-81 is amended by adding a new subsection to read:

"(a4) Conflict Resolution and Mediation Models: The State Board of Education shall develop a list of recommended conflict resolution and mediation materials, models, and curricula that address responsible decision making, the causes and effects of school violence and harassment, cultural diversity, and nonviolent methods for resolving conflict, including peer mediation and shall make the list available to local school administrative units and school buildings by the beginning of the 1994-95 school year. In developing this list, the Board shall emphasize materials, models, and curricula that currently are being used in North Carolina and that the Board determines to be effective. The Board shall include at least one model that includes instruction and guidance for the voluntary implementation of peer mediation programs and one model that provides instruction and guidance for teachers concerning the integration of conflict resolution and mediation lessons into the existing classroom curriculum."

Administrative Procedures Act (APA) Reference Number and Category:

(This policy addresses Certification of Compliance with Unsafe School Choice Option Requirements as required in the Consolidated Plan for No Child Left Behind.)

1. The following definitions apply to this policy.
 - a. Violent criminal offenses are the following crimes as reported in the *"Report on School Crime and Violence"*:
 - Homicide
 - Assault Resulting in Serious Bodily Injury
 - Assault Involving Use of a Weapon
 - Rape
 - Sexual Offense
 - Sexual Assault
 - Kidnapping
 - Robbery with a Dangerous Weapon
 - Robbery
 - Taking Indecent Liberties with a Minor
 - b. A persistently dangerous school is a public elementary, middle or secondary school or a charter school in which a total of five or more violent criminal offenses were committed per 1000 students (0.5 or more per 100 students) during each of the two most recent school years and in which the conditions that contributed to the commission of those offenses are likely to continue into another school year.
2. Along with the annual Report on School Crime and Violence, the Superintendent for each LEA shall write and inform the State Board of Education of:
 - a. All the public schools within that LEA that have reported a total of five or more violent criminal offenses were committed per 1000 students (0.5 or more per 100 students) during the most recent school year; and

- b. All the public schools within that LEA that have reported a total of five or more violent criminal offenses were committed per 1000 students (0.5 or more per 100 students) during each of the two most recent school years.
3. No later than June 30 of any year, the chairman of the board of directors of the nonprofit corporation that holds the charter for a charter school shall notify the State Board of Education:
 - a. Whether five or more violent criminal offenses were committed per 1000 students (0.5 or more per 100 students) in a charter school during the most recent school year; and
 - b. Whether five or more violent criminal offenses were committed per 1000 students (0.5 or more per 100 students) in a charter school during each of the two most recent school years.
4. Whenever the State Board of Education has information that five or more violent criminal offenses were committed per 1000 students (0.5 or more per 100 students) in a public elementary, middle or secondary school or a charter school during each of the two most recent school years, the State Board of Education shall provide the local board of education or the nonprofit corporation that holds the charter for the school the opportunity to report on conditions in the school and any plans it may have to eliminate the conditions that contributed to the commission of the violent criminal offenses.
5. After consideration of that report and consultation with a representative sample of local educational agencies or charter schools, the State Board of Education shall determine whether the school is a persistently dangerous school, whether the school should be placed on probation, or whether no additional interventions are necessary to protect students from violent crimes.
6. During the probationary year, the school shall implement additional strategies to protect students from violent criminal offenses and incorporate them into the Safe Schools Plan.
7. If at any time during the probationary year, the State Board of Education determines that conditions that contributed to the commission of the violent criminal offenses in the school have not been eliminated, then the State Board of Education may determine that the school is a persistently dangerous school.
8. Once the State Board has determined that a school is a persistently dangerous school, the school shall retain that designation for at least one full school year.
9. Students assigned to a school which the State Board of Education has determined to be persistently dangerous shall be allowed to attend another school in the LEA which is not designated a persistently dangerous school, provided there is such a school in the LEA which offers instruction at the student's grade level.

