Description:

The Cooperative Innovative High School program follows a multi-step annual process for approving programs, assessing and approving program exemptions for the State Board of Education as well as North Carolina Community College Board policies and procedures. The current process unnecessarily burdens personnel at the school districts and at the NCDPI. It requires significant time to be used to identify required waivers at the school district and at NCDPI to prepare for SBE approval. In most cases, the exemptions requested are routine, having been repeatedly approved for similar programs in past years. A similar procedure used by the NCCCS Board requires additional time.

NCDPI Academic Services and Instructional Support proposes that the routine waivers included in this item become part of the Cooperative Innovative program approval process and be granted automatically with program approvals, thus saving school districts from identifying and requesting these waivers. Any exemptions not clearly identified here should be considered non-routine and will, as in the past, require an explicit request and approval by the SBE.

Resources:**Input Process:**

NC Community Colleges, NC Universities, NC DPI, New Schools Project

Stakeholders:

LEAs, Early Colleges, NC Community Colleges, NC Universities, New Schools Project, NC DPI Academic Services Staff

Timeline For Action:

This item is being presented for Discussion at the May 2009 SBE meeting and will be brought back for Action at the June 2009 SBE meeting.

Recommendations:

It is recommended that the SBE approve routine waiver exemptions to become a part of the application process. It is also recommended that the State Board Chair be authorized to approve these routine waivers for LEAs that are opening innovative programs not requiring Board approval.
