**Presenter(s):** Dr. Jesse Dingle (Director, Talent Management and Development)

**Description:**

Based on the new standards for teachers and school executives a new evaluation instrument and evaluation policies were approved by the State Board of Education at the June 2008 meeting. Currently, ratings from these two instruments are not required to be collected by the State. Access by the SBE to these ratings would allow for further validation of these two instruments as well as provide quantitative-based research data that could help improve classroom instruction and school-based leadership.