10. Any student who is the victim of a violent criminal offense committed against him or her while he or she was in or on the grounds of a public elementary, middle or secondary school or charter school that he or she attends shall be allowed to attend another school in the LEA, provided there is such a school in the LEA which offers instruction at the student's grade level and provided the student's choice shall not be limited to persistently dangerous schools.
11. Local school systems shall establish a process for assuring any student who has the right to transfer from a school under this policy is allowed to transfer to a school in the LEA which is not persistently dangerous. The process must be included in the system's Safe School Plan.
12. The LEA shall report each student transfer effected pursuant to this policy to the State Board of Education in its "Report on School Crime and Violence."
13. Nothing in this policy shall be construed to grant any student the right to attend a charter school, grant any student a preference in admission to a charter school or limit a student's right to transfer from a charter school.

Appendix IV

Reportable Offenses

1. Assault Resulting in Serious Injury. An intentional physical attack causing the victim obvious severe or aggravated bodily injury involving (a) broken bones, loss of teeth, possible internal injuries; severe lacerations and bleeding; or loss of consciousness; and/or (b) requiring emergency medical services by trained school personnel or other health professionals (e.g. EMS) and/or hospitalization. If the offender used a weapon in an assault resulting in serious injury, report both Assault Resulting in Serious Injury and Assault Involving Use of a Weapon. Fights or affrays, where no weapon was used, resulting in no apparent or serious injuries are not required by state law to be reported, even if the incident resulted in suspensions or expulsion for the student. Local School Board policy may require reporting of fights or affrays to law enforcement. (State law G.S. 115C-391 requires that local boards of education remove to an alternative educational setting any student who is at least 13 and who physically assaults and seriously injures a teacher or other school personnel. If no appropriate alternative education setting is available, then the board shall suspend for no less than 300 days but no more than 365 days any student who is at least 13 and who physically assaults and seriously injures a teacher or other school personnel.)

2. Assault Involving Use of a Weapon. An assault by one person against another where the attacker either uses a weapon or displays a weapon in a threatening manner. Weapon is defined as: Any firearm or explosive device; force-impacting device; knife or sharp-edged or sharp-pointed utensil, device or tool; or any article, instrument or substance which can or is likely to produce death or great bodily harm. If a firearm or other weapon is used in the commission of any offense, the type of weapon must be identified in the WEAPON field of the USDDC.

3. Assault on School Personnel. An assault is an intentional physical attack by one person on another. An assault is either the actual intentional striking of another person, or an attempt to physically strike another by an intentional show of force or menace of violence sufficient to put a reasonable person in fear of immediate physical injury. This offense includes assaults on school personnel that do not involve use of a weapon and do not result in apparent serious injury. If apparent serious injury to school personnel results from the assault, report as Assault Resulting in Serious Injury. If the assault involves use of a weapon, report as Assault Involving Use of a Weapon. Victims included in this category are school administrators, education professionals (e.g. teachers), classified staff members (e.g. custodial, clerical), and adult volunteers. Acts which would not be reported are things such as unintentional pushing and jostling, as in a crowd; a school staff member who is accidentally struck while attempting to break up a fight or affray; or a volunteer who is knocked down by a student carelessly rushing through a door. Verbal threats to physically attack are not included unless they are accompanied by an act that is an intentional show of force or menace of violence sufficient to put a reasonable person in fear of immediate physical injury.

4. **Bomb Threat**⁴ (See G.S. 14-69.1 and 14-69.2). Making or communicating a false bomb threat in any form, including a computer message; or perpetrating a bomb threat hoax by bringing a fake explosive device, whether openly or concealed, onto school property or to school-sponsored events (both are considered Class H felonies by G.S. 14-69.1 and G.S. 14-69.2).

5. **Burning of a School Building** (See G.S. 14-60). Any person who maliciously and willfully sets fire to, burns or causes to be burned (i.e. aids, directs or procures the burning of) any school building owned, leased or used by the public schools (considered a Class F felony by G.S. 14-60).

6. **Death By Other Than Natural Causes.** The killing of a living person, done either by another or by suicide. Acts to be reported under this category include murder, manslaughter, death by vehicle, killing in self-defense, killing done by an insane person, accidental killing and suicide. Killing is to be reported if either the death or the act causing it occurred on school property, and regardless of whether the victim is associated with the school. Examples of incidents to be reported are the accidental death of a child in a school bus accident, or a victim on school property shot by someone located on or off school property.

7. **Kidnapping.** Confining, restraining or removing from one place to another a person, without his/her or the victim's or a minor victim's parents' consent, for the purpose of committing a felony; or holding a victim as hostage or for ransom, or for use as a shield. A parent taking a child in violation of a court order, although it may be a crime, is not kidnapping for this purpose.

8. **Possession of Alcoholic Beverage**⁵ (See G.S. 18B-300 to 302). Any underage person who purchases, provides or sells to another, possesses or has in his/her immediate custody or control, or consumes malt beverages, fortified or unfortified wine, or spirituous liquor, in any amount or form, on school property owned or leased by the local board of education, or at school-sponsored events (comparable to a misdemeanor violation by G.S. 18B-102 and G.S. 18B-300, 301 and 302).

9. **Possession of Controlled Substance in Violation of Law.** Possession of narcotic drugs on or in the immediate control of the person. Narcotic drugs include any form of cocaine, marijuana, heroin, LSD, methamphetamine, and all drugs listed in the North Carolina Controlled Substances Act. Possession of any amount in any form must be reported. Unauthorized possession of a prescription drug (e.g., Ritalin) is included in this category. The principal should confer with law enforcement personnel when in doubt as to whether a drug is a controlled substance. Alcohol possession should be reported as Possession of Alcoholic Beverage.

⁵ Because this definition is a summary of lengthy and detailed legislation, users of the definition should consult their school board attorney or the <http://www.ncga.state.nc.us/statutes/toc-1.html> website for further details or clarifications regarding its use.

10. Possession of a Firearm or Powerful Explosive.⁶ Any unauthorized person possessing on their person or within their custody or control, or storing, or carrying, whether openly or concealed, locked or unlocked, any firearm or powerful explosive, whether operable or inoperable, on school property; or bringing such a device onto school property. Persons authorized to carry weapons on school property are law enforcement officers, firefighters, and emergency service personnel *when discharging their official duties* (State law G.S. 115C-391 requires that local boards of education suspend for 365 days any student who brings a “weapon” onto school property. Weapons are defined as any gun, rifle, pistol, or other firearm of any kind, or any dynamite cartridge, bomb, grenade, mine or other powerful explosive, as defined in G.S. 14-284.1; and this does not apply to fireworks. Superintendents may modify the suspension on a case-by-case basis, but a written explanation for the decision must be included with the school’s Annual Report on School Crime and Violence). The type of any firearm(s) that is/are involved must be identified in the WEAPON field of the USDDC.

11. Possession of a Weapon. Possessing on their person or within their custody or control, storing, or carrying, by any unauthorized person, whether openly or concealed, a weapon, excluding firearms and powerful explosives, defined as follows: Any BB gun, stun gun, air rifle, air pistol, bowie knife, dirk, dagger, slungshot, leaded cane, switchblade knife, blackjack, metallic knuckles, razors and razor blades, any sharp pointed or edged instrument except instructional supplies, unaltered nail files and clips and tools used solely for preparation of food, instruction and maintenance. This category covers possession of all weapons, other than firearms and powerful explosives, which the law prohibits on educational property (N.C.G.S. § 14-269.2). Persons authorized to possess such weapons are law enforcement officers, firefighters and emergency service personnel when discharging their official duties. Report type of weapon unlawfully possessed in the WEAPON field of the USDDC.

12. Rape. Rape may be statutory or forcible. Forcible Rape is vaginal intercourse committed by force and without the consent of the victim, regardless of age. Statutory Rape is vaginal intercourse committed on a child under the age of 16 by a person who is at least 12 years old and at least 4 years older than the victim, regardless of whether the victim consented. Consensual vaginal intercourse between a 13, 14 or 15 year old girl or boy and a 16 year old girl or boy is not a crime; statutory rape requires at least four years between birthdays of the victim and perpetrator. Some examples of incidents which must be reported under this category are consensual intercourse between a 19-year old and a 15-year old; consensual intercourse with a person who is mentally handicapped or incapacitated, or physically helpless, regardless of whether the victim consented; or intercourse with an intoxicated or drugged victim who is too incapacitated to give consent.

⁶Because “Bomb Possession” involves the G.S. 14-269.2 definition of a bomb or “powerful explosive” as a **felony-level weapon** (G.S. 14-269.2 (b1)), as differentiated from a felony “firearm” weapon (G.S. 14-269.2 (b)), former definitions of “possession of a firearm” and “possession of a (misdemeanor) weapon” have been revised.

13. Robbery With a Dangerous Weapon (Armed Robbery). Theft or attempted theft of anything of value from the person of another, or from the area under the immediate bodily control of the other, by using a dangerous weapon or by an act threatening use of a dangerous weapon. A dangerous weapon is any article, instrument or substance that is likely to produce death or great bodily harm. Forcible theft or attempted theft from a person without the use of a dangerous weapon should be reported under Robbery Without a Dangerous Weapon. Report type of weapon used in the WEAPON field of the USDDC.

14. Robbery Without a Dangerous Weapon. The taking or attempting to take anything of value from another's person, by force, or by an act threatening force or violence, which puts a victim in fear, without the use of a weapon. The stealing of someone's property without the use of force or from a source other than the victim's person is not included in this offense. If the taking from the person involves use of a dangerous weapon the incident is reported under Robbery With a Dangerous Weapon.

15. Sexual Assault (Not Involving Rape or Sexual Offense). An assault of a sexual nature. An unauthorized and unwanted, intentional, or forcible touching of a sex organ of a person of the opposite sex. Sex organs are the breasts of females and genital areas of males and females. This category includes forcibly and intentionally grabbing the clothed or unclothed breast or genitals of a person of the opposite sex, without the consent of the victim. Report attempted rape and attempted sexual offense under this category. The difference between Sexual Assault and Sexual Offense is that Sexual Assault involves forcible and intentional touching without penetration of a sex organ, and Sexual Offense involves penetration of a sex organ or anus by any object, or touching another's mouth or anus by the male sex organ.

16. Sexual Offense. Sexual Offense may be forcible or statutory. Forcible Sexual Offense is actual oral-genital contact, or penile-anal penetration, or insertion of any object, including a finger, into the genital or anal opening of another person's body, committed by force and without the consent of the victim. Statutory Sexual Offense is any of the above acts committed on a child under the age of 16 by a person who is at least 12 years old and at least 4 years older than the victim, regardless of whether the victim consented. Statutory Sexual Offense is also any of the above acts committed on a person who is mentally handicapped or incapacitated or physically helpless, regardless of whether the victim consented. The difference between Rape and Sexual Offense is that Rape involves vaginal intercourse only, and Sexual Offense involves oral-genital contact, penile-anal penetration, or genital or anal penetration by any object.

17. Taking Indecent Liberties With A Minor. Committing a sexual act with or in the presence of a child under the age of 16 years, by a person at least age 16 and at least five years older than the child, for sexual gratification, regardless of whether force was used, or whether the victim consented. Examples of acts to be reported under this category are intentional exposure of genitals in front of a child; showing a child pornography, secretly or in the child's presence; or photographing girls changing clothes or using toilets, if these acts are done for sexual gratification.
